# Thatcher Politics And Fantasy The Political Culture Of Gender And Nation

**James G. Crossley**

## **Thatcher Politics And Fantasy The Political Culture Of Gender And Nation:**

**Thatcher, Politics and Fantasy** Heather Nunn, 2002 Nunn opens up a space for thinking in new ways about the relationship between the categories of woman and nation of political power and violence She explores the role of particular forms of femininity and masculinity in securing imaginary constructions of political leadership and national identity in which fantasies of mastery and invasion come to the fore

**The Play of Political Culture, Emotion and Identity** Candida Yates, 2015-09-22 Offering a uniquely psycho cultural take on the emotional dynamics of UK political culture this book uses theories and research in psychoanalysis cultural and media studies and political sociology It explores the cultural and emotional processes that shape our relationship to politics in a media age referencing Joanna Lumley to Nigel Farage

**The Oxford Handbook of Political Ideologies** Michael Freeden, Lyman Tower Sargent, Marc Stears, 2013-08-15 This is the first comprehensive volume to offer a state of the art investigation both of the nature of political ideologies and of their main manifestations The diversity of ideology studies is represented by a mixture of the range of theories that illuminate the field combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones Ideologies however are always with us The Handbook is divided into three sections The first is divided into three sections The first reflects some of the latest thinking about the development of ideology on an historical dimension from the standpoints of conceptual history Marx studies social science theory and history and leading schools of continental philosophy The second includes some of the most recent interpretations and theories of ideology all of which are sympathetic in their own ways to its exploration and close investigation even when judiciously critical of its social impact This section contains many of the more salient contemporary accounts of ideology The third focuses on the leading ideological families and traditions as well as on some of their cultural and geographical manifestations incorporating both historical and contemporary perspectives Each chapter is written by an expert in their field bringing the latest approaches and understandings to their task The Handbook will position the study of ideologies in the mainstream of political theory and political analysis and will attest to its indispensability both to courses on political theory and to scholars who wish to take their understanding of ideologies in new directions

**Remaining Loyal** David McGrane, 2014-10-01 When social democratic politicians in the 1990s moderated their ideas and policies as part of a turn towards the third way they were assailed as traitors to the cause Remaining Loyal demonstrates that while third way social democrats in Quebec and Saskatchewan supplemented certain social democratic ideas with more right wing economic programs their public policies remained true to the original spirit of social democracy Drawing on a range of archival resources David McGrane traces the evolution of social democracy in Quebec and Saskatchewan from their respective origins in social Catholic thought and agrarian protest movements at the turn of the twentieth century to the most recent Parti Qu b cois and New Democratic Party governments In doing so he reconstructs the public policies of traditional social democracy from the postwar era and the third way in the 1990s and early 2000s and finds

both differences and continuities McGrane contends that remaining loyal to core social democratic values is exactly what differentiates the third way from neo liberalism in Saskatchewan and Quebec The first historical comparison of social democracy in Saskatchewan and Quebec Remaining Loyal challenges how we think about the recent ideological evolution of left wing parties in Canada and the rest of the world      **IBSS: Political Science: 2004 Vol.52** The British Library of Political and Economic Science,2004-12 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth Today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage The IBSS reviews scholarship published in over thirty languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French      **Exposing Lifestyle Television** Gareth Palmer,2016-04-15 In the last decade lifestyle television has become one of the most dominant television genres with certain shows now global brands with formats exploited by producers all over the world What unites these programmes is their belief that the human subject has a flexible malleable identity that can be changed within television friendly frameworks In contrast to the talk shows of the eighties and nineties where modest transformation was discussed as an ideal advances in technology combined with changing tastes and demands of viewers have created an appetite for dramatic transformations This volume presents case studies from across the lifestyle genre considering a variety of themes but with a shared understanding of the self as an evolving project driven by enterprise Written by an international team of scholars the collection will appeal to sociologists of culture and consumption as well as to scholars of media studies and media production throughout the world      **Jonathan Coe** Philip Tew,2018-03-22 In novels such as What A Carve Up and The Rotters Club Jonathan Coe has established himself as one of the great satirical writers of our time Covering all of his major novels including his most recent book Number 11 Jonathan Coe Contemporary British Satire includes chapters by leading and emerging scholars of contemporary British writing The book features a preface by Coe himself and covers the ways in which his work grapples with such themes as class politics popular music sex gender and the media      Jesus and the Chaos of History James G. Crossley,2015 In Jesus and the Chaos of History James Crossley looks at the way the earliest traditions about Jesus interacted with a context of social upheaval and the ways in which this historical chaos of the early first century led to a range of ideas which were taken up modified ignored and reinterpreted in the movement that followed Crossley examines how the earliest Palestinian tradition intersected with social upheaval and historical change and how accidental purposeful discontinuous contradictory and implicit meanings in the

