Reading Transatlantic Girlhood in the Long Nineteenth Century Robin L. Cadwallader, LuElla D'Amico, 2020-05-13 This collection is the first of its kind to interrogate both literal and metaphorical transatlantic exchanges of culture and ideas in nineteenth century girls fiction As such it initiates conversations about how the motif of travel in literature taught nineteenth century girl audiences to reexamine their own cultural biases by offering a fresh perspective on literature that is often studied primarily within a national context Women and children in nineteenth century America are often described as being tied to the home and the domestic sphere but this collection challenges this categorization and shows that girls in particular were often expected to go abroad and to learn new cultural frames in order to enter the realm of adulthood those who could not afford to go abroad literally could do so through the stories that traveled to them from other lands or the stories they read of others travels Via transatlantic exchange then authors readers and the characters in the texts covered in this collection confront the idea of what constitutes the self Books examined in this volume include Adeline Trafton's An American Girl Abroad 1872 Johanna Spyri s Heidi 1881 and Elizabeth W Champney s eleven book Vassar Girl Series 1883 92 Reader's Theater Fifth Grade Scripts--Social Studies (Set A) Timothy Rasinski, 2014-04-01 Increase student among others fluency through repeated readings of interesting social studies reader s theater scripts for 5th graders Based on Dr Timothy Rasinski s fluency research these scripts are ideal for improving fluency through dramatic readings The Hawthorne **Readers** Edward Everett Hale (Jr.),1904 The John McPhee Reader John McPhee, 2011-04-01 The John McPhee Reader first published in 1976 is comprised of selections from the author's first twelve books In 1965 John McPhee published his first book A Sense of Where You Are a decade later he had published eleven others His fertility his precision and grace as a stylist his wit and uncanny brilliance in choosing subject matter his crack storytelling skills have made him into one of our best writers a journalist whom L E Sissman ranked with Liebling and Mencken who Geoffrey Wolff said is bringing his work to levels that have no measurable limit who has been called a master craftsman so many times that it is pointless to number The Portable American Realism Reader Various, 1997-12-01 During the pivotal The Reader Magazine ,1905 them period of America's international emergence between the Civil War and WWI the aligned literary movements of Realism and Naturalism not only shaped the national literature of the age but also left an indelible and far reaching influence on twentieth century American and world literature Seeking to strip narrative from pious sentimentalities and according to William Dean Howells to paint life as it is and human feelings in their true proportion and relation Realism is best represented by this volume's masterly pieces by Twain Henry James Stephen Crane Kate Chopin and Willa Cather among others The joining of

Edward Everett Hale (Jr.),1925 The Cvr Readers Ellen M. Cvr,1901 **Redemption** Christian R. Davis, 2011-02-07 The goal of this book is to define and explain the archetypal pattern of redemption that underlies our whole notion of resolution in literature and to demonstrate through multiple examples that successful literature poems and stories that have shown endurance or popularity uses this pattern in specific ways This theory should help readers to interpret both particular works of literature and the general notion of literature The pattern of redemption employed here in its ideal form involves the sacrifice of an innocent redeemer to save something that has been lost Because this pattern of redemption is typically associated with Christianity this book can be taken as proposing a Christian theory of criticism Current textbooks on literary criticism and theory cover a range of perspectives such as Marxism feminism multiculturalism reader response and queer theory but they invariably ignore the field of Christian criticism Therefore this book may be most useful as a supplementary text for courses in literary criticism that might include a Christian perspective At the same time however the terms and methodology proposed here are not exclusive to or dependant on Christian beliefs so readers of all types may find this approach useful The greatest strength of this book is its application of the theory to numerous examples from a wide range of genres and periods of literature testing the theory on classical and Shakespearean works such as the Iliad and Odyssey Hamlet and Coriolanus best sellers such as The Lord of the Rings Le Petit Prince Valley of the Dolls and Harry Potter and the Deathly Hallows horror stories such as Frankenstein postcolonial novels such as Things Fall Apart and The Kite Runner and lyric poems Consequently even readers who are skeptical of the assumptions used here should find the many concrete examples thought provoking Reading Women Jennifer Phegley, Janet Badia, 2005-01-01 Literary and popular culture has often focused its attention on women readers particularly since early Victorian times In Reading Women an esteemed group of new and established scholars provide a close study of the evolution of the woman reader by examining a wide range of nineteenth and twentieth century media including Antebellum scientific treatises Victorian paintings and Oprah Winfrey's televised book club as well as the writings of Charlotte Bront Harriet Beecher Stowe and Zora Neale Hurston Attending especially to what how and why women read Reading Women brings together a rich array of subjects that sheds light on the defining role the woman reader has played in the formation not only of literary history but of British and American culture The contributors break new ground by focusing on the impact representations of women readers have had on understandings of literacy and certain reading practices the development of books and print culture and the categorization of texts into high and low cultural forms The Temple
