Heydemann, Stefan Toepler**

The Haynes Foundation And Urban Reform Philanthropy In Los Angeles A History:

The Haynes Foundation and Urban Reform Philanthropy in Los Angeles Tom Sitton, 1999 **American Philanthropic Foundations** David C. Hammack, Steven Rathgeb Smith, 2018-04-16 Essays examining the origins development and achievements of charitable organizations in key US cities and regions Once largely confined to the biggest cities in the mid Atlantic and Great Lakes states philanthropic foundations now play a significant role in nearly every state Wide ranging and incisive the essays in American Philanthropic Foundations Regional Difference and Change examine the origins development and accomplishments of philanthropic foundations in key cities and regions of the United States Each contributor assesses foundation efforts to address social and economic inequalities and to encourage cultural and creative life in their home regions and elsewhere This fascinating and timely study of contemporary America s philanthropic foundations vividly illustrates foundations commonalities and differences as they strive to address pressing public problems **Legitimacy of Philanthropic Foundations** Kenneth Prewitt, Mattei Dogan, Steven Heydemann, Stefan Toepler, 2006-10-27 Though privately controlled foundations perform essential roles that serve society at large They spearhead some of the world s largest and most innovative initiatives in science health education and the arts fulfilling important needs that could not be addressed adequately in the marketplace or the public sector Still many people have little understanding of what foundations do and how they continue to earn public endorsement The Legitimacy of Philanthropic Foundations provides a thorough examination of why foundations exist and the varied purposes they serve in contemporary democratic societies The Legitimacy of Philanthropic Foundations looks at foundations in the United States and Europe to examine their relationship to the state the market and civil society Peter Frumkin argues that unlike elected officials who must often shy away from topics that could spark political opposition and corporate officers who must meet bottom line priorities foundations can independently tackle sensitive issues of public importance Kenneth Prewitt argues that foundations embody elements of classical liberalism such as individual autonomy and limited government interference in private matters and achieve legitimacy by putting private wealth to work for the public good Others argue that foundations achieve legitimacy by redistributing wealth from the pockets of rich philanthropists to the poor But Julian Wolpert finds that foundations do not redistribute money directly to the poor as much as many people believe Instead many foundations focus their efforts on education health and scientific research making investments that benefit society in the long term and focusing on farsighted issues that a myopic electorate would not have patience to permit its government to address Originating from private fortunes but working for the public good independently managed but subject to legal prescriptions philanthropic foundations occupy a unique space somewhere between the public and private sectors The Legitimacy of Philanthropic Foundations places foundations in a broad social and historical context improving our understanding of one of society s most influential and least understood organizational forms

California and the Politics of Disability, 1850-1970 Eileen V. Wallis, 2023-03-31 This book explores the political legal

medical and social battles that led to the widespread institutionalization of Californians with disabilities from the gold rush to the 1970s By the early twentieth century most American states had specialized facilities dedicated to both the care and the control of individuals with disabilities Institutions reflect the lived historical experience of many Americans with disabilities in this era Yet we know relatively little about how such state institutions fit into specific regional state or local contexts west of the Mississippi River how those contexts shaped how institutions evolved over time or how regional institutions fit into the USA s contentious history of care and control of Americans with mental and developmental disabilities This book examines how medical social and political arguments that individuals with disabilities needed to be institutionalized became enshrined in state law in California through the creation of a bureaucracy of disability Using Los Angeles County as a case study the book also considers how the friction between state and county policy in turn influenced the treatment of individuals within such facilities Furthermore the book tracks how the mission and methods of such institutions evolved over time culminating in the 1960s with the birth of the disability rights movement and the complete rewriting of California s laws on the treatment and rights of Californians with disabilities This book is a must read for those interested in the history of California and the American West and for anyone interested in how the intersections of disability politics and activism shaped our historical understanding of life for Americans with disabilities Los Angeles and the Future of Urban Cultures Raúl Homero

Villa, George J. Sánchez, 2005-02-21 This special issue of American Quarterly focuses on Los Angeles as an emblematic site through which the scholarship of American studies can be examined As a city shaped by eighteenth century European colonization nineteenth century U S territorial expansion and twentieth century migration Los Angeles has come to embody both the hopes and fears of Americans looking to the future It is a city in which the local is deployed in complex practices of identity and community formation within the broader networks of globalization that continue to define and redefine what constitutes America The articles in this volume address the complexities of the city s social geography across time particularly since World War II The collection reflects an exciting variety of cultural studies perspectives and reveals the synergistic possibilities of current Los Angeles studies and American studies in general American Quarterly includes interdisciplinary scholarship that engages key issues in American studies Publishing essays that examine American societies and cultures in global and local contexts the journal contributes to the understanding of the United States its diversity and its impact on world politics and culture

