Metamedia Alexander Starre, 2015-08-15 Does literature need the book With electronic texts and reading devices growing increasingly popular the codex is no longer the default format of fiction Yet as Alexander Starre shows in Metamedia American literature has rediscovered the book as an artistic medium after the first e book hype in the late 1990s By fusing narrative and design a number of bibliographic writers have created reflexive fictions metamedia that invite us to read printed formats in new ways Their work challenges ingrained theories and beliefs about literary communication and its connections to technology and materiality Metamedia explores the book as a medium that matters and introduces innovative critical concepts to better grasp its narrative significance Combining sustained textual analysis with impulses from the fields of book history media studies and systems theory Starre explains the aesthetics and the cultural work of complex material fictions such as Mark Z Danielewski s House of Leaves 2000 Chip Kidd s The Cheese Monkeys 2001 Salvador Plascencia s

The People of Paper 2005 Reif Larsen's The Selected Works of T S Spivet 2009 and Jonathan Safran Foer's Tree of Codes 2010 He also broadens his analysis beyond the genre of the novel in an extensive account of the influential literary magazine McSweeney's Quarterly Concern and its founder Dave Eggers For this millennial generation of writers and publishers the computer was never a threat to print culture but a powerful tool to make better books In careful close readings Starre puts typefaces layouts and cover designs on the map of literary criticism At the same time the book steers clear of bibliophile nostalgia and technological euphoria as it follows writers designers and publishers in the process of shaping the surprising history of literary bookmaking after digitization Blanks, Print, Space, and Void in English Renaissance Literature Jonathan Sawday, 2023 This book is an inquiry into blank or empty spaces in primarily English printed books in the period c 1500 c 1700 as well as in Renaissance culture more generally The book concentrates on the substrate the background of any printed work which is often held to be empty or blank space These spaces are also considered as gaps where text or images are constructed as missing lost withheld or perhaps never devised in the first place. The topics discussed include space and silence emptiness and absence the vacuum race and racial identity blackness and whiteness together with lightness darkness and sightlessness cartography and emptiness the effect of typography on reading practices the social spaces of the page gendered surfaces hierarchies of information books of memory pages constructed as waste or vacant blank forms and bureaucracy political and devotional spaces censorship endings fragments terminations and mortality The book pays close attention to the writings of many of the familiar figures in English Renaissance literary culture Sidney Shakespeare Donne Jonson and Milton But the book also discusses the work of numerous women writers from the period including Aphra Behn Ann Bradstreet Margaret Cavendish Lady Jane Gray Lucy Hutchinson melia Lanyer Arbella Stuart Isabella Whitney and Lady Mary Wroth as well as introducing readers to many lesser known figures and writings of the period Crime and Punishment in Contemporary Culture Claire Grant, 2013-05-13 Today questions about how and why societies punish are deeply emotive and hotly contested In Crime and Punishment in Contemporary Culture Claire Grant argues that criminal justice is a key site for the negotiation of new collective identities and modes of belonging Exploring both popular cultural forms and changes in crime policies and criminal law Grant elaborates on new forms of critical engagement with the politics of crime and punishment In doing so the book discusses teletechnologies punishment and new collectivities the cultural politics of victims rights discourses on foreigners crime and diaspora terror the death penalty and the spectacle of violence Crime and Punishment in Contemporary Culture makes a timely and important contribution to debate on the possibilities of justice in the media age This book is essential reading for undergraduates postgraduates and researchers interested in the area of crime and punishment
