Digest; Review of Reviews Incorporating Literary Digest, 1898 **United Services and Empire Review**, 1917 Suing the Gun Industry Timothy Lytton, 2009-04-21 Mass tort litigation against the gun industry with its practical weaknesses successes and goals provides the framework for this collection of thoughtful essays by leading social scientists lawyers and academics These informed analyses reveal the complexities that make the debate so difficult to resolve Suing the Gun Industry masterfully reveals the many details contributing to the intractability of the gun debate New York Law Journal Second Amendment advocate or gun control fanatic all Americans who care about

freedom need to read *Suing the Gun Industry* Bob Barr Member of Congress 1995 2003 and Twenty First Century Liberties Chair for Freedom and Privacy American Conservative Union The source for anyone interested in a balanced analysis of the lawsuits against the gun industry David Hemenway Professor of Health Policy Director Harvard Injury Control Research Center Harvard School of Public Health Health Policy and Management Department author of *Private Guns Public Health* Highly readable comprehensive well balanced It contains everything you need to know and on all sides about the wave of lawsuits against U S gun manufacturers James B Jacobs Warren E Burger Professor of Law and author of *Can Gun Control Work In Suing the Gun Industry* Timothy Lytton has assembled some of the leading scholars and advocates both pro and con to analyze this fascinating effort to circumvent the well known political obstacles to more effective gun control This fine book offers a briefing on both the substance and the legal process of this wave of lawsuits together with a better understanding of the future prospects for this type of litigation vis vis other industries Philip J Cook Duke University An interesting collection generally representing the center of the gun control debate with considerable variation in focus objectivity and political realism Paul Blackman retired pro gun criminologist and advocate Gun litigation deserves a closer look amid the lessons learned from decades of legal action against the makers of asbestos Agent Orange silicone breast implants and tobacco products among others *Suing the Gun Industry* collects the diverse and often conflicting opinions of an outstanding cast of specialists in law public health public policy and criminology and distills them into a complete picture of the intricacies of gun litigation and its repercussions for gun control Using multiple perspectives *Suing the Gun Industry* scrutinizes legal action against the gun industry Such a broad approach highlights the role of this litigation within two larger controversies one over government efforts to reduce gun violence and the other over the use of mass torts to regulate unpopular industries Readers will find *Suing the Gun Industry* a timely and accessible picture of these complex and controversial issues Contributors Tom Baker Donald Braman Brannon P Denning Tom Diaz Howard M Erichson Thomas O Farrish Shannon Frattaroli John Gastil Dan M Kahan Don B Kates Timothy D Lytton Julie Samia Mair Richard A Nagareda Peter H Schuck Stephen D Sugarman Stephen Teret Wendy Wagner

The Triumph of the Gun-Rights Argument Harry L. Wilson, 2015-01-16 Taking the bold position that the battle over gun control has already been won by the pro gun rights faction this book will be equally informative to those immersed in the debate and those new to it Gun control evokes passions equaled by few other subjects As this book shows the debate over firearms begins with cultural values and extends into questions of constitutional rights public health and safety and politics Examining its subject through the prism of the Sandy Hook shootings the book looks at the influence of elected officials the courts interest groups and average citizens in shaping gun control laws It shares poll results detailing what the public really thinks about guns and why and it explains the various components of gun policy and policymaking to show how they come together to form the current reality While small skirmishes about the right to bear arms will continue for some time the author a self described gun owning academic asserts

that changing public opinion Supreme Court decisions dominance of gun rights interest groups the Democratic Party's virtual withdrawal from the discussion and a declining violent crime rate have formed a perfect storm resulting in the effective end of the gun control debate This assertion and the thoughtful examination that leads to it will be of equal interest to those engaged in the argument and those researching it for the first time **The Review of Reviews** ,1898 American Monthly Review of Reviews Albert Shaw,1900 *Military Review* ,1987 **Guns in American Society** Gregg Lee Carter,2012-05-04 Thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in American life The landmark 2002 edition of *Guns in American Society* An Encyclopedia of History Politics Culture and the Law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues Now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition With over 100 new entries the latest edition of *Guns in American Society* is the most current resource available on all aspects of the gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more With expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters **Regulation vs. Litigation** Daniel P. Kessler,2010-12-20 The efficacy of various political institutions is the subject of intense debate between proponents of broad legislative standards enforced through litigation and those who prefer regulation by administrative agencies This book explores the trade offs between litigation and regulation the circumstances in which one approach may outperform the other and the principles that affect the choice between addressing particular economic activities with one system or the other Combining theoretical analysis with empirical investigation in a range of industries including public health financial markets medical care and workplace safety *Regulation versus Litigation* sheds light on the costs and benefits of two important instruments of economic policy *Contemporary Research on Police Organizations* George W. Burruss,Matthew J. Giblin,Joseph A. Schafer,2019-12-18 Much research on policing focuses on individual officer decision making in the field but officers are positioned within organizations Organizational characteristics including structures policies management training culture traditions and the environmental context affect individual officer behavior and attitudes Recent high profile controversies surrounding policing have generated interest in examining what factors may have led to current crises In this book contributors discuss how police department priorities are made how departments respond to sexual assault complaints how forensic scientists deal with job stress and satisfaction how police use gun crime incident reviews for problem solving and information sharing how police officers view the use of body worn

cameras given their perceptions of organizational justice and how officers view their work culture The purpose of this book is to give policy makers and scholars some guidance on the interplay between the individual and the organization By understanding this dynamic police administrators should be able to better devise reform efforts This book was originally published as a special issue of the Journal of Crime and Justice
