The Of Revenue Kitab Alamwal:

Theory of Public Revenue in Islam Ugi Suharto, 2004 **The Generalship of Muhammad** Russ Rodgers, 2012-03-18

His campaigns military thought and insurgent strategy There are many biographies of the Prophet and they tend to fall into three categories pious works that emphasize the virtues of the early Islamic community general works for non Muslim or non specialist readers and source critical works that grapple with historiographical problems inherent in early Islamic history In The Generalship of Muhammad Russ Rodgers charts a new path by merging original sources with the latest in military theory to examine Muhammad s military strengths and weaknesses Incorporating military political and economic analyses Rodgers focuses on Muhammad s use of insurgency warfare in seventh century Arabia to gain control of key cities such as Medina Seeking to understand the operational aspects of these world changing battles he provides battlefield maps and explores the supply and logistic problems that would have plagued any military leader at the time Rodgers explains how Muhammad organized his forces and gradually built his movement against sporadic resistance from his foes He draws from the hadith literature to shed new light on the nature of the campaigns He examines the Prophet s intelligence network and the employment of what would today be called special operations forces And he considers the possibility that Muhammad received outside support to build and maintain his movement as a means to interdict trade routes between the Byzantine Empire and the Sasanid Persians

Faith and the State Amelia Fauzia, 2013-02-21 Faith and the State offers a historical development of Islamic philanthropy from the time of the Islamic monarchs through the period of Dutch colonialism and up to contemporary Indonesia

Islam and Travel in the Middle Ages Houari Touati, 2010-08 In the Middle Ages Muslim travelers embarked on a rihla or world tour as surveyors emissaries and educators On these journeys voyagers not only interacted with foreign cultures touring Greek civilization exploring the Middle East and North Africa and seeing parts of Europe they also established both philosophical and geographic boundaries between the faithful and the heathen These voyages thus gave the Islamic world which at the time extended from the Maghreb to the Indus Valley a coherent identity Islam and Travel in the Middle Ages assesses both the religious and philosophical aspects of travel as well as the economic and cultural conditions that made the rihla possible Houari Touati tracks the compilers of the hadith who culled oral traditions linked to the prophet the linguists and lexicologists who journeyed to the desert to learn Bedouin Arabic the geographers who mapped the Muslim world and the students who ventured to study with holy men and scholars Travel with its costs discomforts and dangers emerges in this study as both a means of spiritual growth and a metaphor for progress Touati s book will interest a broad range of scholars in history literature and anthropology

Islam and the Infidels David Bukay, 2017-07-12 This book discusses Islam its relationship with the world and how Muslims perceive the world and their role within it Using Islamic scriptures and the works of important Muslim clerics the author explores the Islamic notion that Muslims represent the best of humanity and as such have the duty and the right to propagate their faith throughout the world by any means including

violence Islam and the Infidels warns of the dangers Muslim immigration poses to free societies Using a diplomacy of deceit Islamists immigrate to Western societies Having done so they establish closed ethnic communities that are estranged from their host countries and are breeding grounds for native born malcontents who may attack and destroy Western nations from within The author is especially critical of Western apologists who not only pretend that Islam is not inherently aggressive and dangerous but also denigrate those who point out the threat to liberal values posed by fundamentalist Islamic ideology Bukay argues that to meet the Islamic threat the West must understand Islam s true nature and the best way of doing so is by analysing its scriptures and history Bukay argues that Western societies should embrace the Judeo Christian tradition which is the root of their cultural heritage In light of the mounting Muslim threat to liberalism in Western societies citizens should resist oppressive Islamic practices and doctrines rather than accept them
