Thales to Dewey Gordon Haddon Clark, 2000      **Thales to Dewey** Gordon H. Clark, 1989-06-01      Clark Thales to Dewey Hist of Phil Clark, 1957-01-01      The Freedom Book W. Russell Ogden Ph.D., 2011-07-25 Freedom is Americas highest value We are the land of the free and the home of the brave The stars and stripes of our flag wave Freedom over our embassies around the world Immigrants risk their lives to gain freedom in America The Statue of Liberty welcomes them to our shores Our laws are designed to protect physical and political freedom for all citizens equally Spiritual freedom is the Christians highest value This is the basis of all the freedoms we enjoy The Freedom Book traces the history of freedom how God gave us freedom at creation how it was impaired by the fall in Eden and how Jesus Christ restored it through his death on the cross and resurrection to eternal life Not all truth is liberating but the truth of Gods word is liberating Jesus said If you abide in my word you are truly my disciples and you will know the truth and this truth will set you free John 8 31 32 This book can guide you on the path to true freedom      **Worlds Apart** Norman L. Geisler, William D. Watkins, 2003-01-09 Those looking for a compendium of the major world views written from a Christian perspective need look no further Comprehensive and readable well organized and up to date Worlds Apart stands alone After introducing the meaning and function of a world view the authors explore the seven major world views of our day theism atheism pantheism pantheism deism finite godism and polytheism They delineate the varieties within each view analyze the beliefs of its major representatives and outline and evaluate its basic tenets The authors present the seven world views in such a way that one can compare and contrast these views It is our hope they write that readers will carefully consider all the options and then decide even if it means discarding the world view they now have In this revised edition the authors have updated the text and bibliography rewritten several sections and included suggested readings for each world view Like the original edition published in 1984 this volume contains a glossary of terms and an index of subjects and names      **No Other Gods** Phil Fernandes, 2002-10      **The Presbyterian Philosopher** Douglas J. Douma, 2017-01-24 This is the story of Gordon Clark 1902 85 respected philosopher and prolific writer who held that Christianity as a logically coherent system is superior to all other philosophies Clark fought no wars and conquered no kingdoms Yet he was a leading figure in many theological wars fought for the Kingdom of God These battles for the minds and souls of men were every bit as crucial as physical wars between nations In an age of increasing secularization he put up an intellectual defense of the Christian faith This faith he believed was a system All of its parts link together a luxury of no other philosophy His stance shows a Christianity that is in fact intellectual not relying on appeals to emotion or experience In propounding this view he encountered frequent opposition not from the secular world but from within his own denomination This biography helps explain why his thought was so profound why resistance mounted against him and how his struggles impacted American Presbyterianism Additionally this book calls for a reappraisal of Clark s views which have been maligned by controversy Understanding and applying his views could significantly fortify Christians

combating irrational and non systematic ideas prevalent in today s churches      **"Education Has Nothing to Do with Theology"** Edward J. Newell,2006-08-01 Does education have any relation to theology How do the educator s worldview commitments speak to his or her practice of education James Michael Lee brought a definite answer to these questions a firm no to the relations question and an advocacy for empirical findings over and against any speculative or theoretical positions in reply to the commitments question Lee claimed to have a universal neutral metatheory for all religious education a theory that would apply to all religious educators in any and every religion But in proposing his theory he overlooked the way that empirical facts express worldviews This book is a detective story tracing commitments that lay underneath empirical neutrality In the process the reader will see avenues that unmistakably link education to theology Education turns out to be a thoroughly worldview conditioned process This new work is essential reading for professors and students in both religious and general education      *Evangelical Dictionary of Theology* Walter A. Elwell,2001-05 This thoroughly updated edition of a standard reference tool covers systematic historical and philosophical theology as well as theological ethics      **A Theology for the Church** Daniel L. Akin,2007 Leading Baptist and evangelical thinkers examine eight key Christian doctrines shaping a church theology that is both biblically sound and relevant today      **The Big Book of Christian Apologetics** Norman L. Geisler,2012-11-01 The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith Examining nearly every key issue person and concept related to Christian apologetics this book clarifies difficult biblical passages clearly explains various philosophical systems and concepts examines contemporary issues and challenges and offers classic apologetic arguments all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics An expertly abridged version of the Baker Encyclopedia on Christian Apologetics this resource brings leading apologist Norman L Geisler s seminal work to the masses      **Insanity** Jonah F. Haddad,2013-11-01 Have you seen such men peculiar raving foam mouthed and straitjacketed throwing themselves mercilessly at white padded walls Such men are said to be insane But there is more to insanity than the images depicted in film and planted in our minds by popular media Insanity is a condition that affects us all Unsoundness of mind disrupts our ability to think clearly and to form knowledge about the world Our understanding is dangerously incomplete and our minds are corrupt We are all insane How then can we ever hope to know our world Is it possible to form justified true beliefs about anything What possibility if any do we have of escaping this condition of madness that keeps us from the light of knowledge In *Insanity* Jonah Haddad explores these very questions by introducing the main problems of the theory of knowledge and by offering a response to our madness a response grounded in God the ultimate Knower      *A Zeal for God Not According to Knowledge* Eric Snow,2005-03 Are the Jewish arguments against belief in Jesus as mankind s Savior any good Is Jesus Christ the promised Messiah of the Old Testament s prophecies Is Christianity derived from ancient Roman or Greek pagan mystery religions Is the New Testament historically reliable Was Jesus of Nazareth God according to

