LIFE, 1946-08-19 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Thank You, Mr. President** A. Merriman Smith, 1946 Merriman Smith ruled the WH Press Corps with firmness and fairness At the time of his tenure the reporters assigned to cover the president were required to adhere to an unwritten rule not to embarrass the president or his family Smith saw to it that this was accomplished He was the liaison between the WH Press Office and the reporters Watergate coverage abolished this once and for all Everything is fair game now The reporters now can dig into the personal life of the first family and expose any thing that is real or imagined This book reveals the way Smith and the other reporters covered 1600 Pennsylvania Ave up to the late 60s *The Presidents vs. the Press* Harold Holzer, 2021-08-24 An award winning presidential historian offers an authoritative account of American presidents attacks on our freedom of the press including a new foreword chronicling the end of the Trump presidency The FAKE NEWS media Donald Trump has tweeted is not my enemy it is the enemy of the American People Has our free press ever faced as great a threat Perhaps not but the tension between presidents and journalists is as old as the republic itself Every president has been convinced of his own honesty and transparency every reporter who has covered the White House beat has believed with equal fervency that his or her journalistic rigor protects the country from danger Our first president George Washington was also the first to grouse about his treatment in the newspapers although he kept his complaints private Subsequent chiefs like John Adams Abraham Lincoln Woodrow Wilson and Barack Obama were not so reticent going so far as to wield executive power to overturn press freedoms and even to prosecute journalists Theodore Roosevelt was the first president to actively manage the stable of reporters who followed him doling out information steering coverage and squashing stories that interfered with his agenda It was a strategy that galvanized TR s public support but the lesson was lost on Woodrow Wilson who never accepted reporters into his inner circle Franklin Roosevelt transformed media relations forever holding more than a thousand presidential press conferences and harnessing the new power of radio at times bypassing the press altogether John F Kennedy excelled on television and charmed reporters to hide his personal life while Richard Nixon was the first to cast the press as a public enemy From the days of newsprint and pamphlets to the rise of Facebook and Twitter each president has harnessed the media whether intentional or not to imprint his own character on the office In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation **The President Is at Camp David** W. Dale Nelson, 2000-04-01 In this text W Dale Nelson chronicles the genesis and development of the

position of the White House press secretary during the 20th century He also covers each administration in detail using newspaper archival and interview sources The White House Looks South William E. Leuchtenburg,2005-10 Perhaps not southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth The White House Looks South is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers

Roosevelt their close but sometimes tumultuous personal and professional relationship from Roosevelt's appearance as a New York delegate to the Democratic National Convention in 1912 through his four terms as US President December 7, 1941 Gordon W. Prange, Donald M. Goldstein, Katherine V. Dillon, 2014-05-06 A minute by minute account of the morning that brought America into World War II by the New York Times bestselling authors of *At Dawn We Slept* When dawn broke over Hawaii on December 7 1941 no one suspected that America was only minutes from war By nightfall the naval base at Pearl Harbor was a smoldering ruin and over 2 000 Americans lay dead December 7 1941 gives a detailed and immersive real time account of that fateful morning In or out of uniform every witness responded differently when the first Japanese bombs began to fall A chaplain fled his post and spent a week in hiding while mess hall workers seized a machine gun and began returning fire Some officers were taken unawares while others responded valiantly rallying their men to fight back and in some cases sacrificing their lives Built around eyewitness accounts this book provides an unprecedented glimpse of how it felt to be at Pearl Harbor on the day that would live in infamy Target Tokyo James M. Scott, 2015-03-31 Finalist for the 2016 Pulitzer Prize in History Like Lauren Hillebrand's *Unbroken* *Target Tokyo* brings to life an indelible era Ben Cosgrove *The Daily Beast* On April 18 1942 sixteen U S Army bombers under the command of daredevil pilot Jimmy Doolittle lifted off from the deck of the USS *Hornet* on a one way mission to pummel Japan's factories refineries and dockyards in retaliation for their attack on Pearl Harbor The raid buoyed America's morale and prompted an ill fated Japanese attempt to seize Midway that turned the tide of the war But it came at a horrific cost an estimated 250 000 Chinese died in retaliation by the Japanese Deeply researched and brilliantly written *Target Tokyo* has been hailed as the definitive account of one of America's most daring military operations Cultures of War John W. Dower, 2011-08-23 Finalist for the National Book Award in Nonfiction Finalist for the Los Angeles Times Book Prize A thought provoking book about the way events echo and mis echo down the corridors of history *Financial Times* Over recent decades John W Dower one of America's preeminent historians has addressed the roots and consequences of war from multiple perspectives In *War Without Mercy* 1986 winner of the National Book Critics Circle Award he described and analyzed the brutality that attended World War II in the Pacific as seen from both the Japanese and the American sides *Embracing Defeat* 1999 winner of numerous honors including the Pulitzer Prize and the National Book Award dealt with Japan's struggle to start over in a shattered land in the immediate aftermath of the Pacific War when the defeated country was occupied by the U S led Allied powers Turning to an even larger canvas Dower now examines the cultures of war revealed by four powerful events Pearl Harbor Hiroshima 9 11 and the invasion of Iraq in the name of a war on terror The list of issues examined and themes explored is wide ranging failures of intelligence and imagination wars of choice and strategic imbecilities faith based secular thinking as well as more overtly holy wars the targeting of noncombatants and the almost irresistible logic and allure of mass destruction Dower's new work also sets the U S occupations of Japan and Iraq side by side in strikingly original ways One of the most important books of this decade

