This book is written as a memoir of 40 plus years of working with human experiences of death grief and bereavement The stories are all similar but uniquely different similar in the sense that they all relate to varying issues embedded in loss They are different in how each of these losses occur The author invites the reader into a world of overwhelming grief brimming with raw emotions The stories are true and tackle the capricious and unpredictable nature of death in a society that seeks to avoid and overcome the reality of death Most of the stories are told from the perspective of a hospital chaplain working with real people While these stories are profoundly sad the author invites the reader to search for and find snippets of hope through a recommitment to life and living constantly holding before the reader the dialectic tension that exists between life and death

Mending the Heart, Tending the Soul Gail Albert, PhD, 2012-10. Ancient tradition says that much of the Bible's deepest wisdom lies hidden beneath the surface text. Mending the Heart, Tending the Soul Gail Albert provides a detailed and practical guide to such deep wisdom, providing interpretations, contemplative meditations, and personal experiences to act as guides for the spiritual journey. Exploring texts from Genesis through Deuteronomy, Albert traces a path of psychological growth and spiritual transformation that addresses the big questions: Who am I? What is life about? How should I live each day? Where is God? How can I find peace? Mending the Heart, Tending the Soul seeks to speak to your heart at each step of the way on the path toward enlightenment. Lesbian writers include some of the most innovative and adventurous writers of this century, but only recently have they been given their due attention in terms of critical study. This book is the first anthology to discuss the subject of lesbianism as it relates to the critical interaction among readers, writers, and literary critics. It explores lesbian texts in terms of identification, meaning, and interpretation, and examines the complex entanglements of identity, voice, intersubjectivity, textualities, and sexualities. A wonderful exploration of the varieties of life choices lesbians can and do make. This book once again proves that telling the truth about yourself is a revolutionary act. Rita Mae Brown. They will probably drum Karla Jay and Joanne Glasgow out of the academy for this one. A college text that is witty, literate, interesting, and can be read for fun.