the New Testament Did Gnosticism influence Christianity Since some 185 000 Americans have converted to Judaism according to a 1990 survey the arguments of such groups as Jews for Judaism against Christianity can t be dismissed lightly Using solid scholarship and rigorous logic A Zeal For God Not According to Knowledge defends Christianity against the arguments of its Jewish critics such as Samuel Levine Michael Drazin Tovia Singer and Hyam Maccoby This book demonstrates that the New Testament is historically reliable denies that Christian doctrines and sacraments can be derived from pagan beliefs and practices shows that Jesus of Nazareth was the promised Messiah based on the Old Testament s prophecies and proves that the New Testament teaches the Deity of Christ This book is intended for both Christians perplexed by the arguments of Jewish friends coworkers and relatives and Jews interested in objectively considering the claims of Christianity while searching for spiritual truth about whether Jesus is their Messiah also *What the Bible Says About God the Ruler* Jack Cottrell,2000-10-24 **The Ethics of Superintelligent Design** Paul Golata,2018-03-07 Artificial intelligence AI permeates Google searches the personal assistants in our smartphones and is all over our newsfeeds Watson s machine learning has already started to revolutionize many important industries including oncology law finance and entertainment The idea that man is about to increase his immediate surroundings with exponential gains in the level of intelligence over the coming generations is based upon a technological revolution and the potential for artificial superintelligence ASI It is within this context that there is a prevailing need for a discussion of its ethical implications As a Christian ethicist Paul Golata believes that the need for this conversation to be informed by Christian principles is imperative ASI is a move toward the proper handling of information However how a society interprets and applies this information is actually more pertinent than the raw amount of information it possesses This important ethical conversation is being led by humanistic thinkers who assume that all of reality is just matter in motion and that mind is nothing more than electrochemical activity in the wetware of human brains The Ethics of Superintelligent Design critically examines and challenges some of the most important trajectories of ASI while upholding the authority and inerrancy of the Bible the supernatural creation account a realistic view of the state of humanity and biblical ethics God, Revelation and Authority : God Who Stands and Stays (Vol. 5) Carl F. H. Henry,1999-01-25 Part 5 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done

*Philosophy, Who Needs It?* Jason D. Crowder,2016-03-02 Too often skeptics charge Christians with having a blind faith Unfortunately believers have added fuel to the charges of skeptics by speaking of their faith illogically But the Christian faith is not a blind faith In fact biblical faith is never a blind irrational faith Christianity rests firmly on the stone that was rejected by the builders which has become the cornerstone Jesus Christ Acts 4 11 Living biblically requires thinking biblically just as to think biblically entails to live biblically as Winfried Corduan notes in the Foreword As followers of Christ believers cannot separate biblical thinking and biblical living These two behaviors are eternally connected not only in the person of Jesus

Christ but they stem from the eternal being of God the Father and his eternal truth Christ mandates that his followers love God with their entire being heart soul mind and strength Mark 12 30 How are believers to go about living out this biblical mandate Christian faith is a warranted belief This is why it is so essential that Christians recognize the value and importance of philosophy and its proper place in Christendom and in the Christian's walk *Canon Fodder* Penny A. Weiss, 2009-01-01 A discussion of women thinkers in political philosophy and the nature of political inquiry Provided by publisher The Word is Worth a Thousand Pictures Gregory Edward Reynolds, 2001-04-20 **Hermeneutics as Epistemology** William C. Roach, 2015-07-24 Historic Protestantism and evangelicalism has always been committed to the authority of Scripture and interested in the proper interpretation of the Bible They uphold the motto As Scripture says God says and as God says Scripture says Many today claim this type of reasoning is faulty since individuals can no longer know the true meaning of Scripture because there are no stable metaphysical or epistemological frameworks Moreover they claim that approaches such as the one presented by Carl F H Henry no longer provide adequate grounds to address the pressing hermeneutical issues This study responds to these types of claims showing each of these proposals is based upon faulty first principles or misrepresentations This book surveys hermeneutical innovations and Henry's epistemological hermeneutic to show that Henry's epistemology is foundational to his hermeneutic offering present day evangelicals an epistemologically justified approach to hermeneutics as epistemology and methodology The book will be of importance to those with interest in evangelical hermeneutics or philosophical hermeneutics in general It provides a clear assessment of the impact of Carl F H Henry's epistemology and hermeneutic and strives to respond to criticisms raised against his Augustinian Reformed revelational cognitive propositional hermeneutic
