The 1982 Cuban Joint Venture Law Context Assessment And Prospects:

The 1982 Cuban Joint Venture Law Jorge F. Pérez-López, 1985 **Problems of Communism**, 1986 **The Cuban Economy** Antonio Jorge, Jaime Suchlicki, 1989-01-01 Cuba's Foreign Policy In The Middle East Damian J Fernandez, 2021-11-18 In spite of the growing academic interest in Cuba's international relations in the revolutionary period Cuba's policy toward the Middle East has been a neglected field of study Although the Middle East has not been a high priority item on Fidel Castro's agenda various factors have combined to propel the regime into taking a more active stance in the region not least of which is the importance of the Middle East to the Soviet Union Some of these factors have been ideological such as the nature of Castroism itself Other factors have been more pragmatic the need to increase Cuba's leverage with the Soviet Union the desire to establish spheres of interest of its own in the Third World the attempt to use external politics to soothe internal problems and the wish to maximize the prestige of the Cuban revolution and by extension that of its leader maximo Since 1959 Havana's Middle Eastern policy has experienced four stages 1 1959 1973 Autonomous foreign policy marked by a dual relationship with both Israel and the Arab states 2 1973 1977 Accommodation to the Soviet line anti Israeli policy combined with an expansion of relations with progressive states signalled by the establishment of Cuban military missions 3 1977 1980 Activist policy in the region expanded role and development of diplomatic relationships 4 1981 to the present 1985 Cautious involvement restrained activism emphasizing socio economic cooperation Cuba's incursion into the Arab world illuminates how Cuban foreign policy works especially in relation to autonomy convergence and subordination dependence pragmatism and ideology The island's entrance into Middle East politics has introduced new risks into the island's foreign policy in return for the benefits which have been derived A theory to explain Cuba's foreign policy in its interaction with the Soviet Union in the Third World must include heretofore neglected variables time regime type and factionalism bureaucratic politics in addition to external events The study of Cuba's initiatives in the Middle East will serve to test this theory Tourism Marketing and Management in the Caribbean (RLE Marketing) Dennis J. Gayle, Jonathan N. Goodrich, 2014-09-15 The Caribbean now has one of the largest regional tourism industries in the world amongst developing countries When originally published this volume was the first to provide a comprehensive discussion of tourism in this part of the world It begins with an overview of the industry and then examines aspect of tourism marketing and management on a region by region basis covering the Bahamas Jamaica Barbados St Lucia Trinidad and Tobago Guyana and Cuba Detailed analysis follows of sectors within the industry such as heritage and health care with central issues such as the intense competition between the cruise ship and hotel industries being highlighted Discussion of the impact of US and EU policies on Caribbean tourism provides an important international perspective Throughout the focus is on the contribution of the regional tourism industry to Caribbean economic growth and development *Socialist Cuba* Sergio G Roca, Rhoda Rabkin, Sergio Diaz-Briquets, Carmelo Mesa-Lago, 2019-07-11 This book examines change within continuity and analyzes

stability within revolution It focuses on uneven rate of development among the political economic and social realms of revolutionary life in socialist Cuba on the implications of the changes unleashed by the Third Party Congress in 1986

Cuba After the Cold War Carmelo Mesa-Lago,1993-08-15 Ten original essays by an international team of scholars specializing in Cuba the Soviet Union Eastern Europe and Latin America focus on the fall of communism in Europe and the transition to a market economy Major themes of this study are the impact of the USSR s collapse on Cuba how the historic events in Europe have affected the Central and South American Left their implications to Cuba Cuba s policies for confronting the crisis and potential scenarios for the political and economic transformation of Cuba Cuba Georges Alfred Fauriol,Eva Loser,1990-01-01 Fidel Castro s revolution and its foreign policy extensions have been the source of much U S Latin American policy frustration during the last 30 years Not only the ideological tensions but the almost global sweep of Cuba s national pretensions have consumed U S resources and political capital and thrust a small island nation to the forefront of global intrigue and crisis But as this volume shows there are signs that Cuba s internationalism is now at a crossroads Fauriol and Loser have gathered together a distinguished group of specialists on Cuba to review principal aspects of Cuba s international relations Among the new dimensions discussed are shifts in Cuba s African policy the residual political impact of Grenada developments in Central America the aftermath of the Ochoa narcotics episode and perhaps most significantly the degree of tension between Cuba and both Moscow and Washington and leadership succession beyond Castro A primary issue for Cuba the authors show will be its isolation within the Soviet bloc and its refusal to address Gorbachev s challenges to the status quo At the very least Cuba risks becoming an irrelevant anachronism amidst the groundswell of change in the communist world These and other issues are addressed in a major review of Cuba s position in the world 30 years after its revolution Cuba The International Dimension will be of interest to researchers and policy makers concerned with Latin America and the Caribbean as well as those interested in changes in the Third World and communist countries worldwide Contributors include Jiri Valenta Jaime Suchlicki William Ratliff Ernest Evans Juan Benemelis Gillian Gunn Scott MacDonald Michael J Mazaar Constantine Menges Jorge F Perez Lopez Jorge Sanguinety Paula J Pettavino and Juan M del Aguila Law and policy in international business ,2000 **To Make a World Safe for Revolution** Professor Jorge I Doma-Ñguez,Jorge I. Domínguez,2009-06-01 The twentieth century history of Cuba borders on fantasy This diminutive country boldly and repeatedly exercises the foreign policy of a major power Although closely tied to the United States through most of its modern history Cuba successfully defied the U S government after 1959 consolidated its own power and defeated an invasion of U S backed exiles at the Bay of Pigs in 1961 Fidel Castro then brought the world alarmingly close to

nuclear war in 1962 Jorge Dom nguez presents a comprehensive survey of Cuban international relations since Castro came to power Dom nguez unravels Cuba s response to the 1962 missile crisis and the U S Soviet understandings that emerged from that He explores the ties that link Cuba to the U S S R and other Communist countries analyzes Cuban support for revolutionary movements throughout the world especially in Latin America and Africa and assesses the significance of Cuban political and economic relations with Western Europe Canada and Japan Some have charged that Cuba does not have a foreign policy that Fidel Castro merely takes orders from his Soviet bosses Dom nguez argues that there is indeed a specifically Cuban foreign policy poised not only between hegemony and autonomy between compliance and self assertion but also between militancy and pragmatism He believes that within the context of Soviet hegemony Cuba s foreign policy is very much its own and he marshals impressive evidence to support this belief His book is based on extensive documentation from Cuba the United States and other countries as well as from many in depth interviews carried out during trips to Cuba
