The Original Robin Hood A Translation Of The Early Tales:

The Original Robin Hood John Sheffield,1986 *Sutton Companion to the Folklore, Myths and Customs of Britain* Alexander Barrie,2005-11-24 Britain's rich and varied folklore legends and beliefs provide an insight into the island's history Every invader refugee or settler has helped contribute some new element or twist to the complex pattern of our national heritage This volume provides a comprehensive companion to legends and customs in England Scotland Wales and Ireland

A Companion to the Folklore, Myths & Customs of Britain Marc Alexander,2002 With over a thousand entries this illustrated encyclopedia is the most comprehensive guide to the legends and beliefs of the British Isles **Storyworlds of Robin Hood** Lesley Coote,2020-04-13 Robin Hood is one of the most enduring and well known figures of English folklore Yet who was he really In this intriguing book Lesley Coote reexamines the early tales about Robin in light of the stories both English and French that have grown up around them stories with which they shared many elements of form and meaning In the process she returns to questions such as where did Robin come from and what did these stories mean The Robin who reveals himself is as spiritual as he is secular and as much an insider as he is an outlaw And in the context of current debates about national identity and Britain's relationship with the wider world Robin emerges to be as European as he is English or perhaps as Coote suggests that is precisely the quality which made him fundamentally English all along Robin Hood Thomas H. Ohlgren,Lister M. Matheson,2007 While references to Robin Hood began to appear as early as the thirteenth century in legal records the earliest surviving poems did not appear in manuscripts and early printed books until the fifteenth and sixteenth centuries Several fourteenth century allusions in the works of William Langland and Geoffrey Chaucer suggest that the rymes of Robyn Hood were widely circulating by the 1370s but it is vital to note none of these late fourteenth century works survives A better approach Thomas H Ohlgren argues is to focus on what has actually survived rather than on what might have existed As a result the poems Robin Hood and the Monk and Robin Hood and the Potter which survive in two different Cambridge manuscripts of the last third of the fifteenth century and A Lytell Geste of Robyn Hode which was printed at least seven times in the sixteenth century must receive pride of place in the canon because they have a physical reality as material artifacts in short they exist and provide valuable information about the places and times of their composition and dissemination **The Gest of Robyn Hode: A Critical and Textual Commentary** Robert B. Waltz, The Gest is the earliest major writing about Robin Hood although it tells a tale very different from that found in most modern retellings This version attempts to produce a more accurate text of the long lost original it also provides a modernized parallel To this is added an extensive historical introduction line by line commentary vocabulary study and a selection of other texts which clarify the context of the Gest Dedicated to Patricia Rosenberg *Historians on Robin Hood* Stephen H. Rigby,2024-11-19 Offers a comprehensive thematic introduction to a wide range of medieval writings about the outlaw hero from a series of different historical perspectives By the fifteenth century churchmen were complaining that laypeople

preferred to hear stories about Robin Hood rather than to listen to the word of God But what was the attraction of this outlaw for contemporary audiences The essays collected here seek to examine the outlaw s legend in relation to late medieval society politics and piety They set out the different types of evidence which give us access to representations of Robin and his men in the pre Reformation period ask whether stories about the outlaw had any basis in reality and explore the many different purposes for which his legend was adapted The volume is divided into six parts the sources for the medieval legend of Robin Hood and its origins social structure social conflict kingship law and warfare piety and the church and the outlaw s legend in Wales and Scotland Key issues addressed by its essays include the dating of the surviving tales attitudes to social hierarchy representations of gender and masculinity the extent to which the tales drew upon or shaped contemporary attitudes towards law and justice the development of Robin Hood plays and games and whether the legend emerged from or appealed to particular social groups It not only sheds new light on a character who whether real or not is one of the most important and memorable figures in the history of medieval England but also explores the extent to which the outlaw became popular in Scotland and Wales

The Original ,1832 Medieval Outlaws Thomas H. Ohlgren,2005 Description Billy the Kid Jesse James John Dillinger and Al Capone were all are criminals who robbed and killed yet they were considered good outlaws celebrated in sensational newspapers newsreels and dime novels of the day and later in film and television for their daring courage loyalty and even chivalry Our fascination with criminal heroes has a long history extending back to legendary accounts in medieval chronicle romance and ballad Although their names may not be familiar Earl Godwin Hereward Eustache the Monk Fouke Fitz Waryn n Bow Bender Gamelyn Owain Glyndwr William of Cloudesley and William Wallace these outlaws in addition to Robin Hood were all driven to lives of crime as victims of political intrigue or legal injustice They committed capital crimes punishable by death but paradoxically they were loved encouraged and supported by their communities This revised and expanded edition of Medieval Outlaws gathers twelve outlaw tales introduced and freshly translated into Modern English by a team of specialists including Timothy S Jones Michael Swanton Thomas E Kelly Mica Gould Stephen Knight Shaun F D Hughes Alexander L Kaufman Thomas H Ohlgren Thomas Hahn and Walter Scheps The tales range in date from the Norman Conquest to the sixteenth century Introductions precede each selection and notes identify all of the significant names places and historical events mentioned in the texts Accessible and entertaining these tales will be of interest to the general reader and student alike About the Editor Thomas H Ohlgren is Professor of English and Medieval Studies at Purdue University and is the author of numerous books and articles on medieval manuscripts and literature

The Works of William Cowper: Translation of Homer's Odyssey William Cowper,1855