developments of ideas appeared in the movement that followed He considers the ways seemingly egalitarian and countercultural ideas co exist with ideas of dominance and power and how human reactions to socio economic inequalities can end up mimicking dominant power In this case the book analyzes how a Galilean protest movement laid the foundations for its own brand of imperial rule This evaluation is carried out in detailed studies on the kingdom of God and Christology sinners and purity and gender and revolution

**Comics, Activism, Feminisms** Anna Nordenstam, Kristy Beers Fägersten, Margareta Wallin Victorin, 2024-09-30 Comics Activism Feminisms explores from both historical and contemporary perspectives how comic art activism and feminisms are intertwined and how comic art itself can be a form of activism Feminist comic art emerged with the second wave feminist movements Today there are comics connected to social activist movements working for change in a variety of areas Comics artists often respond quickly to political events making comics on topical issues that take a critical or satirical stance and highlighting the need for change Comic art can point to problems present alternatives and give hope Comics artists from all parts of the world engage issues pertaining to feminisms and LGBTQIA issues war and political conflict climate crisis the global migrant and refugee situation and other societal problems The chapters of this anthology illuminate the aesthetic and thematic aspects of comics activism and feminisms globally Particular attention is given to the work of comics collectives where Do it Ourselves is a strategy among activism oriented artists which use a great variety of media such as fanzines albums webcomics and exhibitions to communicate and disseminate activist comic art Comics Activism Feminisms is an essential anthology for scholars and students of comics studies literary studies art history media studies and gender studies

**Private property and the fear of social chaos** Aidan Beatty, 2023-03-14 This is a book about what people imagine it means to live in a world where private property is dominant and their fears and sometimes hopes about living in a future world where private property has disappeared In the propertied imagination private property is a fragile thing an institution beset by terrifying enemies and racialised and gendered mobs Levellers and Diggers socialists and anarchists fervent religious radicals abolitionists feminists and haughty welfare state bureaucrats The history of private property is the history of a recurring nightmare that one or another of these groups would storm the castle and take control That threatened social chaos is the central unifying story of this book Private property and the fear of social chaos starts by charting the thinkers who laid the foundations for how we understand private property including Locke Burke Marx and Engels The book looks at how their ideas have been put into practice in ways that continue to shape the modern world from Harry Truman s housing policies and the anti abolitionist George Fitzhugh to Margaret Thatcher and Elon Musk Arguing that the spectre of the mob has been intimately interconnected with the idea of private property throughout capitalist modernity the book ambitiously narrates this history from the early colonisation of the Americas to Silicon Valley and the future of human colonisation in space

**Postwar Conservatism, A Transnational Investigation** Clarisse Berthezène, Jean-Christian Vinel, 2017-04-19 This volume offers a unique comparative perspective on

post war conservatism as it traces the rise and mutations of conservative ideas in three countries Britain France and the United States across a short twentieth century 1929 1990 and examines the reconfiguration of conservatism as a transnational phenomenon This framework allows for an important and distinctive point the 1980s were less a conservative revolution than a moment when conservatism understood in Burkean terms was outflanked by its various satellites and political avatars namely populism neoliberalism reaction and cultural and gender traditionalism No long running unique conservative mind comes out of this book s transnational investigation The 1980s did not witness the ascendancy of a movement with deep roots in the 18th century reaction to the French Revolution but rather the decline of conservatism and the rise of movements and rhetoric that had remained marginal to traditional conservatism UK Feminist Cartoons and Comics Nicola Streeten,2020-01-28

