That I Were An Angel A Novel Of Alma The Younger:

That I Were an Angel Robert H. Moss, 1987 That I Were an Angel Why did Alma the younger rebel against his father and the church What was his process of repentance How did Alma as a parent handle a rebellious son Why the Angel That i Were an Angel gives intriguing answers to these question in Alma s own words This is the history told by himself shedding light on rebellious youth in all ages of time Meeting Christ in the Book of Mormon Ryan H. Sharp, 2023-02-02 This inspiring book from popular CES speaker Ryan Sharp demonstrates how your favorite scriptural heroes were able to connect with the Divine and can help you in your own spiritual journey Be inspired by Nephi s steadfastness Alma the Elder s and Alma the Younger s conversion The conviction of King Lamoni his father and the Anti Nephi Lehis Captain Moroni s obedience Mahonri Moriancumer s faith Along with many others This book shows how mortal men came to know the Savior Learn to meet Him as they did by following in their footsteps and discovering Christ in new and profound ways **Messiah Made Manifest: Exploring the Book of Mormon as a Temple** Jon Terrence Gorton, 2023-02-02 You have walked through a temple without even recognizing it Messiah Made Manifest invites you to personally discover and explore the scriptural temple known as the Book of Mormon Find out how the Book of Mormon fulfills the two greatest role of any temple making the Messiah fully manifest to us and making the covenants fully available **Exploring Mormon Thought** Blake T. Ostler, 2006-03-01 In volume 2 of the series Exploring Mormon Thought The Problems of Theism and the Love of God Blake Ostler explores issues related to soteriology or the theory of salvation He argues that the commitment that God loves us and respects our dignity as persons entails that God must leave us free to choose whether to have a saving relationship with him He explores the logic of love and argues that the LDS doctrine of a war in heaven embodies the commitment that God leaves us free to choose whether to enter into relationship with God He explores the nature of inter personal prayer and the contributions of LDS beliefs to a robust prayer dialogue He offers a view consistent with LDS commitments that makes sense out of asking God to assist others to alter the natural environment and to grow in relationship with God He then turns to the concept of grace and argues that the traditional views lead to insurmountable problems He argues that though God does not owe any obligation to us to give us grace God does so out of love However because divinity arises from loving relationships he argues that God could not fail to give sufficient grace to all persons and remain a loving God *Book of Mormon Gems* Sterling H. Redd, Sr., 2022-09-23 Book of Mormon Gems provides a careful selection of the vast majority of outstanding principles prophets and events throughout the great journeys contained in The Book of Mormon Above each entry is a bolded and enlarged heading in italics which as a Gem gives the clear essence of the entry This format gives the reader the option of reading just the Gem or also the full underlying text of each entry Each entry is meticulously documented and includes in parenthesis who is speaking The selection of well over two thousand entries in Book of Mormon Gems is a modest attempt to gather completely from The Book of Mormon the plain and precious truths and events revealed centuries ago to chosen

to find truth which is becoming more obscured and diluted in woke circles that are widening and influencing adults teens and even unsuspecting children today This book addresses how to find and recognize truth from error It reveals and outlines tactics used by those who oppose truth as they promote destructive agendas This book puts side by side the agendas and dogmas opposing truth contrasting them with unchangeable truths in a way that clear choices can easily be seen These comparisons made without emotional conflict show points on both sides directly and clearly Truth is not often given voice or stage and is often shouted down today Here truth is given voice and perspective which is so hard to find It is my hope that truth becomes easier to discern so it can be readily chosen and can bring true joy into the life of the reader Acting upon unchanging eternal truths taught by Jesus Christ is the way to find happiness and true joy in life [The Story of the Book of Mormon](#) George Reynolds,2008-04-24 This 1888 classic by LDS General Authority Elder George Reynolds is considered the first commentary on the Book of Mormon It is also a retelling of its stories in a way accessible to everyone The love he had for that book of scripture and the inspiration he received from it and expressed within the pages of this book continues to inspire modern readers **The Story of the Book of Mormon ...** George Reynolds,1898 *A Dictionary of the Book of Mormon* George Reynolds,1891 **Nibley Commentary of the Book of Mormon Volume 1** Hugh W. The User-Friendly Book of Mormon: Timeless Truths for Today's Challenges Marilyn Faulkner,2023-02-02 Got a problem The Book of Mormon has an answer You've read the stories but never like this These ancient prophets can help you with everything from binge watching on Netflix to balancing family life and work This modern guide is perfect for personal study family discussions or lessons You'll never look at the Book of Mormon the same way again Understanding the Book of Mormon Grant Hardy,2010-04-07 Mark Twain once derided the Book of Mormon as chloroform in print Long and complicated written in the language of the King James version of the Bible it boggles the minds of many Yet it is unquestionably one of the most influential books ever written With over 140 million copies in print it is a central text of one of the largest and fastest growing faiths in the world And Grant Hardy shows it's far from the coma inducing doorstep caricatured by Twain In Understanding the Book of Mormon Hardy offers the first comprehensive analysis of the work's narrative structure in its 180 year history Unlike virtually all other recent world scriptures the Book of Mormon presents itself as an integrated narrative rather than a series of doctrinal expositions moral injunctions or devotional hymns Hardy takes readers through its characters events and ideas as he explores the story and its messages He identifies the book's literary techniques such as characterization embedded documents allusions and parallel narratives Whether Joseph Smith is regarded as author or translator it's noteworthy that he never speaks in his own voice rather he mediates nearly everything through the narrators Nephi Mormon and Moroni Hardy shows how each has a distinctive voice and all are woven into an integral whole As with any scripture the contending views of the Book of Mormon can seem irreconcilable For believers it is an actual historical document transmitted from ancient America For nonbelievers it is the work of a nineteenth century farmer from upstate New York Hardy transcends this intractable conflict by offering a literary approach one appropriate to

both history and fiction Regardless of whether readers are interested in American history literature comparative religion or even salvation he writes the book can best be read if we examine the text on its own terms *Valiant Witness* Robert H.
