The Gunns:

The Gunns Robert Russell Gunn,1925 **The Gunns** Thomas Sinclair,1890 The Gunns; History, Myths and Genealogy Alastair Gunn,2020-02-15 Here is a radical academically based text which demolishes the myths currently masquerading as Gunn history Gunns are best thought of as the original non related inhabitants of northern mainland Scotland They do not have an Orkney Islands origin Gunns should not be viewed as a clan as they had no founding ancestor There was never an historic Clan Gunn Chief The first Gunn known to history was Coroner Gunn of Caithness who died around 1450 His eldest son started the MacHamish Gunns of Killernan line many descendants from that line exist all around the world Major detail on this MacHamish line is included This book is an important addition to Scottish Highland history

The Caledonian ,1920 Scotland and Beyond: The Families of Donald Gunn (Tormsdale) and John Gunn (Dalnaha, Strathmore and Braehour) Donald Gunn,Alastair Gunn,2012-05-19 This book examines two linked Caithness Gunn families over many generations in places such as Scotland Canada Jamaica and Australia It has many family trees photographs and original documents including details of trips to Canada in the 1840s and Australia in the 1850s Many letters from the mid 1800s are included The book has many biographies including the Hon Donald Gunn of Canada William Gunn of Waranga Park Sir John Gunn of Tormsdale and the Hon John Alexander Gunn of New South Wales anthrax Gunn This book contains much original information showing how Gunns integrated into new lands This work has taken many years and builds on documents held within the family and much detailed genealogical research Two versions are available a paperback black and white version and a deluxe hardback version with some colour photographs The information and images are the same in both texts

The Rise and Fall of Gunns Ltd Quentin Beresford,2015-02-01 At its peak Gunns Ltd had a market value of 1 billion was listed on the ASX 200 was the largest employer in the state of Tasmania and its largest private landowner Most of its profits came from woodchipping mainly from clear felled old growth forests A pulp mill was central to its expansion plans Its collapse in 2012 was a major national news story as was the arrest of its CEO for insider trading Quentin Beresford illuminates for the first time the dark corners of the Gunns empire He shows it was built on close relationships with state and federal governments political donations and use of the law to intimidate and silence its critics Gunns may have been single minded in its pursuit of a pulp mill in Tasmania s Tamar Valley but it was embedded in an anti democratic and corrupt system of power supported by both main parties business and unions Simmering opposition to Gunns and all it stood for ramped up into an environmental campaign not seen since the Franklin Dam protests Fearless and forensic in its analysis the book shows that Tasmania s decades long quest to industrialise nature fails every time But the collapse of Gunns is the most telling of them all This is a tale that needed telling It is an important case history in environmental campaigning and a must read for anyone interested in fairness and transparency in government Geoffrey Cousins AM businessman and president of the Australian Conservation Foundation Gunn Guardsman Series Kara Griffin,2014-12-01 The Gunn clan s Highland guard s