The City at Stake Raphael J. Sonenshein, 2013-10-31 The City at Stake tells the dramatic story of how the nation s second largest city completed a major reform of its government in the face of a deeply threatening movement for secession by the San Fernando Valley How did Los Angeles a diverse city with an image of unstructured politics and fragmented government find a way to unify itself around a controversial set of reforms Los Angeles government nearly collapsed in political bickering over charter reform which generated the remarkable phenomenon of two competing charter reform commissions Out of this nearly impossible tangle reformers managed to knit a new city charter

that greatly expanded institutions for citizen participation and addressed long standing weaknesses in the role of the mayor The new charter pursued by a Republican mayor won its greatest support from liberal whites who had long favored reform measures Written by an urban scholar who played a key role in the charter reform process the book offers both a theoretical perspective on the process of institutional reform in an age of diversity and a firsthand inside the box look at how major reform works The new afterword by the author analyzes the 2005 election of Los Angeles s first modern Latino mayor Antonio Villaraigosa a milestone in the development of urban reform coalitions in an age of immigration and ethnic diversity

L.A.'s Titans of Temple Street Tom Sitton, 2023-03-29 This book studies Los Angeles County and its government since World War II A special focus is given to the Titans of Temple Street the five member Board of Supervisors that determines policies and actions for many issues throughout the county especially for residents who do not live in the county s 88 cities It is the largest of all U S counties with a population of more than 10 million more residents than 41 states and an annual budget of more than 44 billion more than all but 19 states It has served as an innovative example of county government since the early 1900s *Reclamation, Managing Water in the West, The Bureau of Reclamation: History Essays from the Centennial Symposium, Volume 2, 2008, **, 2009 *The Bureau of Reclamation* Brit Allan Storey, 2008 *Land of Sunshine* William Deverell, Greg Hise, 2011-12-12 Most people equate Los Angeles with smog sprawl forty suburbs in search of a city the great what not to do of twentieth century city building But there s much more to LA s story than this shallow stereotype History shows that Los Angeles was intensely ubiquitously planned The consequences of that planning the environmental history of urbanism is one place to turn for the more complex lessons LA has to offer Working forward from ancient times and ancient ecologies to the very recent past *Land of Sunshine* is a fascinating exploration of the environmental history of greater Los Angeles Rather than rehearsing a litany of errors or insults against nature rather than decrying the lost opportunities of roads not taken these essays by nineteen leading geologists ecologists and historians instead consider the changing dynamics both of the city and of nature In the nineteenth century for example density was considered an evil and reformers struggled mightily to move the working poor out to areas where better sanitation and flowers and parks made life seem worth the living We now call that vision sprawl and we struggle just as much to bring middle class people back into the core of American cities There s nothing natural or inevitable about such turns of events It s only by paying very close attention to the ways metropolitan nature has been constructed and construed that meaningful lessons can be drawn History matters So here are the plants and animals of the Los Angeles basin its rivers and watersheds Here are the landscapes of fact and fantasy the historical actors events and circumstances that have proved transformative over and over again The result is a nuanced and rich portrait of Los Angeles that will serve planners communities and environmentalists as they look to the past for clues if not blueprints for enhancing the quality and viability of cities H.R. 123, H.R. 2498 and H.R. 2535 United States, 2008

The Arthur H. Clark Company Robert A. Clark, Patrick J. Brunet, 2002 For more than a century the history of the

American Frontier particularly the West has been the speciality of the Arthur H Clark Company We publish new books both interpretive and documentary in small high quality editions for the collector researcher and library *America, History and Life* ,2004 Article abstracts and citations of reviews and dissertations covering the United States and Canada Building Bridges at Home in a Time of Global Conflict Shana Beth Bernstein,2003 *Southern California Quarterly* ,2000 **Justice Stanley Mosk** Jacqueline R. Braitman,Gerald F. Uelman,2012-11-14 This is the first biography of Stanley Mosk 1912 2001 iconic protector of civil rights and civil liberties during his 37 years as a justice of the Supreme Court of California 1964 to 2001 He had quickly risen as a well liked leader among Los Angeles reformers as executive secretary to California governor Culbert Olson and then 16 years as a superior court judge His 1958 election and service as state attorney general soon won national attention and the promise of likely election to the U S Senate but an unexpected campaign twist augured a new course This book frames Mosk s Supreme Court years and the landmark cases in which his opinions or biting dissents continue to resonate *Contested Bodies and Cultures* Natalia Molina,2001 *Annual Bibliography of Scholarship in Social Welfare History* ,2000 Annals of Iowa ,2004 Current Contents. Arts & Humanities Institute for Scientific Information,2001
