The Routledge Handbook of Tourism in Asia C. Michael Hall, Stephen J. Page, 2016-09-13 Asia is regarded as the fastest growing area for international and domestic tourism in the world today and over the next 20 years Given the economic social and environmental importance of tourism in the region there is a need for a comprehensive and readable overview of the critical debates and controversies in tourism in the region and the major factors that are affecting tourism development both now and in the foreseeable future This Handbook provides a contemporary survey of the region and its continued growth and development as a key destination and generator of tourism which is marked by a high proportion of intra regional travel The book is divided into five sections This first section provides an introduction to the region and context to the nationally focused chapters The next three sections are then broadly based on the three UNWTO Asian regions South East Asia South and Central Asia and East and North East Asia providing readers with a valuable snapshot of tourism at various scales and from various approaches and positions The concluding section considers future prospects for tourism in Asia The handbook is interdisciplinary in coverage and is also international in scope through its authorship and content It presents a range of perspectives and understanding of the processes and forces that are shaping tourism in this fascinating and dynamic region that is one of the focal points of global tourism This is essential reading for students researchers and academics interested in tourism in the growth region of Asia now and in the future

Backpacker Tourism and Economic Development Mark P. Hampton, 2013-07-18 There has been a phenomenal growth of backpacker tourism from the overland routes to India in the 1960s to present day backpacker tourism across the less developed world As a result there has been significant economic development impacts of backpacker tourism upon local communities especially in areas with the largest concentrations of backpackers South and South East Asia particularly Thailand Indonesia Malaysia and India as well as increasingly in Latin America This volume provides a focused review of the economic development impacts of backpacker tourism in developing regions furthering knowledge on how backpacker tourism can play a crucial role in development strategies in these areas First it reviews the origins of the backpackers with a detailed examination of their hippy predecessors on the overland trail before discussing the emergence of

modern backpackers including social and cultural aspects and how new technologies are changing their experience It then analyses the powerful economic development impacts of backpackers on local host communities in cities and rural areas with a special focus on coastal destinations Extensive case study material is used from backpacker destinations across Asia Latin America and Africa In doing so the book provides original insights into how backpacker tourism is highly significant for poverty alleviation and effective local development since it has strong linkages to the local economy and less economic leakage than conventional tourism Written by a leading academic in this area this volume will be of interest to students of Tourism and Development Studies

Marketing Nature-oriented Tourism for Rural Development and Wildlands Management in Developing Countries C. Denise Ingram, Patrick B. Durst, 1987 *Tourism in Pacific Islands* Stephen Pratt, David Harrison, 2015-02-20 Pacific Island Countries have been shown to be especially vulnerable to such external influences as natural disasters political unrest and downturns in the global economy and their tourism industries have been notably affected In particular they typically have a narrow resource base and a fragile and often vulnerable natural environment While there is some research on islands and small states there is a dearth of information on the South Pacific and very little research is being undertaken in the region compared to other geographical regions in the world This volume brings together current work in Pacific Island tourism In this collection three main themes arise Images of the South Pacific Socio economic Impacts of Tourism and Pacific Island Countries and the Outside World The first focus is on the question of image namely stereotypes of a destination held by tourists and potential tourists the extent to which residents for their part really welcome visitors and the role tourism might play in changing pre established images The second theme is tourism s impacts notably the economic and socio cultural effects of international tourism s intrusion in the region which though often hotly debated have attracted relatively little empirical research The third focus is on the challenges of how PICs articulate with their external geo political and physical environment These involve existing relations with formal colonial centres

geographical isolation the need for greater air access to the outside world and for more tourists and the continuing threat to several PICs of global warming which increased air travel will inevitably exacerbate This text will be of interest to tourism students researchers and academics in the fields of tourism development studies and cultural studies
