### **Thaddeus Sax Section With Rhythm Section:**

*The Instrumentalist*, 2005      **Brass Music of Black Composers** Aaron Horne, 1996-05-16 Aaron Horne provides the most comprehensive guide to brass music written by black composers. He covers composers from around the world in the 19th and 20th centuries. Included in the book is biographical information, commission duration, instrumentation, date of publication, premiere, publisher, discography for each piece, bibliographical sources, and an index which groups the music by numbers, medium, and ensemble. This is the fourth volume in Aaron Horne's monumental effort to provide the most comprehensive guide to music composed by black composers. In this volume, he covers composers from around the world in the 19th and 20th centuries, including William Grant Still, Ulysses Kay, Anthony Davis, John Coltrane, and other major figures from the world of classical jazz and popular music. The main body of the book is divided into sections devoted to African, African American, Afro-European, and Afro-Latino composers. Within each section, composers are arranged alphabetically; each entry provides biographical information as well as commission duration, instrumentation, date of publication, premiere, publisher, discography for each composition. Backmatter includes a Brass Music Index which groups the music by numbers, medium, and ensembles, a title index, discography, and bibliography. As with the earlier volumes, this is an essential reference tool for anyone with an interest in researching and/or performing the music of black composers.      **Pepper Adams' Joy**

**Road** Gary Carner, 2012-08-02 Pepper Adams' Joy Road is more than a compendium of sessions and gigs done by the greatest baritone saxophone soloist in history. It's a fascinating overview of Adams' life and times, thanks to colorful interview vignettes drawn from the author's unpublished conversations with Adams and other musicians. These candid observations from jazz greats about Adams and his colleagues reveal previously unknown behind-the-scenes drama about legendary recordings made by John Coltrane, Charles Mingus, Thelonious Monk, Dizzy Gillespie, Duke Pearson, Thad Jones, David Amram, Elvin Jones, and many others. All types of sound material—studio recordings, private tapes, and broadcasts, film scores, audience tapes, and even jingles—are listed, and Adams' oeuvre is pushed back from 1956 to 1947, when Adams was 16 years old before he played baritone saxophone. Because of Carner's access to Adams' estate just prior to its disposition in 1987, much new discographical material is included, now verified by Adams' date books and correspondence. Since Adams worked in so many of the great bands of his era, Pepper Adams' Joy Road is a refreshing, sometimes irreverent walk through a large swath of jazz history. This work also functions as a nearly complete band discography of the Thad Jones-Mel Lewis Orchestra, the most influential big band of its time. Adams was a founding member and stayed with the band until a year before Jones left to relocate in Denmark. Finally, Carner charts the ascent of Adams as an original yet still underappreciated composer, one who wrote 43 unique works, nearly half of them after August 1977, when he left Jones-Lewis to tour the world as a soloist. Pepper Adams' Joy Road, the first book ever published about Pepper Adams, is a companion to the author's forthcoming biography on Adams.
