Shields,2002-09-01 Details the events surrounding the 1993 bombing of the World Trade Center as well as the investigation and trial of those responsible for the terrorist attack **The 1993 World Trade Center Bombing** Peter Caram,2001 The World Trade Center was both a great engineering feat and a potent symbol This analysis asserts that it was also a security hazard for almost all of its existence The author until recently a detective sergeant and antiterrorist officer at the World Trade Center with experience in airport security voices harsh criticisms of the security lapses that allowed the 1993 bombing to take place a precursor and unheeded warning of the 2001 disaster Completed before this cataclysmic event this book gives an insider s perspective of Port Authority attitudes and on the mismanagement of security functions at the World Trade Center It claims that officials did not give serious attention to the resentment of the United States policy in the Middle East nor to the mindset of Islamic fundamentalists or even to expressed threats from dedicated terrorists The author himself of Arab American descent paints an indignant but well informed picture of the situation prior to the attack in 1993 **The World Trade Center Bombing** ,1994 **Great Disasters** Belinda Friedrich,Carole Gallagher,Judy L Hasday,Charles J Shields,Hal Marcovitz,2005-01-01 **The Attacks on the World Trade Center** Carolyn Gard,2002-12-15 A comprehensive look at the World Trade Center towers the 1993 bombing and the attacks of September 11 2001 that brought them down the terrorists involved and America s response The World Trade Center: the 1993 Attack Patrick Campbell,2015-10-03 When the World Trade Center was bombed in February of 1993 the FBI classified the attack as an example of domestic criminality even though all of the men accused of involvement in the attack were Muslim extremists who were not born in the United States Yet it was sheer luck that the bomb placed in the parking garage did not create a disaster that had ten times the fatalities of the 9 11 attack **Investigating the Attacks on the World Trade Center** Lena Koya,Carolyn Gard,2017-07-15 The world watched in horror on September 11 2001 when two passenger planes were flown into the World Trade Center buildings killing nearly three thousand people Soon after the United States entered a war that would last many years This book explores the events leading up to this horrific attack and the terrorist group responsible as well as the attack itself and its long lasting ramifications Students will be guided in their reading with a timeline a glossary and a further information section to encourage a deeper understanding of the topic The 2/26 Before 9/11 @ The World Trade Center Clifford N. Oporum,2024-10-01 This book is based on a true eyewitness account of what actually happened on that uneventful gloomy snowy and cold early afternoon on Friday February 26 1993 at America s famous landmark the World Trade Center As one of the living survivors of that first attack in 1993 I realized that the 9 11 2001 story would be incomplete without the knowledge and clear understanding of the tragic and sad events of 2 26

1993 which shook many Americans and citizens of other nations who called the World Trade Center their home for business I also thought that it would be morally and psychologically unfair to the thousands of men women and children who were directly or indirectly victimized by that particular incident which took six innocent lives and left hundreds of people wounded and traumatized and several families devastated in its aftermath You will agree with me that one life lost is one too many
