Bookman's Weekly, 1994 **Walker Percy** Gary M. Ciuba, 2010-09-01 In *Walker Percy Books of Revelations* Gary M Ciuba examines how Percy s apocalyptic vision inspires the structure themes and strategies of his fiction This book explores the unity of the southern novelist s fiction by focusing on its religious and artistic design one of the first studies to approach Percy s work from this perspective Ciuba considers Percy s six published novels *The Moviegoer* *The Last Gentleman* *Love in the Ruins* *Lancelot* *The Second Coming* and *The Thanatos Syndrome* and also offers the first extended critical analysis of his unpublished work *The Gramercy Winner* Although the novels are often seen as increasingly satiric jeremiads about the possible doom of America Ciuba argues that Percy s fiction is principally shaped by a demythologized and partially realized form of eschatology This apocalyptic vision has less to do with the end of the external world than with the demise of the protagonists internal worldviews According to Ciuba Percy does more than offer direly comic warnings about the end of the world he shows how the world actually ends and then may begin again in the everyday lives and extraordinary loves of his astonished seers **Catalogues of Sales** Sotheby's (Firm), 1991-04-16 **Huxford's Old Book Value Guide** Bob

Huxford, Sharon Huxford, 1992 This totally new fourth edition is intended to be a companion volume Over 25 000 listings are included with current values More than just a price guide you ll also find scores of buyers listed by the type of subject matter they are looking for so it s a selling guide as well **Walker Percy's Sacramental Landscapes** Allen Pridgen, 2000

Sometimes oblivious to the sacramental signs of life sometimes clear eyed both Will at the end of *The Second Coming* and Tom at the end of *The Thanatos Syndrome* finally assent to the wondrous possibilities these signs signify They begin to believe in the possibilities for a life that waits for them on the horizon and down the road **BOOK JACKET** **Real Phonies** Abigail Cheever, 2010-01-25 The epithet phony was omnipresent during the postwar period in the United States It was an easy appellation for individuals who appeared cynically to conform to codes of behavior for social approbation or advancement Yet Holly Golightly isn t a phony because she s a real phony says her agent in *Breakfast at Tiffany's* In

exploring this remark Abigail Cheever examines the ways in which social influence was thought to deform individuals in midcentury American culture How could a person both be and not be herself at the same time The answer lies in the period s complicated attitude toward social influence If being real means that one s performative self is in line with one s authentic self to be a real phony is to lack an authentic self as a point of reference to lack a self that is independent of the social world According to Cheever Holly Golightly is like a phony in that her beliefs are perfectly in accordance with social norms but she is real insofar as those beliefs are all she has Real Phonies examines the twinned phenomena of phoniness and authenticity across the second half of the twentieth century beginning with adolescents in the 1950s like Holly Golightly and Holden Caulfield and ending with mid career professionals in the 1990s like sports agent Jerry Maguire Countering the critical assumption that with the emergence of postmodernity the ideal of authentic self disappeared Cheever argues that concern with the authenticity of persons proliferated throughout the past half century despite a significant ambiguity over what that self might look like Cheever s analysis is structured around five key kinds of characters adolescents the insane serial killers and the figures of the assimilated Jew and the company man In particular she finds a preoccupation in these works not so much with faked conformity but with the frightening notion of real uniformity the notion that Holly and others like her could each genuinely be the same as everyone else

The Pursuit of Happiness and the American Regime Elizabeth Amato,2018-02-28 The Declaration of Independence claims that individuals need liberty to pursue happiness but provides little guidance on the what of happiness Happiness studies and liberal theory are incomplete guides Happiness studies offer insights into what makes people happy but happiness policy risks becoming doctrinaire Liberal theory is better on personal liberty but weak on the what of happiness My argument is that American novelists are surer guides on the pursuit of happiness Treated as political thinkers my book offers a close reading of four American novelists Tom Wolfe Walker Percy Edith Wharton and Nathaniel Hawthorne and their critique of the pursuit of happiness With a critical and friendly eye they present the shortcomings of pursuing happiness in a liberal nation but also present alternatives and correctives possible in America Our novelists point us toward each other in friendship as our greatest resource to guide us towards happiness

Becoming a True Spiritual Community Larry Crabb,2007-07-08 In today s frenetic society people rarely develop intimate friendships Instead they spend their lives essentially disconnected from others rushing through life content with brief visits and casual conversations But what if one were to develop a community a spiritual community of people who walked with and supported each other through life s journey A community of real friends who listened to each other s personal tragedies without merely trying to fix the problems who encouraged and nurtured each other s strengths and who accepted people for who they really are instead of the image they try to portray In *Becoming a True Spiritual Community* formerly titled *The Safest Place on Earth* Larry Crabb explores such a place where God can heal disconnected people and allow them to reconnect with each other and ultimately with Him

The Safest Place on Earth Larry Crabb,1999-07-29 In

today's frenetic society people rarely develop intimate friendships. Instead they spend their lives essentially disconnected from others, rushing through life content with brief visits and casual conversations. But what if one were to develop a community, a spiritual community of people who walked with and supported each other through life's journey? A community of real friends who listened to each other's personal tragedies without merely trying to fix the problems, who encouraged and nurtured each other's strengths and who accepted people for who they really are instead of the image they try to portray. In *The Safest Place on Earth*, Larry Crabb explores such a place where God can heal disconnected people and allow them to reconnect with each other and ultimately with Him.

