Stang, 1985 **Super Easy 3 Ingredient Cookbook** Rose Rivera, 2022-11-17 Have you ever looked at recipes in cookbooks or on websites and wondered why they have to be so complicated I know I have Sometimes I wonder whatever happened to the kind of simple meals my grandma used to make with very few ingredients and none that weren't available in just about any supermarket Her best dishes were easy to create nutritious and fun even at a very young age I loved helping Grandma in the kitchen Is simple easy cooking a thing of the past overtaken and shoved aside by over ambitious recipes that call for ingredients most of us can't even pronounce I don't think so On the contrary it's easier than it's ever been because today we have access to things my grandma could only have dreamed of She wouldn't even have imagined for example frozen biscuit dough bottled salsa ready made tortellini bagged salad greens well I could go on and on My point is that recipes that would once have required multiple ingredients imagine making salsa from scratch for instance are now beyond easy because all the hard work is done for us We can cook with literally three ingredients thanks to the availability of commercially prepared food items We'll use these items and more as we explore ways of creating delicious recipes with just three ingredients Now I'm sure you're saying to yourself Isn't processed food bad for me Well sometimes it is Other times not Just as an example nobody is ever going to tell you that a commercially made sweet pastry that can sit on a shelf for six months without going moldy is good for you On the other hand commercially prepared dill pickles although high in sodium won't do you much harm because you're not likely to eat the entire contents of the jar In this book we'll use processed foods from time to time but never to excess The goal here is to make delicious food quickly and easily with just a few ingredients and have fun doing it So keep reading to learn more [3-Ingredient Slow Cooker Recipes](#) Suzanne Bonet, 2005-10-01 People love the convenience of their
