The Heart Of The Hunter Customs And Myths Of The African Bushman:

The Heart of the Hunter Laurens Van der Post, 1980 The author's passionate concern for Africa and for the human spirit is evident in this portrait of the First People of southern Africa the Bushmen Van der Post describes his desert travels the splendid landscape and wildlife and his encounters with the Bushman an elusive culture Drawings by Maurice Wilson

The Spirituality of the Holy Grail Peter L. Fritsch, 2022-02-25 The Spirituality of the Holy Grail utilizes the mythology of the search for the Holy Grail as an outline for talking about the nature of the human soul how it functions how it is wounded how it can heal Peter L Fritsch shows the reader how to recognize evil and deal with its reality without succumbing to non Christian duality or simplistic black and white thinking **Psychological, Archetypal and Phenomenological**

Perspectives on Soccer David Huw Burston, 2014-08-13 Soccer or football attracts vast numbers of passionate fans from all over the world yet clinical psychology is yet to study it in depth In this book David Huw Burston a consultant football psychology and performance coach uses a phenomenological research method inspired by Amedeo Giorgi to consider what we can learn from the spirit of the game and how this can be used positively in the consulting room and on the field of play By examining detailed qualitative research with professional soccer players of both sexes Burston identifies and considers nine particular themes including the family god heroes and dreams and discusses how what we can learn from the game of football and team culture can be applied to Jungian analysis today This book bridges the gap between clinical psychology and sport outlining potential shortfalls in current youth development in sport as well as discussing how traditional Jungian archetypes can be identified in everyday settings It will be of key interest to researchers from both the fields of analytical psychology and sports studies Rough and Tumble Travis Pickering, 2013-04-10 Travis Rayne Pickering argues that the

advent of ambush hunting approximately two million years ago marked a milestone in human evolution one that established the social dynamic that allowed our ancestors to expand their range and diet He challenges the traditional link between aggression and human predation however claiming that while aggressive attack is a perfectly efficient way for our chimpanzee cousins to kill prey it was a hopeless tactic for early human hunters who in comparison to their large potentially dangerous prey were small weak and slow footed Technology that evolved from wooden spears to stone tipped spears and ultimately to the bow and arrow increased the distance between predator and prey and facilitated an emotional detachment that allowed hunters to stalk and kill large game Based on studies of humans and of other primates as well as on fossil and archaeological evidence Rough and Tumble offers a new perspective on human evolution by decoupling ideas of aggression and predation to build a more realistic understanding of what it is to be human *Handbook of Cognitive Archaeology* Tracy B. Henley, Matt J. Rossano, Edward P. Kardas, 2019-07-24 The remains that archaeologists uncover reveal ancient minds at work as much as ancient hands and for decades many have sought a better way of understanding those minds This understanding is at the forefront of cognitive archaeology a discipline that believes that a greater application of

psychological theory to archaeology will further our understanding of the evolution of the human mind Bringing together a diverse range of experts including archaeologists psychologists anthropologists biologists psychiatrists neuroscientists historians and philosophers in one comprehensive volume this accessible and illuminating book is an important resource for students and researchers exploring how the application of cognitive archaeology can significantly and meaningfully deepen their knowledge of early and ancient humans This seminal volume opens the field of cognitive archaeology to scholars across the behavioral sciences

Peace Ethology Peter Verbeek, Benjamin A. Peters, 2018-07-23 A scholarly collection of timely essays on the behavioral science of peace With contributions from experts representing a wide variety of scholarly fields behavioral and social sciences philosophy environmental science anthropology and economics *Peace Ethology* offers original essays on the most recent research and findings on the topic of the behavioral science of peace This much needed volume includes writings that examine four main areas of study the proximate causation of peace the developmental aspects of peace the function and systems of peace and the evolution of peace The popular belief persists that by nature humans are not pre disposed to peace However archeological and paleontological evidence reveals that the vast majority of our time as a species has been spent in small hunter gatherer bands that are basically peaceful and egalitarian in nature The text also reveals that most of the earth s people are living in more peaceful societies than in centuries past This hopeful compendium of essays Contains writings from noted experts from a variety of academic studies Offers a social psychological perspective on the causation of peaceful behavior Includes information on children s peacekeeping and peacemaking Presents ideas for overcoming social tension between police and civilians Provides the most recent thinking on the behavioral science of peace Written for students and academics of the behavioral and social sciences *Peace Ethology* offers scholarly essays on the development nature and current state of peace

When God is Silent Barbara Brown Taylor, 2013-08-12 An enduring classic from award winning writer Barbara Brown Taylor exploring how we communicate with a God who often seems silent Arguing persuasively for simplicity and economy when speaking of God it reflects on the eloquence of Jesus silences and how we can find ways of bringing tired old language about God back to life

Educating for Humanity Mike Seymour, Henry M. Levin, 2015-11-17 At a time of profound crises around the world when social justice peace democracy and the environment seem under increasing threat the promise of a world for all seems a viable aspiration for education Ample evidence from many schools today and dating back throughout the last century prove that the purpose of educating young people to develop character compassion purpose and commitment is integral with the mastery of intellectual skills and life competencies Schooling without a doubt can play a monumental part in the development of the personal values people take with them to the world Unfortunately as the saying goes if you don t know where you re going you ll probably get someplace else Educational policy directions over the last twenty years have veered far away from the important work of educating for humanity This book makes a powerful appeal to revisit educational purpose in light of what is most fundamental and

important to human beings everywhere The authors address timely issues such as high stakes testing school choice and privatization of education in looking beyond these measures to new approaches to educational excellence

The Role of Revelation in the World's Religions Beverly Moon, 2014-01-10 The human reception of divine messages known as revelation has often played a central role in world religions This study explores how spirituality and the personal experience of the divine has been expressed and preserved in various religious traditions The phenomenon of revelation is explored and interpreted through examples from across the religious spectrum and six different types of revelation are posited visions and voices divination spirit journey spirit mediation mystical union and divine incarnation