This book demonstrates that since the 1970s British feminist cartoons and comics have played an important part in the Women s Movement in Britain A key component of this has been humour This aspect of feminist history in Britain has not previously been documented The book questions why and how British feminists have used humour in comics form to present serious political messages It also interrogates what the implications have been for the development of feminist cartoons and for the popularisation of feminism in Britain The work responds to recent North American feminist comics scholarship that concentrates on North American autobiographical comics of trauma by women This book highlights the relevance of humour and provides a comparative British perspective The time frame is 1970 to 2019 chosen as representative of a significant historical period for the development of feminist cartoon and comics activity and of feminist theory and practice Research methods include archival data collection complemented by interviews with selected cartoonists Visual and textual analysis of specific examples draws on literature from humour theory comics studies and feminist theory Examples are also considered as responses to the economic social and political contexts in which they were produced Documentary Paul Ward,2006-03-17

In using case studies such as *Touching the Void* 2003 and the films of Nick Broomfield this timely introduction to the growing field of documentary explores the definition and understanding of the form as well as the relationship between documentary and drama specifically the notion of reconstruction and reenactment Paul Ward also discusses animated documentaries the fertile genre of comedy and feature length contemporary works that have achieved widespread cinematic release **The Postworld In-Between Utopia and Dystopia** Katarzyna Ostalska,Tomasz Fisiak,2021-12-29

This collection of essays offers global perspectives on feminist utopia and dystopia in speculative literature film and art working from a range of intersectional approaches to examine key works and genres in both their specific cultural context and a wider global epistemological critical background The international diverse contributions including a Foreword by Gregory Claeys draw upon posthumanism speculative realism speculative feminism object oriented ontology new materialisms and post Anthropocene studies to propose alternative perspectives on gender environment as well as alternate futures and pasts rendered in fiction Instead of binary divisions into utopia vs dystopia the collection explores

genres transcending this dichotomy scrutinising the oeuvre of both established and emerging writers directors and critics This is a rich and unique collection suitable for scholars and students studying feminist literature media cultural studies and women s and gender studies      *Selfish Women* Lisa Downing, 2019-05-24 This book proceeds from a single and very simple observation throughout history and up to the present women have received a clear message that we are not supposed to prioritize ourselves Indeed the whole question of self is a problem for women and a problem that issues from a wide range of locations including in some cases feminism itself When women espouse discourses of self interest self regard and selfishness they become illegible This is complicated by the commodification of the self in the recent Western mode of economic and political organization known as neoliberalism which encourages a focus on self fashioning that may not be identical with self regard or self interest Drawing on figures from French US and UK contexts including Rachilde Ayn Rand Margaret Thatcher and Lionel Shriver and examining discourses from psychiatry media and feminism with the aim of reading against the grain of multiple orthodoxies this book asks how revisiting the words and works of selfish women of modernity can assist us in understanding our fraught individual and collective identities as women in contemporary culture And can women with politics that are contrary to the interests of the collective teach us anything about the value of rethinking the role of the individual This book is an essential read for those with interests in cultural theory feminist theory and gender politics

**Neo-Victorian Humour** , 2017-06-06 This volume highlights humour s crucial role in shaping historical re visions of the long nineteenth century through modes ranging from subtle irony camp excess ribald farce and aesthetic parody to blackly comic narrative games It analyses neo Victorian humour s politicisation its ideological functions and ethical implications across varied media including fiction drama film webcomics and fashion Contemporary humour maps the assumed distance between postmodernity and its targeted nineteenth century referents only to repeatedly collapse the same in a seemingly self defeating nihilistic project This collection explores how neo Victorian humour generates empathy and effective socio political critique dispensing symbolic justice but also risks recycling the past s invidious ideologies under the politically correct guise of comic debunking even to the point of negating laughter itself This rich and innovative collection invites us to reflect on the complex and various deployments of humour in neo Victorian texts where its consumers may wish at times that they could swallow back the laughter a scene or event provokes It covers a range of approaches to humour utilised by neo Victorian writers dramatists graphic novelists and filmmakers including the deliberately and pompously unfunny the traumatic the absurd the ribald and the frankly distasteful producing a richly satisfying anthology of innovative readings of canonical neo Victorian texts as well as those which are potential generic outliers The collection explores what is funny in the neo Victorian and who we are laughing at the Victorians as we like to imagine them or ourselves in ways we rarely acknowledge This is a celebration of the parodic playfulness of a wide range of texts from fiction to fashion whilst offering a trenchant critique of the politics of postmodern laughter that will appeal to those working in adaptation studies gender and queer studies as well

