The textile art of Peru José Antonio de Lavalle, 1993 *Woven Stories* Andrea M. Heckman, 2003 The Quechua people of southern Peru are both agriculturalists and herders who maintain large herds of alpacas and llamas But they are also weavers and it is through weaving that their cultural traditions are passed down over the generations Owing to the region's isolation the textile symbols forms of clothing and technical processes remain strongly linked to the people's environment and their ancestors Heckman's photographs convey the warmth and vitality of the Quechua people and illustrate how the land is intricately woven into their lives and their beliefs Quechua weavers in the mountainous regions near Cuzco Peru produce certain textile forms and designs not found elsewhere in the Andes Their textiles are a legacy of their Andean ancestors Andrea Heckman has devoted more than twenty years to documenting and analyzing the ways Andean beliefs persist over time in visual symbols embedded in textiles and portrayed in rituals Her primary focus is the area around the sacred peak of Ausangate in southern Peru some eighty five miles southeast of the former Inca capital of Cuzco The core of this book is an ethnographic account of the textiles and their place in daily life that considers how the form and content of Quechua patterns and designs pass stories down and preserve traditions as well as how the ritual use of textiles sustain a sense of community and a connection to the past Heckman concludes by assessing the influences of the global economy on indigenous Quechua who maintain their own worldview within the larger fabric of twentieth century cultural values and hence have survived everything from Latin American militarism to a tidal wave of post modern change **Woven Masterpieces**, 1985 *Peruvian Textiles* Jane Feltham, 1989 Textile Fabrics of Ancient Peru William Henry Holmes, 1889 **The Inca World** Laura Laurencich Minelli, 2000 This lavishly illustrated volume based on extensive archeological research and Spanish colonial documentation provides important insights into many questions and contradictions regarding the Inca Empire 337 illustrations 106 in color 12 maps Textiles of Ancient Peru and Their Techniques Raoul d'.
