## **That Ingenious Business Organ Builders:**

**That Ingenious Business** Raymond J. Brunner, 1990 Organ building in Pennsylvania Early Philadelphia organs and builders The Moravian builders Family business Other builders 1780 to 1840 Later builders 1840 to 1920 *That Ingenious Business* Raymond J. Brunner, 1990 Organ building in Pennsylvania Early Philadelphia organs and builders The Moravian builders Family business Other builders 1780 to 1840 Later builders 1840 to 1920 "Pleasing for Our Use" Carol A. Traupman-Carr, 2000 This is a collection of eight essays most of which were presented at a November 1995 conference dedicated to the life and works of Moravian organ builder David Tannenbergh 1728 1804 The collection includes a complete bibliography as well as a list of additional related resources on the topic of American Moravian organs BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Practice of Pluralism* Mark Häberlein, 2009-07-10 The clash of modernity and an Amish buggy might be the first image that comes to one's mind when imagining Lancaster Pennsylvania today But in the early to mid eighteenth century Lancaster stood apart as an active and religiously diverse ethnically complex and bustling city On the eve of the American Revolution Lancaster's population had risen to nearly three thousand inhabitants it stood as a center of commerce industry and trade While the German speaking population Anabaptists as well as German Lutherans Moravians and German Calvinists made up the majority about one third were English speaking Anglicans Catholics Presbyterians Quakers Calvinists and other Christian groups A small group of Jewish families also lived in Lancaster though they had no synagogue Carefully mining historical records and documents from tax records to church membership rolls Mark Häberlein confirms that religion in Lancaster was neither on the decline nor rapidly changing rather steady and deliberate growth marked a diverse religious population *The Organ* Douglas Earl Bush, Richard Kassel, 2006 Organ Volume 3 of the Encyclopedia of Keyboard Instruments includes articles on the organ family of instruments including famous players composers instrument builders the construction of the instruments and related terminology It is the first complete reference on this important family of keyboard instruments that predated the piano The contributors include major scholars of music and musical instruments from around the world **The Organ** Douglas Bush, Richard Kassel, 2004-06 The Encyclopedia of Organ includes articles on the organ family of instruments including famous players composers instrument builders the construction of the instruments and related terminology It is the first complete A-Z reference on this important family of keyboard instruments The contributors include major scholars of music and musical instrument history from around the world **A Companion to German Pietism, 1660-1800** Douglas Shantz, 2014-11-06 A Companion to German Pietism offers an introduction to recent Pietism scholarship on both sides of the Atlantic in German Dutch and English The focus is upon early modern German Pietism a movement that arose in the late 17th century German Empire within both Reformed and Lutheran traditions It introduced a new paradigm to German Protestantism that included personal renewal new birth women dominated conventicles and millennialism The Introduction

offers a concise overview of modern research into German Pietism The Companion is then organized according to the different worlds of Pietist existence intellectual devotional literary cultural and social political

**The Pennsylvania Dutch Country** Irwin Richman, 2004 Taking the name Pennsylvania Dutch from a corruption of their own word for themselves Deutsch the first German settlers arrived in Pennsylvania in 1683 By the time of the American Revolution their influence was such that Benjamin Franklin among others worried that German would become the commonwealth's official language The continuing influence of the Church peoples the Amish and Mennonites and others who constitute the still vibrant Dutch culture can be seen today in icons of Americana from apple pie to log cabins

**A Guide to North American Organbuilders** David H. Fox, 1991 Sacred Song and the Pennsylvania Dutch Daniel Jay Grimminger, Don Yoder, 2012 Sheds light on the process of cultural change that occurred over the course of a century or more in the majority of Pennsylvania German communities and churches The Pennsylvania Dutch comprised the largest single ethnic group in the early American Republic of the late eighteenth and early nineteenth centuries Yet like other ethnic minorities in early America they struggled to maintain their own distinct ethnic identity in everything that they did Eventually their German Lutheran and Reformed customs and folkways gave way to Anglo American pressure The tune and chorale books printed for use in Pennsylvania Dutch churches document this gradual process of Americanization including notable moments of resistance to change Daniel Grimminger's Sacred Song and the Pennsylvania Dutch is the only in depth study of the shifting identity of the Pennsylvania Dutch as manifested in their music Through a closer examination of music sources folk art and historical contexts this interdisciplinary study sheds light on the process of cultural change that occurred over the course of a century or more in the majority of Pennsylvania German communities and churches Grimminger's book also provides a model with which to view all ethnic enclaves in America and elsewhere and the ways in which loyalties can shift as a group becomes part of a larger cultural fabric Daniel Grimminger holds a doctorate in sacred music and choral conducting as well as a PhD in musicology He also holds a master of theological studies degree and is a clergyman in the North American Lutheran Church Grimminger teaches at Kent State University and is the pastor at Faith Lutheran Church in Millersburg Holmes County Ohio

The Music of the Moravian Church in America Nola Reed Knouse, 2008 The Moravians or Bohemian Brethren early Protestants who settled in Pennsylvania and North Carolina in the eighteenth century brought a musical repertoire that included hymns sacred vocal works accompanied by chamber orchestra and instrumental music by the best known European composers of the day Moravian composers mostly pastors and teachers trained in the styles and genres of the Haydn Mozart era crafted thousands of compositions for worship and copied and collected thousands of instrumental works for recreation and instruction The book's chapters examine sacred and secular works both for instruments including piano solo and for voices The Music of the Moravian Church demonstrates the varied roles that music played in one of America's most distinctive ethno cultural populations and presents many distinctive pieces that performers and audiences

continue to find rewarding Contributors Alice M Caldwell C Daniel Crews Lou Carol Fix Pauline M Fox Albert H Frank Nola Reed Knouse Laurence Libin Paul M Peucker and Jewel A Smith Nola Reed Knouse director of the Moravian Music Foundation since 1994 is active as a flautist composer and arranger She is the editor of The Collected Wind Music of David Moritz Michael

