That They May Live: Theological Reflections on the Quality of Life College Theology Society, George Devine, 1972 Proceedings of the national convention of the College Theology Society held in St Paul Minn Apr 12 14 1971 Includes bibliographical references Quality of Life James J. Walter, Thomas Anthony Shannon, 1990 For the first time this book brings together many of the important essays that have shaped the debate on the quality of life That They May Live George Devine, 1984-06-01 The Ecclesiology of Stanley Hauerwas John B. Thomson, 2017-05-15 This book presents the theological work of Stanley Hauerwas as a distinctive kind of liberation theology John Thomson offers an original construal of this diffuse controversial yet highly significant modern theologian and ethicist Organising Hauerwas corpus in terms of the focal concept of liberation Thomson shows that it possesses a greater degree of coherence than its usual expression in ad hoc essays or sermons John Thomson locates Hauerwas in relation to a wide range of figures including the obvious choices Rauschenbusch Niebuhr Barth Yoder Lindbeck MacIntyre Milbank and O Donovan as well as less expected figures such as Gadamer Habermas Ricoeur Pannenberg Moltmann and Hardy Providing a structured and rigorous outline of Hauerwas intellectual roots this book presents an account of his theological project that demonstrates an underlying consistency in his attempt to create a political understanding of Christian freedom reaching beyond the limitations of the liberal post enlightenment tradition Hauerwas is passionate about the importance of moral discourse within the Christian community and its implications for the Church's politics When the Church is often perceived to be in decline and an irrelevance Hauerwas proffers a way of recovering identity confidence and mission particularly for ordinary Christians and ordinary churches Thomson evaluates the comparative strengths and weaknesses of Hauerwas argument and indicates a number of vulnerabilities in his project The Hauerwas Reader Stanley Hauerwas, 2001-07-23 A Stanley Hauerwas Reader including Hauerwas essays and excerpts from his books and monographs intended to provide a comprehensive introduction to his work Joining the Revolution in Theology Sandra Yocum Mize, 2007 A Sheed drawing boundaries fighting battles 1985 1994 Theology in local and global perspective 1985 1994 Negotiating the golden years 1995 2004 Nos quedamos 1995 From Measuring Rods to DNA Sequencing Ingrid Voléry, Marie-Pierre Julien, 2020-12-05 This book provides a 2004 solid basis to understand two centuries of bodily measurement practices and their scientific and political scope throughout the Western world By exploring various cases it proposes a new approach of measurement from an epistemological point of view and demonstrates the central role of the measurement of the body for political purposes By studying categorizations of race age and quality of life between the 19th and 20th century the first part of the book highlights how human body measurements extend from the flesh to subjective experience The second part shows how genomic correction and life support technologies reshape the frontiers between things humans and social subjects The final part reveals how contemporary measurements of age race and disease gave rise to new hierarchies between human beings and social groups

The book concludes by considering different styles of measuring the body and their ontological consequences Ethics as Grammar Brad J. Kallenberg, 2001-09-14 Wittgenstein one of the most influential and yet widely misunderstood philosophers of our age confronted his readers with aporias linguistic puzzles as a means of countering modern philosophical confusions over the nature of language without replicating the same confusions in his own writings In Ethics as Grammar Brad Kallenberg uses the writings of theological ethicist Stanley Hauerwas as a foil for demonstrating how Wittgenstein's method can become concrete within the Christian tradition Kallenberg shows that the aesthetic political and grammatical strands epitomizing Hauerwas s thought are the result of his learning to do Christian ethics by thinking through Wittgenstein Kallenberg argues that Wittgenstein's pedagogical strategy cultivates certain skills of judgment in his readers by making them struggle to move past the aporias and acquire the fluency of language's deeper grammar Theologians says Kallenberg are well suited to this task of going on because the gift of Christianity supplies them with the requisite resources for reading Wittgenstein Kallenberg uses Hauerwas to make this case showing that Wittgenstein's aporetic philosophy has engaged Hauerwas in a lifelong conversation that has cured him of many philosophical confusions Yet because Hauerwas comes to the conversation as a Christian believer he is able to surmount Wittgenstein's aporias with the assistance of theological convictions that he possesses through grace Ethics as Grammar reveals that Wittgenstein's intention to cultivate concrete skill in real people was akin to Aristotle's emphasis on the close relationship of practical reason and ethics In this thought provoking book Kallenberg demonstrates that Wittgenstein does more than simply offer a vantage point for reassessing Aristotle he paves the way for ethics to become a distinctively Christian discipline as exemplified by Stanley Hauerwas Good Company Stanley Hauerwas, 1995-07-31 By exposing a different account of politics the church as polis and counterstory to the world's politics Stanley Hauerwas helps Christians to recognize the unifying beliefs and practices that make them a The Church as Polis Arne Rasmusson, 2025-02-15 Political theology is one political entity apart from the rest of the world of the most influential theological movements of the latter part of the twentieth century and yet as Arne Rasmusson argues here the field suffers from deep inherent tensions in its attempt to mediate the Christian tradition and the modern emancipatory tradition Rasmusson contributes to political theology through an innovative discussion of the relationship between church and society and an exposition of the thought and work of political theology s influential representative J rgen Moltmann Rasmusson further refines his argument by filtering Moltmann's theology through an exploration of Stanley Hauerwas s theological positions That all may live! Chitando, Ezra, Mombo, Esther, Gunda, Masiiwa Ragies, 2021-10-13 This volume of BiAS ERA is a Festschrift honouring Nyambura J Njoroge She is an outstanding woman theologian whose work straddles diverse fields and disciplines Inspired by her rich and impressive uvre in this volume friends and colleagues of her among them celebrities like Musa Dube Gerald West Fulata Moyo Ezra Chitando and others explore how religion and theology in diverse contexts can become more life giving Contributors from many countries and different continents explore
