The 5 Minute Healer Selfhealing Techniques For Busy People:

The 5 Minute Healer Mary Capone, Janet Rupp, 2002 The 5 Minute Healer is targeted to the millions of Americans looking for positive ways to navigate today's accelerated world. The authors have mined ten time-tested healing traditions to provide simple but effective techniques for those in search of quick solutions. Unlike other self-help books, this book covers a range of healing disciplines: sound therapy, yoga, color therapy, aromatherapy, breath meditation, angels, chakras, prayer, and positive thinking and the subconscious mind. Each chapter offers a brief introduction to its subject followed by simple to follow step-by-step instructions that make these age-old healing formulas available to everyone. The 5 Minute Healer could not be more timely. Americans everywhere are constantly on the go. Anxiety, insomnia, chronic fatigue, auto-immune disease, depression, and other stress-related diseases have become as familiar as the common cold. Tranquilizers along with anti-anxiety and anti-depressant medications account for more than forty percent of the written prescriptions in the U.S. each year. There is a better way. Backed by years of research and practical application, the authors show that with just a few moments taken each day, these time-proven healing techniques can have an enormous impact on our quality of life. With its humor and disarming informal style, The 5 Minute Healer will appeal to a wide group of readers from bankers to bakers and from teachers to technicians. This highly accessible and pragmatic book is a must-read for a nation in a hurry. Allow me to take you by the hand and take you down this delightful life-changing pathway. It is a journey you will never regret. Learn to grieve with more ease, worry less, and to manifest more easily the things you need. You will dissolve all the blocks that keep you feeling ordinary and unhappy. Step inside these pages like you are Alice in Wonderland. Learn the stages such as becoming a level 1 and 2 healer and progressing to a Master Healer.
