Texts In Concept Traditional Hermeneutics In South Asia:

Texts in Context Jeffrey R. Timm, 1992-01-01 The major religious traditions of South Asia are religions of the book All accept basic arrays of texts of scriptures often seen as sacred reservoirs of meaning and power The West has viewed these texts as bibles of their respective traditions projecting onto them Western values and concerns This book challenges such misconceptions by revealing the complex character of scripture and its interpretation in South Asian religions Texts in Context explores the hermeneutical traditions of Hinduism Buddhism Jainism Islam and Sikhism The question of how we should understand the diversity of text traditions is approached by asking How have traditional thinkers the exegetes within these traditions understood and utilized scripture The answers though remarkably diverse do reveal important similarities and take the discussion of scripture in India to a deeper level This book makes accessible to the non specialist sensibilities and approaches that have previously received little attention in the West but have formed the basis for traditional efforts to understand and utilize scripture It is a collaboration between contemporary thinkers and their traditional counterparts whose voices emerge as they consider the sacred words of the religious traditions of South Asia *The Routledge Handbook of Research Methods in the Study of Religion* Steven Engler, Michael Stausberg, 2021-11-29 This substantially revised second edition of *The Routledge Handbook of Research Methods in the Study of Religion* remains the only comprehensive survey in English of methods and methodology in the discipline Designed for non specialists and upper undergraduate graduate level students it discusses the range of methods currently available to stimulate interest in unfamiliar methods and enable students and scholars to evaluate methodological issues in research The Handbook comprises 39 chapters 21 of which are new and the rest revised for this edition A total of 56 contributors from 10 countries cover a broad range of topics divided into three clear parts Methodology Methods Techniques The first section addresses general methodological issues including comparison research design research ethics intersectionality and theorizing analysis The second addresses specific methods including advanced computational methods autoethnography computational text analysis digital ethnography discourse analysis experiments field research grounded theory interviewing reading images surveys and videography The final section addresses specific techniques including coding focus groups photo elicitation and survey experiments Each chapter covers practical issues and challenges theoretical bases and their use in the study of religion s illustrated by case studies *The Routledge Handbook of Research Methods in the Study of Religion* is essential reading for students and researchers in the study of religion s as well as for those in related disciplines **Mysticism and Sacred Scripture** Steven T. Katz, 2000 This will be the fourth in an influential series of volumes on mysticism edited by Steven T Katz presenting a basic revaluation of the nature of mysticism Each presents a collection of solicited papers by noted experts in the study of religion This new volume will explore how the great mystics and mystical traditions use interpret and reconstruct the sacred scriptures of their traditions The Canonization of al-Bukhārī and Muslim Jonathan Brown, 2007-09-30 The two Authentic ad th collections of

al Bukhārī and Muslim are the most famous books in Islam after the Qurʾān a reality left unstudied until now This book charts the origins development and functions of these two texts through the lens of canonicity It examines how the books went from controversial to indispensable as they became the common language for discussing the Prophet's legacy among the various Sunni schools of law The book also studies the role of the ad ḥaṭṭ canon in ritual and narrative Finally it investigates the canonical culture built around the texts as well as the trend in Sunni scholarship that rejected it exploring this tension in contemporary debates between Salaf movements and the traditional schools of law

Myth and Philosophy Frank E. Reynolds, David Tracy, 1990-10-30 The book as a whole seeks to reinvigorate an academic discipline philosophy of religion which has fallen on hard times and to do so by building a bridge between philosophy and empirical historical studies of religion The topic is both significant and timely Too long the empiricists have been inadequately sophisticated philosophically and too long the philosophers have ignored historical data both in its breadth and depth In not only calling for bridges between these disciplines but actually building some the work makes a significant contribution to both Alan Miller This book is useful because it provides some insights both into the ways scholars think about various aspects of religious behavior and also information about important features of such behavior Both myth and philosophy are topics of great significance and have been discussed by many philosophers and historians of religions and some anthropologists An interesting set of questions about the nature of religion and nature of philosophy and their relationships and also about the nature of myth and its relationship to philosophy is emerging at the forefront of academic discussions in departments of religion departments of philosophy and departments of anthropology It contains some well written and conceptually interesting essays E Thomas Lawson

Samkara's Advaita Vedānta Jacqueline Suthren Hirst, 2005 This is a detailed introduction to the thought of Samkara who is the most well known and perhaps the most authoritative Hindu thinker of all time **Samkara's Advaita Vedanta**

Jacqueline G. Suthren Hirst, 2005-03-31 Samkara c 700 CE has been regarded by many as the most authoritative Hindu thinker of all time A great Indian Vedantin brahmin Samkara was primarily a commentator on the sacred texts of the Vedas and a teacher in the Advaitin teaching line This book serves as an introduction to Samkara's thought which takes this as a central theme The author develops an innovative approach based on Samkara's ways of interpreting sacred texts and creatively examines the profound interrelationship between sacred text content and method in Samkara's thought The main focus of the book is on Samkara's teaching method This method is for Samkara based on the Upanishads own it is to be employed by Advaitin teachers to draw pupils skilfully towards that realisation which is beyond all words Consequently this book will be of interest not only to students and scholars of Indian philosophy but to all those interested in the relation between language and that which is held to transcend it Philosophy as Therapeia Clare Carlisle, Jonardon

Ganeri, 2010-05-13 Essays by leading scholars providing a new reading of the history of philosophy through the concept of philosophy as therapeia *Epistemologies and the Limitations of Philosophical Inquiry* Deepak Sarma, 2005 This work contributes to the ongoing controversies regarding epistemic authority and voice in religious studies **BOOK JACKET**
