**Jazz** Eddie S. Meadows, 2013-10-23. Jazz Research and Pedagogy is the third edition of an annotated bibliography of books, recordings, videos, and websites in the field of jazz. Since the publication of the 2nd edition in 1995, the quantity and quality of books on jazz research, performance, and teaching materials have increased. Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date, several books on research, performance, and teaching materials were omitted. In addition, given the proliferation of new books in all jazz areas since 1995, the need for a new comprehensive and annotated reference book on jazz is apparent. Multiply indexed, this book will serve as an excellent tool for librarians, researchers, and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade.
