The Hamlet First Published Qi 1603 Origins Form Intertextualities:

The First Quarto of Hamlet William Shakespeare, 1998 The first quarto of Hamlet is radically different from the second quarto and Folio versions of the play and about half their length But despite its uneven verbal texture and simpler characterisation the first quarto presents its own workable alternatives to the longer texts reordering and combining key plot elements and even including a unique scene between Horatio and the Queen This new critical edition is designed for students scholars and actors who are intrigued by the first printed text of Shakespeare's Hamlet Although the first quarto has been reprinted many times there is no other modernised edition in print Irace's introduction outlines views of its origins its special features and its surprisingly rich performance history her textual notes point out differences between the first quarto and the longer second quarto and Folio versions and offer alternatives which actors or directors might choose for specific productions

Shakespeare's Stage Traffic Janet Clare, 2014-01-09 Shakespeare's unique status has made critics reluctant to acknowledge the extent to which some of his plays are the outcome of adaptation In Shakespeare's Stage Traffic Janet Clare re-situates Shakespeare's dramaturgy within the flourishing and competitive theatrical trade of the late sixteenth and early seventeenth centuries She demonstrates how Shakespeare worked with materials which had already entered the dramatic tradition and how in the spirit of Renaissance theory he moulded and converted them to his own use The book challenges the critical stance that views the Shakespeare canon as essentially self-contained moves beyond the limitations of generic studies and argues for a more conjoined critical study of early modern plays Each chapter focuses on specific plays and examines the networks of influence exchange and competition which characterised stage traffic between playwrights including Marlowe Jonson and Fletcher Overall the book addresses multiple perspectives relating to authorship and text performance and reception

Shakespeare at Work John Jones, 1999 It has been established by textual specialists and is now becoming widely accepted that Shakespeare revised many of his plays including some of the most celebrated But how were the great tragedies altered and with what effect John Jones looks at the implications of Shakespeare's revisions for the reader and spectator alike and shows the playwright getting to grips with the problems of characterization and scene formation in such plays as Hamlet Othello King Lear and Troilus and Cressida This is vivid enthralling stuff Jones carries his argument down as he puts it to the very tip of Shakespeare's quill pen In characteristically lucid and accessible prose he assesses recent textual scholarship on

1599 - 2a edição James Shapiro, 2024-04-21 Nova edição da premiada biografia de William Shakespeare em comemoração ao seu aniversário de 460 anos O ano de 1599 foi crucial para o desenvolvimento artístico de Shakespeare assim como as reviravoltas históricas que ocorreram nesse período Os elisabetanos passavam por um momento delicado de sua história Já em idade avançada a rainha Elizabeth I não transmitia segurança para seu povo não tinha um herdeiro direto e a rebelião irlandesa não podia ser contida O príncipe de Essex que gozava de grande simpatia da rainha era ineficiente na batalha e sua lealdade começava a ser contestada A Armada Espanhola se aproximava de Londres e espiões da Scotland Yard estavam por toda a parte A insegurança da rainha transformou-se em censura qualquer um que a amaldiçoesse ainda que minimamente poderia ser condenado prisão Este livro tanto sobre o que Shakespeare realizou quanto sobre o que os elisabetanos vivenciaram nesse ano duas coisas que são quase inextrincáveis é impossível falarmos sobre as peças de Shakespeare sem considerar sua época quanto compreender o que aquela sociedade vivenciou sem dispormos das perspectivas proporcionadas pelo grandioso trabalho de dramaturgo