[Jews and the Christian Imagination](#) S. Haynes, 1995-03-22

Reluctant Witnesses *Jews and the Christian Imagination* is an analysis of the ancient Christian myth that casts Jews as a witness people and this myth's presence in contemporary religious discourse. It treats diverse products of the Christian imagination including systematic theology, works of fiction, and popular writings on biblical prophecy. The book demonstrates that the witness people myth, which was first articulated by Augustine and which determined official attitudes towards Jews in medieval Christendom, remains a powerful force in the Christian imagination.

[Fyodor Dostoevsky, Walker Percy, and the Age of Suicide](#) John F. Desmond, 2019-01-09

Fyodor Dostoevsky, Walker Percy, and the Age of Suicide is a study of the phenomenon of suicide in modern and post-modern society as represented in the major fictional works of Fyodor Dostoevsky and Walker Percy. In his study, suicide is understood in both a literal and spiritual sense as referring to both the actual suicides in their works and to the broader social malaise of spiritual suicide or despair. In the 19th century, Dostoevsky called suicide the terrible question of our age. For his part, Percy understood 20th-century Western culture as suicidal in both its social, political, and military behavior and in the deeper sense that its citizenry had suffered an ontological loss of self or deformation of being. Likewise, Thomas Merton called the 20th century an age of suicide.

Desire, Violence, and Divinity in Modern Southern Fiction Gary M. Ciuba, 2011-02-04

In this groundbreaking study, Gary M. Ciuba examines how four of the South's most probing writers of twentieth-century fiction—Katherine Anne Porter, Flannery O'Connor, Cormac McCarthy, and Walker Percy—expose the roots of violence in southern culture. Ciuba draws on the paradigm of mimetic violence developed by cultural and literary critic René Girard, who maintains that individual human nature is shaped by the desire to imitate a model. Mimetic desire may lead in turn to rivalry, cruelty, and ultimately community-sanctioned and sometimes ritually sanctified victimization of those deemed outcasts. Ciuba offers an impressively broad intellectual discussion that gives universal cultural meaning to the southern experience of desire, violence, and divinity with which these four authors wrestled and out of which they wrote. In a comprehensive analysis of Porter's semiautobiographical *Miranda* stories, Ciuba focuses on the prescribed role of women that *Miranda* imitates and ultimately escapes. O'Connor's *The Violent Bear It Away* reveals three characters whose scandalous animosity, caused by religious rivalry, leads to the unbearable stumbling block of violence. McCarthy's protagonist in *Child of God*, Lester Ballard, appears as the culmination of a long tradition of the sacred violence of

southern religion twisted into his own bloody faith And Percy s *The Thanatos Syndrome* brings Ciuba s discussion back to the victim in Tom Moore s renunciation of a society in which scapegoating threatens to become the foundation of a new social regime From nostalgia for the old order to visions of a utopian tomorrow these authors have imagined the interrelationship of desire antagonism and religion throughout southern history Ciuba s insights offer new ways of reading Porter O Connor McCarthy and Percy as well as their contemporaries who inhabited the same culture of violence violence desired dreaded denied and deified Neo-Realism in Contemporary American Fiction ,2025-01-27 New-Found-Lands Alwin Fill,1993

Ascension And Ecclesia Douglas B. Farrow,2004-05-06 Recent theology offers few attempts to come to grips with the meaning and implications of the ascension of Jesus Professor Farrow begins with a discussion of the biblical treatment of the ascension and Eucharistic celebration from which emerges the unique ecclesial worldview There are chapters on the treatment of these ideas by Irenaeus Origen and Augustine and on developments up to the Reformation He explores the link between ideas of the ascension cosmology and ecclesiology Farrow goes on to examine the difficulties faced by the doctrine of ascension in the modern scientific world In a final chapter he calls for an ecclesiology which does not marginalise the human Jesus **Fully Human in Christ** Todd Speidell,2016-11-08 Thomas F Torrance s theology included a thoroughgoing albeit implicit ethic of reconciliation It focused on the personalizing and humanizing mediation of Christ in all realms of life including not only a supposed private dimension of human life but also the social historical and political structures of human society and even of the cosmos itself This book builds upon that vision of a Christian ethic radically rooted in God s grace which encompasses sustains and transforms the entire human and created order A trinitarian incarnational social ethic does not begin with our human causes projects and agendas however noble they might be but with witness to the reconciling person and work of Jesus Christ for us