**Music of the Colonial and Revolutionary Era** John Ogasapian,2004-10-30 The colonial days of America marked not only the beginnings of a country but also of a new culture part of which was the first American music publishers entrepreneurs and instrument makers forging musical communities from New England to New Spain Elements of British Spanish German Scots Irish and Native American music all contributed to the many cultures and subcultures of the early nation While English settlers largely sought to impose their own culture in the new land the adaptation of native music by Spanish settlers provided an important cultural intersection The music of the Scots Irish in the middle colonies planted the seeds of a folk ballad tradition In New England the Puritans developed a surprisingly rich and recreational musical culture At the same time the Regular Singing Movement attempted to reduce the role of the clergy in religious services More of a cultural examination than a music theory book this work provides vastly informative narrative chapters on early American music and its role in colonial and Revolutionary culture Chapter bibliographies a timeline and a subject index offer additional resources for readers The American History through Music series examines the many different types of music prevalent throughout U S history as well as the roles these music types have played in American culture John Ogasapian s volume on the Colonial and Revolutionary period applies this cultural focus to the music of America s infancy and illuminates the surprisingly complex relationships in music of that time

**Reader's Guide to Music** Murray Steib,2013-12-02 The Reader s Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology

*Encyclopedia of American Folk Art* Gerard C. Wertkin,2004-08-02 For a full list of entries contributors and more visit the Encyclopedia of American Folk Art web site This is the first comprehensive scholarly study of a most fascinating aspect of American history and culture Generously illustrated with both black and white and full color photos this A Z encyclopedia covers every aspect of American folk art encompassing not only painting but also sculpture basketry ceramics quilts furniture toys beadwork and more including both famous and lesser known genres Containing more than 600 articles this unique reference considers individual artists schools artistic ethnic and religious traditions and heroes who have inspired folk art An incomparable resource for general readers students and specialists it will become essential for anyone researching American art culture and social history

**Church Music in America, 1620-2000** John Ogasapian,2007 The

history of American church music is a particularly fascinating and challenging subject if for no other reason than because of the variety of diverse religious groups that have immigrated and movements that have sprung up in America. Indeed for the first time in modern history possibly the only time since the rule of medieval Iberia under the Moors different faiths have co-existed here with a measure of peace sometimes ill humored occasionally hostile but more often amicable or at least tolerant influencing and even weaving their traditions into the fabric of one another's worship practices even as they competed for converts in the free market of American religion. This overview traces the musical practices of several of those groups from their arrival on these shores up to the present and the way in which those practices and traditions influenced each other leading to the diverse and multi-hued pattern that is American church music at the beginning of the twenty-first century. The tone is non-technical there are no musical examples and the musical descriptions are clear and concise. In short it is a book for interested laymen as well as professional church musicians for pastors and seminarians as well as students of American religious culture and its history.

*Biographical Memoir of William M. Goodrich, Organ-builder* William M. Goodrich, 2021-04-11. In *Biographical Memoir of William M. Goodrich, Organ-builder* the author delves into the life and work of William M. Goodrich a prominent figure in the field of organ building during the 19th century. The book is written in a scholarly and detailed manner providing insights into Goodrich's innovative techniques and significant contributions to the industry. Goodrich's legacy is explored within the literary context of biographical memoirs offering a unique perspective on his impact on the music world. William M. Goodrich the author of this memoir was himself an accomplished organ builder which lends credibility and authority to his portrayal of Goodrich's life and work. As an expert in the field Goodrich's firsthand knowledge and experience shine through in his writing making this memoir a valuable resource for scholars and enthusiasts alike. I highly recommend *Biographical Memoir of William M. Goodrich, Organ-builder* to anyone interested in the history of organ building music or biographical studies. Goodrich's meticulous research and engaging narrative style make this book a captivating read for those looking to delve into the life of a pioneering figure in the world of organs.

**America's Communal Utopias** Donald E. Pitzer, 2010-01-20. From the Shakers to the Branch Davidians America's communal utopians have captured the popular imagination. Seventeen original essays here demonstrate the relevance of such groups to the mainstream of American social, religious, and economic life. The contributors examine the beliefs and practices of the most prominent utopian communities founded before 1965 including the long overlooked Catholic monastic communities and Jewish agricultural colonies. Also featured are the Ephrata Baptists, Moravians, Shakers, Harmonists, Hutterites, Inspirationists of Amana, Mormons, Owenites, Fourierists, Icarians, Janssonists, Theosophists, Cyrus Teed's Koreshans, and Father Divine's Peace Mission. Based on a new conceptual framework known as developmental communalism the book examines these utopian movements throughout the course of their development before, during, and after their communal period. Each chapter includes a brief chronology giving basic information about the group discussed. An appendix presents the most complete list

of American utopian communities ever published The contributors are Jonathan G Andelson Karl J R Arndt Pearl W Bartelt Priscilla J Brewer Donald F Durnbaugh Lawrence Foster Carl J Guarneri Robert V Hine Gertrude E Huntington James E Landing Dean L May Lawrence J McCrank J Gordon Melton Donald E Pitzer Robert P Sutton Jon Wagner and Robert S Weisbrot *Pennsylvania Germans* Simon J.
