The Justice Motive in Social Behavior Melvin J. Lerner, Sally C. Lerner, 2013-11-11 This volume was conceived out of the concern with what the imminent future holds for the have countries those societies such as the United States which are based on complex technology and a high level of energy consumption Even the most sanguine projection includes as base minimum relatively rapid and radical change in all aspects of the society reflecting adaptation or reactions to demands created by potential threat to the technological base sources of energy to the life support system itself Whatever the source of these threats whether they are the result of politically endogenous or exogenous forces they will elicit changes in our social institutions changes resulting not only from attempts to adapt but also from unintended consequences of failures to adapt One reasonable assumption is that whatever the future holds for us we would prefer to live in a world of minimal suffering with the greatest opportunity for fulfilling the human potential The question then becomes one of how we can provide for these goals in that scenario for the imminent future a world of threat change need to adapt diminishing access to that which has been familiar comfortable needed

The Conflict Helix R. J. Rummel, This is a book on conflict and consensus aimed at the general reader In active plain and direct language it makes the seemingly abstract and complex issues simple Its view of peace is well rounded tough minded one that well understands the difficult world of social and personal violence and conflict At its heart is a simple finding to wage peace we need to foster freedom The human race can best achieve that simple aim by leaving people alone to form their own communities The Conflict Helix avoids the ambiguous in favor of the categorical the hedged qualified statement for the direct Rummel presents a series of basic principles each concerning an aspect of conflict and peace psychological interpersonal societal international and each aspect having its own master principle These principles are not mere organizational props but are deeply theoretical and empirically fundamental The volume expresses the core ideas results and conclusions of Rummel's major five volume work on Understanding Conflict and War In discarding technical material and focusing on principles and meaning The Conflict Helix presents an executive summary of a lifetime of work in a digestible form In light of recent events in Europe Asia and Latin American this work takes on a special poignancy for the developing no less than the industrialized worlds Hence this book should be of value to the general reader as well as professionals and advanced students of international politics

Administration and Law Julia Beckett, Heidi O. Koenig, 2015-02-12 *Public Administration and Law* has been edited for use as a supplement for an undergraduate or MPA level course on administrative law The selections all from the pages of *Public Administration Review* have been chosen to enlighten and enliven the contents of any standard administrative law textbook Each of the book s main sections begins with introductory text and discussion questions by the volume editors Julia Beckett and Heidi Koenig followed by relevant readings from PAR The book s contents follow the standard pattern established by the field s major textbooks to facilitate the instructor s ability to assign readings that illuminate lectures and text material The book concludes with two invaluable resources a bibliography of 65 years of PAR articles concerning public law plus a bibliography of law related articles appearing in other journals published by ASPA *The Sense of Injustice* Robert G.

Folger, 2012-12-06 The importance of justice cannot be overstated As one author has put it A better understanding of how justice concerns develop and function in people s lives should enable us to plan more effectively for institutional and other social change to deal with the problems that confront humankind S C Lerner 1981 p 466 The volume in which that statement appeared an earlier one in this same series was devoted to exploring the impact that dwindling resources and an increasing rate of change have had upon people s concern for justice In contrast the present volume places greater emphasis on the word under standing as it was used in the context of the preceding quotation than upon effective planning social change and ways of dealing with human problems Nothing in that statement of purpose is meant to belittle the urgency of translat ing understanding into action because the social significance of justice concerns is a major factor that has prompted the authors of the chapters in this book to do research in the area Rather this volume receives its emphasis from Kurt Lewin s famous dictum there is nothing so practical as a good theory The need for good theory is ongoing and these pages are dedicated to a search for new pathways toward better theory *International Journal of Group Tensions* , 1975 *Bibliography On World*

tematischen Verbindung der bisher weitgehend getrennten Theorie und Forschungsstraditionen sozialer Ungleichheit und kollektiven Handelns haben wir neue Impulse erwartet Obwohl die beiden Teile der Protheorie als systematisches Ganzes aufgebaut sind haben wir uns bemüht den zweiten Teil so zu schreiben da er unabhängig vom ersten Teil lesbar und verständlich ist Hieraus erklären sich einige gedruckte Wiederholungen die die selben Probleme in andere Zusammenhänge stellen In der Einleitung haben wir im Vorgriff den Gesamtzusammenhang der Argumentation skizziert Was hält Partnerschaften zusammen?
