## Thats Not All:

Justice in Love Nicholas Wolterstorff, 2015-05-15      *August Spies Et Al., Plaintiffs in Error* Illinois. Attorney General's Office, 1887      **Connecting Democracy** Stephen Coleman, Peter M. Shane, 2011-12-16 An investigation of the effect of government online forums on democratic practices in the United States and Europe The global explosion of online activity is steadily transforming the relationship between government and the public The first wave of change e government enlisted the Internet to improve management and the delivery of services More recently e democracy has aimed to enhance democracy itself using digital information and communication technology One notable example of e democratic practice is the government sponsored or government authorized online forum for public input on policymaking This book investigates these online consultations and their effect on democratic practice in the United States and Europe examining the potential of Internet enabled policy forums to enrich democratic citizenship The book first situates the online consultation phenomenon in a conceptual framework that takes into account the contemporary media environment and the flow of political communication then offers a multifaceted look at the experience of online consultation participants in the United States the United Kingdom and France and finally explores the legal architecture of U S and E U online consultation As the contributors make clear online consultations are not simply dialogues between citizens and government but constitute networked communications involving citizens government technicians civil society organizations and the media The topics examined are especially relevant today in light of the Obama administration s innovations in online citizen involvement      *Justice Oliver Wendell Holmes* H. L. Pohlman, 1993-09 Persuasive A welcome addition The Journal of Legal History A masterly exposition of the complex details of Holmes Supreme Court work The Core Review In this work H L Pohlman calls for a new interpretation of Holmes as a moderate defender of free speech and provides a window into Holmes basic understanding of American constitutionalism Pohlman argues that Holmes played a crucial role in the development of the idea that the Constitution is a living entity an idea that differed radically from nineteenth century antecedents      The Myth of the Russian Intelligentsia Inna Kochetkova, 2009-12-22 This book examines the phenomenon of the Russian intelligentsia as a cultural story or myth it focuses on one of the most important and influential groups of Russian intellectuals the 1960s generation or Sixtiers who devoted their lives to defending socialism with a human face authored Perestroika and were subsequently demonized when the reforms failed      **The Ethics of Sightseeing** Dean MacCannell, 2011-05-19 This is quintessential MacCannell It is quirky brilliant profound and thought provoking There are new insights on almost every page A great read Edward Bruner author of Culture on Tour Ethnographies of Travel This is an extraordinary engaging and provocative work by one of the distinctive leaders in what has become a lively intellectual field It also speaks to much broader questions about culture economy social life and experience than the touristic this is powerful social theory in transit Don Brenneis co editor of Law and Empire in the Pacific The Ethics of Sightseeing is vintage MacCannell It draws together topics some of which have

already appeared as separate papers in an analytical whole in the same way he did in his original 1976 book *The Tourist* And like *The Tourist* this book is full of brilliant insights drawn from personal experiences anecdotes and a wide knowledge of the humanistic and social science literature It is eye opening and pushes the boundaries of knowledge and disciplines It will go well beyond academic and classroom audiences in providing a new twist to cultural studies interpretations of modern society Nelson Graburn co editor of *Multiculturalism in the New Japan* Science, Pseudo-Science and Society Marsha Hanen, Margaret Osler, Robert Weyant, 2006-01-01 This volume collects the papers presented at a conference on Science Pseudo science and Society sponsored by the Calgary Institute for the Humanities and held at the University of Calgary May 10 12 1979 More than many such collections this one preserves some trace of the intellectual excitement which surrounded this gathering of scholars A primary inspiration for the symposium on Science Pseudoscience and Society was a growing awareness of the crucial role the study of pseudo science plays in the areas of contemporary scholarship which are concerned with the nature of science and its relationship to broader social issues This volume is organized around three major questions concerning the relationships among science pseudo science and society The papers in the first section address the question of whether it is possible to draw a sharp demarcation between science and pseudo science and what the criteria of that demarcation might be The papers in the second section recognizing the historical importance of various of the pseudo sciences consider their impact positive or negative on the development of the sciences themselves The papers in the third section deal with the question of the relationship between the sciences and pseudo sciences on the one hand and social factors on the other *Secrets of the Adversarial Interview* Ron Niccum, 2010-01-06 Techniques technologies and applications the arts and sciences of interrogating criminal suspects their victims and the witnesses to their crimes Sounds exciting don't it advertisement Ooooooh kind a gets you all tingly Wow And doesn't it just set you to thinking about gladiators locked in the deadly dance of hand to hand combat *Secrets* takes you through the entire process of interrogation from start to finish BUT if you were expecting waterboarding and other inefficient methods of torture FORGET IT The Adversarial Interview not only works but it's legal *Three Months With the Spirit* Dr. Justo L. Gonzalez, 2015-08-18 Three Months with the Spirit is popular author Justo Gonzalez study of the Acts of the Apostles Eminently readable the study uses the see judge act method to bring readers closer to the text and informs and challenges the daily life of the Christian These thirteen studies can be used for Sunday school for evening Bible study for home study meetings for faith communities for retreats and for personal Bible study In addition Three Months with the Spirit can easily be used as a daily Bible study as each lesson is divided into seven parts **The Right to Equality in European Human Rights Law** Charilaos Nikolaidis, 2014-07-25 A right to equality and non discrimination is widely seen as fundamental in democratic legal systems But failure to identify the human interest that equality aims to uphold reinforces the argument of those who attack it as morally empty or unsubstantiated and weakens its status as a fundamental human right This book argues that an understanding of the human

interest which equality aims to uphold is feasible within the jurisprudence of the European Court of Human Rights ECtHR and the European Court of Justice ECJ In comparing the evolution of the prohibition of discrimination in the case law of both Courts Charilaos Nikolaidis demonstrates that conceptual convergence within the European Convention on Human Rights ECHR and the EU on the issue of equality is not as far as it might appear initially While the two bodies of equality law are extremely divergent as to the requirements they impose their interpretation by the international judiciary might be properly analysed under a common light to emphasise the substantive dimension of equality in European Human Rights law The book will be of great use and interest to scholars and students of human rights discrimination law and European politics
