societal mandate The first tradition holds firmly to music artistry and musicological scholarship the latter of which includes music sociology The second tradition that of education as a field of study relies mostly on pedagogical principles rooted equally in psychology and sociology Hildegard Froehlich bases the book upon the premise that a music teacher's work is equally shaped by both traditions The more music teachers become aware of how societal structures shape their own lives as well as the lives of their students colleagues and superiors the more reality based their teaching will become Society is a composite of communities in which different social classes groups and reference groups co exist to varying degrees of compatibility due to real or perceived differences in norms and values as well as hierarchies of power Informed or intuitive choices made by an individual indicate allegiances to particular groups how those groups are structured hierarchically and where and how each individual fits into those hierarchies This is true for the music world as it is true for the world of education

**Toni Morrison and the Queer Pleasure of Ghosts** Juda Bennett, 2014-11-13 Toni Morrison and the Queer Pleasure of Ghosts radically intervenes in one of the most established and sacred topics in Toni Morrison scholarship love Moving beyond Morrison's representation of ghosts as the forgotten or occluded past Juda Bennett uncovers how Morrison imagines the

spectral sphere as always already queer a provocation and challenge to heteronormativity with the ghost appearing as an active participant in disruptions of compulsory heterosexuality as a figure embodying closet desires or as a disembodied emanation that counterpoints homophobia From *The Bluest Eye* to Home Morrison's novels have included many queer ghosts that challenge our most cherished conceptions of love and speak to cultural anxieties about black sexualities gay marriage AIDS lesbian visibility and transgender identities Not surprisingly the scene stealing ghost *Beloved* appears at the very heart of this book but Bennett cautions against interpretative stasis inviting readers to break free of the stranglehold *Beloved* has had on imaginations so as not to miss the full force of Morrison's lifelong project to queer love *Deaf Side Story* Mark Rigney, 2003 The 1957 classic American musical *West Side Story* has been staged by countless community and school theater groups but none more ambitious than the 2000 production by MacMurray College a small school in Jacksonville Illinois Diane Brewer the new drama head at the college determined to add an extra element to the usual demands of putting on a show by having deaf students perform half of the parts *Deaf Side Story* presents a fascinating narrative of Brewer and the cast's efforts to mount this challenging play Brewer turned to the Illinois School for the Deaf ISD to cast the Sharks the Puerto Rican gang at odds with the Anglo Jets in this musical version of *Romeo and Juliet* set in the slums of New York Hearing performers auditioned to be the Jets and once Brewer had cast her hearing Tony and deaf Maria then came the challenge of teaching them all to sing sign and dance the riveting show numbers for which the musical is renowned She also had to manage a series of sensitive issues from ensuring the seamless incorporation of American Sign Language into the play to reassuring ISD administrators and students that the production would not be symbolic of any conflict between Deaf and hearing people Author Mark Rigney portrays superbly the progress of the production including the frustrations and triumphs of the leads the labyrinthine campus and community politics and the inevitable clashes between the deaf high school cast members and their hearing college counterparts His representations of the many individuals involved are real and distinguished The ultimate success of the MacMurray production reverberates in *Deaf Side Story* as a keen depiction of how several distinct individuals from as many cultures could cooperate to perform a classic American art form brilliantly together

**Schoenberg and Hollywood Modernism** Kenneth H. Marcus, 2016-01-14 Schoenberg is often viewed as an isolated composer who was ill at ease in exile In this book Kenneth H Marcus shows that in fact Schoenberg's connections to Hollywood ran deep and most of the composer's exile compositions had some connection to the cultural and intellectual environment in which he found himself He was friends with numerous successful film industry figures including George Gershwin Oscar Levant David Raksin and Alfred Newman and each contributed to the composer's life and work in different ways helping him to obtain students making recordings of his music and arranging commissions While teaching at both the University of Southern California and the University of California Los Angeles Schoenberg was able to bridge two utterly different worlds the film industry and the academy Marcus shows that alongside Schoenberg's vital impact upon Southern
