Texts From The Time Of Nebuchadnezzar:

Texts from the Time of Nebuchadnezzar David B. Weisberg,1980 **Texts from the Time of Nebuchadnezzar** David B. Weisberg,1980-01-01 The Gentile Times Reconsidered Carl Olof Jonsson,2021-10-21 The Gentile Times Reconsidered by Swedish author Carl Olof Jonsson is a scholarly treatise based on careful and extensive research including an unusually detailed study of Assyrian and Babylonian records relative to the date of Jerusalem s destruction by Babylonian conqueror Nebuchadnezzar The publication traces the history of a long string of interpretation theories connected with time prophecies extracted from the Bible books of Daniel and Revelation beginning with those from Judaism in the early centuries through Medieval Catholicism the Reformers and into nineteenth century British and American Protestantism It reveals the actual origin of the interpretation which eventually produced the date of 1914 as a predicted year for the end of the Gentile Times a date adopted and proclaimed worldwide to this day by the religious movement known as Jehovah s Witnesses The importance of this date for the exclusive claims of the movement is repeatedly stressed in its publications The Watchtower of October 15 1990 for example states on page 19 For 38 years prior to 1914 the Bible Students as Jehovah s Witnesses were then called pointed to that date as the year when the Gentile Times would end What outstanding proof that is that they were true servants of Jehovah The book contains a helpful discussion of the application of the Biblical prophecy regarding the seventy years of Babylonian domination of Judah Readers will find the information refreshingly different from any other publication on this topic Neo-Babylonian Court Procedure Shalom E. Holtz,2009 Even though scholars have known of Neo Babylonian legal texts almost since Assyriology s very beginnings no comprehensive study of court procedure has been undertaken This lack is particularly glaring in light of studies of court procedure in earlier periods of Mesopotamian history With these studies as a model this book begins by presenting a comprehensive classification of the text types that made up the tablet trail of records of the adjudication of legal disputes in the Neo Babylonian period In presenting this text typology it considers the texts legal function within the adjudicatory process Based on this the book describes the adjudicatory process as it is attested in private records as well as in records from the Eanna at Uruk *Cuneiform Texts in The Metropolitan Museum of Art Volume IV: The Ebabbar Temple Archive and Other Texts from the Fourth to the First Millenium B.C.* Ira Spar,Michael Jursa,2014-08-01 This long anticipated work is the fi nal volume of the CTMMA series and completes the publication of all the cuneiform inscribed tablets and inscriptions excluding those on sculptures reliefs and seals in the collection of The Metropolitan Museum of Art Published are 183 texts that include 154 cuneiform tablets and tablet fragments one inscribed clay bulla fourteen clay cylinders fi ve clay prisms and four stone inscriptions Economic and Administrative texts are from Sippar Babylon Kish Dilbat Nippur Drehem Uruk and other sites in Babylonia and ancient Iran First millennium B C royal inscriptions date to the reigns of Ashurnasirpal Sennacherib Esarhaddon Ashurbanipal Nebuchadnezzar and Nabonidus The texts are organized in fi ve parts Part One contains Neo and Late Babylonian economic

Fault, Responsibility, and Administrative Law in Late Babylonian Legal Texts F. Rachel Magdalene, Cornelia Wunsch, Bruce Wells, 2019-10-24 This book presents a reassessment of the governmental systems of the Late Babylonian period specifically those of the Neo Babylonian and early Persian empires and provides evidence demonstrating that these are among the first to have developed an early form of administrative law The present study revolves around a particular expression that in its most common form reads *u a rri i adda* and can be translated as he will be guilty of an offense against the king The authors analyze ninety six documents thirty two of which have not been previously published discussing each text in detail including the syntax of this clause and its legal consequences which involve the delegation of responsibility in an administrative context Placing these documents in their historical and institutional contexts and drawing from the theories of Max Weber and S N Eisenstadt the authors aim to show that the administrative bureaucracy underlying these documents was a more complex systematized and rational system than has previously been recognized Accompanied by extensive indexes as well as transcriptions and translations of each text analyzed here this book breaks new ground in the study of ancient legal systems

An Introduction to Akkadian Literature Alan Lenzi, 2020-01-10 This book initiates the reader into the study of Akkadian literature from ancient Babylonia and Assyria With this one relatively short volume the novice reader will develop the literary competence necessary to read and interpret

Akkadian texts in translation and will gain a broad familiarity with the major genres and compositions in the language The first part of the book presents introductory discussions of major critical issues organized under four key rubrics tablets scribes compositions and audiences Here the reader will find descriptions of the tablets used as writing material the training scribes received and the institutional contexts in which they worked the general characteristics of Akkadian compositions with an emphasis on poetic and literary features and the various audiences or users of Akkadian texts The second part surveys the corpus of Akkadian literature defined inclusively canvassing a wide spectrum of compositions Legal codes historical inscriptions divinatory compendia and religious texts have a place in the survey alongside narrative poems such as the Epic of Gilgamesh Enuma elish and Babylonian Theodicy Extensive footnotes and a generous bibliography guide readers who wish to continue their study Essential for students of Assyriology An Introduction to Akkadian Literature will also prove useful to biblical scholars classicists Egyptologists ancient historians and literary comparativists Reading Daniel as a Text in Theological Hermeneutics Aaron B Hebbard, 2011-08-25 Employing such disciplines as historical criticism literary criticism narrative theology and hermeneutics Reading Daniel as a Text in Theological Hermeneutics seeks to maintain an interdisciplinary approach to the Book of Daniel Through this approach the author sets out to understand and interpret the Book of Daniel as a narrative exercise in theological hermeneutics Two inherently linked perspectives are utilised in this particular reading of the text First is the perception that the character of Daniel is the paradigm of the good theological hermeneut theology and hermeneutics are inseparable and converge in the character of Daniel Second is the standpoint that the Book of Daniel on the whole should be read as a hermeneutics textbook Readers are led through a series of theories and exercises meant to be instilled into their theological intellectual and practical lives Attention to the reader of the text is a constant theme throughout this thesis The author s concern is primarily with contemporary readers and their communities and so greater emphasis is placed on what the Book of Daniel means for contemporary readers than on what it meant in its historical setting However sensible consideration is given to the historical readerly community with which contemporary readers find continuity In the end readers are left with difficult challenges a sobering awareness of the volatility of the business of hermeneutics and serious implications for readers to implement both theologically and hermeneutically