as literary and cultural studies more generally Prof Imelda Whelehan University of Tasmania Australia     *Rethinking right-wing women* Clarisse Berthezène, Julie Gottlieb, 2017-12-12 *Rethinking Right Wing Women* explores the institutional structures for and the representations mobilisation and the political careers of women in the British Conservative Party since the late 19th century From the Primrose League est 1883 to Women2Win est 2005 the party has exploited women s political commitment and their social power from the grass roots to the heights of the establishment Yet although it is the party that extended the equal franchise had the first woman MP to sit Parliament and produced the first two women Prime Ministers the UK Conservative Party has developed political roles for women that jar with feminist and progressive agendas Conservative women have tended to be more concerned about the fulfilment of women s duties than the realisation of women s rights This book tackles the ambivalences between women s politicisation and women s emancipation in the history of Britain s most electorally successful and hegemonic political party     **Thatcher and After** Elizabeth Ho, 2010-07-16 The first substantial interdisciplinary cross genre critique of Margaret Thatcher and her cultural afterlife exploring Thatcher s legacy across a range of areas including public policy broadcast media film poetry architectural design political cartoons and literature     **Sexual Politics** Stephen Brooke, 2011-11-24 *Sexual Politics* explores the complex relationship between sexuality and socialist politics in Britain between the 1880s and the present day Looking at birth control abortion law reform and gay rights this is a timely examination of the relationship between the personal and the political over the last century and a half Stephen Brooke tells the stories of individuals such as Edward Carpenter Dora Russell Sheila Rowbotham Ken Livingstone Peter Tatchell and Tony Blair and organizations like the Workers Birth Control Group the Abortion Law Reform Association the National Abortion Campaign and the Labour Campaign for Lesbian and Gay Rights Sexual radicalism first and second wave feminism and gay liberation all feature in the book s portrait of the progress of sexual politics from the late nineteenth century to the early twenty first century *Sexual Politics* also offers an analysis of the Labour Party s long and sometimes ambiguous link to issues of sexuality ending with the considerable contribution made to sex reform by the New Labour governments of 1997 to 2010 Sexual issues were always under the surface of Labour politics in the twentieth century emerging forcefully in the 1970s and 1980s in a way that brought both division and unity to the party Brooke stresses the importance of class and gender identity to the fate of sexual issues in British politics the dynamic nature of British socialism and the impact of sexual radicalism feminism and gay liberation upon socialist and working class politics *Sexual Politics* argues that the shifting relationship between the personal and the political is a central element of twentieth century British history a relationship that helped define the character of political modernity     **God and Mrs Thatcher** Eliza Filby, 2015-02-24 A woman demonised by the left and sanctified by the right there has always been a religious undercurrent to discussions of Margaret Thatcher However while her Methodist roots are well known the impact of her faith on her politics is often overlooked In an attempt to source the origins of Margaret Thatcher s conviction politics Eliza Filby explores how

Thatcher's worldview was shaped and guided by the lessons of piety, thrift and the Protestant work ethic learnt in Finkin Street Methodist Church, Grantham, from her lay preacher father. In doing so, she tells the story of how a Prime Minister steeped in the Nonconformist teachings of her childhood entered Downing Street determined to reinvigorate the nation with these religious values. Filby concludes that this was ultimately a failed crusade. In the end, Thatcher created a country that was not more Christian but more secular and not more devout but entirely consumed by a new religion: capitalism. In upholding the sanctity of the individual, Thatcherism inadvertently signalled the death of Christian Britain. Drawing on previously unpublished archives, interviews and memoirs, Filby examines how the rise of Thatcher was echoed by the rebirth of the Christian right in Britain, both of which were forcefully opposed by the Church of England. Wide-ranging and exhaustively researched, *God and Mrs Thatcher* offers a truly original perspective on the source and substance of Margaret Thatcher's political values and the role that religion played in the politics of this tumultuous decade.

Getting the books **Thatcher Politics And Fantasy The Political Culture Of Gender And Nation** now is not type of challenging means. You could not without help going with books collection or library or borrowing from your associates to gate them. This is an certainly simple means to specifically acquire guide by on-line.
