

THE 12 STEPS

STEP 1: HONESTY

After many years of denial, recovery can begin when with one simple admission of being powerless over alcohol-for alcoholics and their friends and family.

STEP 2: FAITH

It seems to be a spiritual truth, that before a higher power can begin to operate, you must first believe that it can.

STEP 3: SURRENDER

A lifetime of self-will run riot can come to a screeching halt and change forever, by making a simple decision to turn it all over to a higher power.

STEP 4: SEARCHING

There is a saying in the 12-step programs that recovery is a process, not an event. The same can be said for this step-more will surely be revealed.

STEP 5: INTEGRITY

Probably the most difficult of all the steps to face, Step 5 is also the one that provides the greatest opportunity for growth.

STEP 6: ACCEPTANCE

The key to Step 6 is acceptance-accepting character defects exactly as they are and becoming entirely willing to let them go.

STEP 7: HUMILITY

The spiritual focus of Step 7 is humility, asking a higher power to do something that cannot be done by self-will or mere determination.

STEP 8: WILLINGNESS

Making a list of those harmed before coming into recovery may sound simple. Becoming willing to actually make those amends is the difficult part.

STEP 9: FORGIVENESS

Making amends may seem like a bitter pill to swallow, but for those serious about recovery, it can be great medicine for the spirit and soul.

STEP 10: MAINTENANCE

Nobody likes to admit to being wrong. But it is absolutely necessary to maintain spiritual progress in recovery.

STEP 11: MAKING CONTACT

The purpose of Step 11 is to discover the plan God (as you understand Him) has for your life.

STEP 12: SERVICE

For those in recovery programs, practicing Step 12 is simply 'how it works.'

Trauma and the 12 Steps, Revised and Expanded Jamie Marich, PHD, 2020-07-07. An inclusive research-based guide to working the 12 steps, a trauma-informed approach for clinicians, sponsors, and those in recovery. Step 1: You admit that you're powerless over your addiction. Now what? 12-step programs like Alcoholics Anonymous (AA) and Narcotics Anonymous (NA) have helped countless people on the path to recovery. But many still feel that 12-step programs aren't for them: that the spiritual emphasis is too narrow, the modality too old-school, the setting too triggering, or the space too exclusive. Some struggle with an addict label that can eclipse the histories, traumas, and experiences that feed into addiction, or dismisses the effects of adverse experiences like trauma in the first place. Advances in addiction medicine, trauma, neuropsychiatry, social theory, and overall strides in inclusivity need to be integrated into modern-day 12-step programs to reflect the latest research and what it means to live with an addiction today. Dr. Jamie Marich, an addiction and trauma clinician in recovery herself, builds necessary bridges between the 12-step's core foundations and up-to-date developments in trauma-informed care. Foregrounding the intersections of addiction, trauma, identity, and systems of oppression, Marich's approach treats the whole person, not just the addiction, to foster healing, transformation, and growth. Written for clinicians, therapists, sponsors, and those in recovery, Marich provides an extensive toolkit of trauma-informed skills that explains how trauma impacts addiction, recovery, and relapse; celebrates communities who may feel excluded from the program, like atheists, agnostics, and LGBTQ folks; welcomes outside help from the fields of trauma, dissociation, mindfulness, and addiction research; explains the differences between being trauma-informed and trauma-sensitive; and discusses spiritual abuse as a legitimate form of trauma that can profoundly impede spirituality-based approaches to healing.
