The Eighties Frank Bongiorno, 2017-01-12 Winner of the ACT Book of the Year Award Shortlisted for the Ernest Scott Prize and CHASS Australia Prize It was the era of Hawke and Keating Kylie and INXS the America's Cup and the Bicentenary It was perhaps the most controversial decade in Australian history with high flying entrepreneurs booming and busting torrid debates over land rights and immigration the advent of AIDS a harsh recession and the rise of the New Right It was a time when Australians fought for social change on union picket lines at rallies for women's rights and against nuclear weapons and as part of a new environmental movement And then there were the events that left many scratching their heads Joh for Canberra the Australia Card Cliff Young In The Eighties Frank Bongiorno brings all this and more to life He sheds new light on both the ordinary and extraordinary things that happened to Australia and Australians during this liveliest of decades The definitive account of an inspired infuriating decade George Megalogenis A very impressive achievement The Monthly Meaty and entertaining The Australian **A Pleasure to Be Here** John Clarke, 2017-10-30 A hilarious collection of interviews discussing the highs and lows in the public and political life of Australia over the past three decades Drawn from John Clarke's and Bryan Dawe's weekly broadcasts these timelessly funny scripts will delight readers as they revisit the scandals and stuff ups of our lifetimes Politics was never so preposterous All the old favourites are here Bob Hawke Margaret Thatcher Bob Collins the front fell off Paul Keating Alan Bond John Howard Kevin Rudd Julia Gillard Tony Abbott and Malcolm Turnbull John Clarke was born in New Zealand in 1948 He was and remains one of Australia's best known and most loved faces on TV A comedian writer and actor his appearances included the famous Fred Dagg character The Gillies Report and The Games John's books include The Even More Complete Book of Australian Verse A Dagg at My Table The Howard Miracle and The 7 56 Report His only novel The Tournament was published in the UK and the US to great critical acclaim and will be republished in the Text Classics in November He died in April 2017 A reminder of what a god of a comedian he was Clarke never imitated the voices faces or mannerisms of our overlord He simply paid lavish and travestying homage to the way they thought and did their best to deceive us Australian Pivot of Power Paul Strangio, Paul 't Hart, James Walter, 2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The Pivot of Power is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them Recent changes in these

areas have had a destabilising effect and made the role of prime minister more onerous than ever After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders The Pivot of Power explains how this has come about And its rich account of prime ministerial fortune since the mid twentieth century yields historical lessons for overcoming the current malaise **The Death of Social Democracy** Ashley Lavelle,2016-03-09

Whereas many writers and scholars interested in the field of social democracy have focused on factors such as the role of economic globalization and electoral pressures Ashley Lavelle explores the importance of the collapse of the post war economic boom and lower growth rates since then He examines how these pressures have led social democrats to embrace neo liberal policies and become threatened by minor parties and independent politicians Providing an original argument about the decline of social democracy the author investigates how its decline has increased the popularity of minor parties and independents along with the reasons for social democratic membership and electoral decline This is an important book for scholars of social democracy and the broader themes of world politics political parties social movements and globalization

Talking Politics A. W. Sparkes,2006-06-19 Talking Politics is a philosophical examination of some of the basic concepts of political discourse Its primary focus is on the ordinary on what is said by politicians in newspapers and by people in pubs rather than on the works of political theorists This is a work of but not on political theory Talking Politics is Invaluable as a source of reference for students and contains a detailed index Arranged thematically around topics such as Nation Each entry has copious cross references and suggestions for further reading A W Sparkes is uniquely qualified to write such a book combining some thirty years teaching as a philosopher with wide experience of and a life long fascination with politics His attitude is that of a critical but uncynical observer **The March of Patriots** Paul Kelly,2011-04-01 Unveiling the

inside story of how Paul Keating and John Howard changed Australia this record presents these two personalities as conviction politicians tribal warriors and national interest patriots Divided by belief temperament and party they were united by generation city and the challenge to make Australia into a successful nation for the globalized age The making of policy and the uses of power are explored capturing the authentic nature of Australian politics as distinct from the polemics advanced by both sides Focusing on how these prime ministers altered the nation s direction this study also depicts how they redefined their parties and struggled over Australia s new economic social cultural and foreign policy agendas A sequel to the author s bestselling The End of Certainty this survey is based on more than 100 interviews with the two key players as well as other politicians advisers and public servants Religion and The Transformation of Capitalism Richard H.

Roberts,2012-10-02 This book addresses from a socio scientific standpoint the interaction of religions and forms of contemporary capitalism Contributors explore a wide range of interactions between economic systems and their socio cultural contexts **Australia's Foreign Aid Dilemma** Jack Corbett,2017-03-16 The Australian aid program faces a fundamental dilemma how in the absence of deep popular support should it generate the political legitimacy required to

safeguard its budget and administering institution Australia's Foreign Aid Dilemma tells the story of the actors who have grappled with this question over 40 years. It draws on extensive interviews and archival material to uncover how court politics shapes both aid policy and administration. The lesson for scholars and practitioners is that any holistic understanding of the development enterprise must account for the complex relationship between the aid program of individual governments and the domestic political and bureaucratic contexts in which it is embedded. If the way funding is administered shapes development outcomes, then understanding the court politics of aid matters. This comprehensive text will be of considerable interest to scholars and students of politics and foreign policy as well as development professionals in Australia and across the world.

Sustaining Prosperity Peter Dawkins, Michael Stutchbury, 2013-05-24 Where are the new reform opportunities to ensure economic expansion? How should we face the challenges of an ageing population? How will we spread prosperity to the areas of entrenched disadvantage? These questions were the focus of the Sustaining Prosperity conference hosted by the Melbourne Institute of Applied Economic and Social Research and The Australian in March/April 2005 at the University of Melbourne. A unique gathering of government ministers, opposition spokespeople, academic experts and business, social welfare and trade union figures debated a new national reform agenda to sustain prosperity. Participants included Federal Treasurer Peter Costello, federal Opposition Leader Kim Beazley, federal Treasury Secretary Ken Henry, economist Ross Garnaut, ACTU secretary Greg Combet and Australian Council of Social Service president Andrew McCallum. In *Sustaining Prosperity*, Peter Dawkins and Michael Stutchbury bring together the contributions of these and other leading Australians to examine the development of policies that will ensure a prosperous future for Australia.
