**The 108 Heads of Lord Patanjali** Shyam Mehta, Ebookslib, 2005-11 The Yoga Sutras provide the essence of the guidance you need to find God Yoga consists of the path of kriya yoga Every aspect of one's life and most especially one's yoga practice needs to incorporate the threefold components of kriya yoga as set out in the first sutra of chapter 2 see Part 7 starting with Tapas development of purity of mind through the simple process of helping nice people to become happy It should be stated that I differ from all commentators ancient and modern in almost all important areas Being a subject given to man by God yoga has exceptional potency to change your life for better or worse according to your choice of moving closer to God or further from Him In the whole of the Yoga Sutra there is only one sutra that is of positive benefit to a person who is searching for God **Yoga: The Iyengar Way, Part II** Shyam Mehta, 2009-07-05 The book Yoga The Iyengar Way was immensely popular amongst all yoga students across the world It was the first book to in an attractive way set out how to do the yoga asanas in a considered and reflective fashion with enormous attention to detail that the postures warrant Here one of the co authors of Yoga The Iyengar Way adds all the additional knowledge you need to be able to help yourself with all the structural and mental ailments that afflict mankind today Poems and Songs Shyam Mehta, 2009-08-23 In reality a poem can also be a song So this book is also a collection of songs on different topics With good wishes to you all **The Psychology of the Mind** Shyam Mehta, 2009-07 Academic knowledge is of academic interest In this book I set out several new sciences relevant to mankind All of these sciences can be directly applied by yourself for your benefit They make predictions about the consequences of your actions and are testable You can use your intuition or judgement to determine whether they are true or not from your perspective or you can wait for the outcome of scientific testing In reality this book sets out a new psychology for both the mind and the self These sciences and analyses and thoughts can help you in all the major aspects of your life Why wait *Yoga Philosophy and Practice* Shyam Mehta, 2014 There are three sacred texts i.e. giving the word of God on Yoga the Bhagavad Gita the Yoga Sutras of Patanjali and the Hatha Yoga Pradipika by Svatanmarama These set out completely different paths loving God self knowledge and health The Yoga Sutras in particular is shown in this book to be very strange There are three sacred texts underpinning the philosophy of Hinduism known as Vedanta the Upanishads the Bhagavad Gita and the Brahma Sutras There is one text underlying Christianity the Bible One version of the bible differs from another It has been subject to complex theological and political influences over the millennia Even in the New Testament Jesus says some nice things but some silly things Christianity gives a fourth path following Jesus There is one sacred text underlying Islam the Koran Islam is a fifth way to submit to and serve God The Gita the Koran and the Yoga Sutras all state that you need to surrender to God in order to make progress on your life path Hatha yoga is preparatory to this They all say that you need to serve humanity Unlike with the Bible and the Yoga texts though the Gita and Koran do not ask you to believe in magic The author with 57 years of yoga practice 40 years of yoga teaching experience and a deep study

of these texts has written this book from a practitioner's perspective. He surrendered his body, mind, and soul to God in 2002 and since has been practicing Bhakti yoga with a view to serving God by helping all nice people he meets to be happy. In this book, he shows that the different texts highlight different paths that you may wish to follow; you need to choose. Whatever path you choose, you will find that Kundalini Iyengar yoga will help you to serve God better by improving and maintaining your health. The author hopes that this book will help you to find your life path to progress in it using Kundalini or Iyengar yoga to help you and to solve any physical, sexual, emotional, love, mental, spiritual, or divine energy sphere issues you may have and to become happier.

Book Comment from Leeds University: Dear X, Cool! How about senile? This has 2 letters less than demented. Do I have your approval now? All best wishes, Shyam. Look forward to it too. I just think suffering from dementia sounds so much more sympathetic than demented, but as you say, you are straight to the point. I don't think I disagree with the substance of anything you say, as ever. *How to Teach Your Child Maths* Shyam Mehta, 2009-07-05 This book is by a mathematician who believes that the teaching of maths has gone dramatically wrong for young children. Here is set out the basics of what a child needs in everyday life. He does not look at complicated maths; just what very young children will easily pick up if taught properly. And that is what the author sets out to help you to do: teach your child maths properly. How to Teach Your Child General Knowledge Shyam Mehta, 2009-07-05 This book describes a completely new system of how to learn General Knowledge. The author believes that this much simplifies the learning process both for children and adults. Most of the time at school, the children waste their time learning unimportant things and not learning important things. With this method, parents and teachers can focus on teaching what is important and further more do this efficiently. The child then only needs three subjects or at most four: English, Maths, General Knowledge, and perhaps a foreign language which can be taught in the same way.