Cultures of War offers comparative insights into individual and institutional behavior and pathologies that transcend cultures in the more traditional sense and that ultimately go beyond war making alone *FDR and the News Media* Betty Houchin Winfield, 1994 Power was at the heart of FDR's relationship with the media the power of the nation's chief executive to control his public messages versus the power of the free press to act as an independent watchdog over the president and the government This compelling study points to Roosevelt's consummate news management as a key to his political artistry and leadership legacy [A Call to Arms](#) Maury Klein, 2013-07-16 A narrative account of the American mobilization for World War II reveals its colossal scale and enduring impact on history exploring how the nation's productivity became a decisive factor in shaping America's economy and the war's outcome By the author of *Rainbow's End* 30 000 first printing **Roosevelt's Centurions** Joseph E. Persico, 2013-05-28 FDR's centurions were my heroes and guides Now Joe Persico has written the best account of those leaders I've ever read Colin L Powell All American presidents are commanders in chief by law Few perform as such in practice In *Roosevelt's Centurions* distinguished historian Joseph E Persico reveals how during World War II Franklin D Roosevelt seized the levers of wartime power like no president since Abraham Lincoln during the Civil War Declaring himself Dr Win the War FDR assumed the role of strategist in chief and though surrounded by star studded generals and admirals he made clear who was running the war FDR was a hands on war leader involving himself in everything from choosing bomber targets to planning naval convoys to the design of landing craft Persico explores whether his strategic decisions including his insistence on the Axis powers unconditional surrender helped end or may have prolonged the war Taking us inside the Allied war councils the author reveals how the president brokered strategy with contentious allies particularly the iron willed Winston Churchill rallied morale on the home front and handpicked a team of proud sometimes prickly warriors who he believed could fight a global war Persico's history offers indelible portraits of the outsize figures who roused the sleeping giant that defeated the Axis war machine the dutiful yet independent minded George C Marshall charged with rebuilding an army whose troops trained with broomsticks for rifles eggs for hand grenades Dwight Eisenhower an unassuming Kansan elevated from obscurity to command of the greatest fighting force ever assembled the vainglorious Douglas MacArthur and the bizarre battlefield genius George S Patton Here too are less widely celebrated military leaders whose contributions were just as critical the irascible dictatorial navy chief Ernest King the acerbic army advisor in China Vinegar Joe Stilwell and Henry H Hap Arnold who zealously preached the gospel of modern air power The Roosevelt who emerges from these pages is a wartime chess master guiding America's armed forces to a victory that was anything but foreordained What are the qualities we look for in a commander in chief In an era of renewed conflict when Americans are again confronting the questions that FDR faced about the nature and exercise of global power *Roosevelt's Centurions* is a timely and revealing examination of what it takes to be a wartime leader in a freewheeling complicated and tumultuous democracy *1944* Jay Winik, 2015-09-22 Chronicles the events of 1944 to reveal how nearly the Allies lost

FDR Jean Edward Smith, 2008-05-13 NATIONAL BESTSELLER A model presidential biography Now at last we have a biography that is right for the man Jonathan Yardley *The Washington Post Book World* One of today's premier biographers has written a modern comprehensive indeed ultimate book on the epic life of Franklin Delano Roosevelt In this superlative volume Jean Edward Smith combines contemporary scholarship and a broad range of primary source material to provide an engrossing narrative of one of America's greatest presidents This is a portrait painted in broad strokes and fine details We see how Roosevelt's restless energy fierce intellect personal magnetism and ability to project effortless grace permitted him to master countless challenges throughout his life Smith recounts FDR's battles with polio and physical disability and how these experiences helped forge the resolve that FDR used to surmount the economic turmoil of the Great Depression and the wartime threat of totalitarianism Here also is FDR's private life depicted with unprecedented candor and nuance with close attention paid to the four women who molded his personality and helped to inform his worldview His mother Sara Delano Roosevelt formidable yet ever supportive and tender his wife Eleanor whose counsel and affection were instrumental to FDR's public and individual achievements Lucy Mercer the great romantic love of FDR's life and Missy LeHand FDR's longtime secretary companion and confidante whose adoration of her boss was practically limitless Smith also tackles head on and in depth the

numerous failures and miscues of Roosevelt's public career including his disastrous attempt to reconstruct the Judiciary the shameful internment of Japanese Americans and Roosevelt's occasionally self-defeating Executive overreach. Additionally, Smith offers a sensitive and balanced assessment of Roosevelt's response to the Holocaust, noting its breakthroughs and shortcomings. Summing up Roosevelt's legacy, Jean Smith declares that FDR more than any other individual changed the relationship between the American people and their government. It was Roosevelt who revolutionized the art of campaigning and used the burgeoning mass media to garner public support and allay fears. But more important, Smith gives us the clearest picture yet of how this quintessential Knickerbocker aristocrat, a man who never had to depend on a paycheck, became the common man's president. The result is a powerful account that adds fresh perspectives and draws profound conclusions about a man whose story is widely known but far less well understood. Written for the general reader and scholars alike, FDR is a stunning biography in every way worthy of its subject.

Twilight of the Gods Ian W. Toll, 2020-09-01 New York Times Bestseller. No one has told the story of World War II in the Pacific from beginning to bitter end better than Ian W. Toll. This final volume concludes a brilliant trilogy. Alex Kershaw, New York Times best-selling author of *The First Wave* and *Avenue of Spies*. In June 1944, the United States launched a crushing assault on the Japanese navy in the Battle of the Philippine Sea. The capture of the Mariana Islands and the accompanying ruin of Japanese carrier airpower marked a pivotal moment in the Pacific War. No tactical masterstroke or blunder could reverse the increasingly lopsided balance of power between the two combatants. The War in the Pacific had entered its endgame. Beginning with the Honolulu Conference when President Franklin Delano Roosevelt met with his Pacific theater commanders to plan the last phase of the campaign against Japan, *Twilight of the Gods* brings to life the harrowing last year of World War II in the Pacific when the U.S. Navy won the largest naval battle in history. Douglas MacArthur made good his pledge to return to the Philippines; waves of kamikazes attacked the Allied fleets; the Japanese fought to the last man on one island after another; B-29 bombers burned down Japanese cities; and Hiroshima and Nagasaki were vaporized in atomic blasts. Ian W. Toll's narratives of combat in the air, at sea, and on the beaches are as gripping as ever, but he also reconstructs the Japanese and American home fronts and takes the reader into the halls of power in Washington and Tokyo where the great questions of strategy and diplomacy were decided. Drawing from a wealth of rich archival sources and new material, *Twilight of the Gods* casts a penetrating light on the battles, grand strategic decisions, and naval logistics that enabled the Allied victory in the Pacific. An authoritative and riveting account of the final phase of the War in the Pacific, *Twilight of the Gods* brings Toll's masterful trilogy to a thrilling conclusion. This prize-winning and best-selling trilogy will stand as the first complete history of the Pacific War in more than twenty-five years and the first multivolume history of the Pacific naval war since Samuel Eliot Morison's series was published in the 1950s.

The Conquering Tide Ian W. Toll, 2015-09-21 A New York Times Bestseller. A beautiful blend of history and prose and proves again Mr. Toll's mastery of the naval war narrative. Wall Street Journal. This masterful history encompasses the heart of the Pacific

War the period between mid 1942 and mid 1944 when parallel Allied counteroffensives north and south of the equator washed over Japan's far flung island empire like a conquering tide concluding with Japan's irreversible strategic defeat in the Marianas. It was the largest bloodiest most costly most technically innovative and logistically complicated amphibious war in history and it fostered bitter interservice rivalries leaving wounds that even victory could not heal. Often overlooked these are the years and fights that decided the Pacific War. Ian W. Toll's battle scenes in the air at sea and in the jungles are simply riveting. He also takes the reader into the wartime councils in Washington and Tokyo where politics and strategy often collided and into the struggle to mobilize wartime production which was the secret of Allied victory. Brilliantly researched the narrative is propelled and colored by firsthand accounts letters diaries debriefings and memoirs that are the raw material of the telling details. Shrewd judgment and penetrating insight of this magisterial history. This volume continuing the marvelously readable dramatic narrative. *San Francisco Chronicle* of *Pacific Crucible* marks the second installment of the Pacific War Trilogy which will stand as the first history of the entire Pacific War to be published in at least twenty five years.
