The Heart Surgery Handbook A Patients Guide

John H. Lemmer, Gus J. Vlahakes

The Heart Surgery Handbook A Patients Guide:

The Heart Surgery Handbook Carol Cohan, June B. Pimm, James R. Jude, 1989 **The Heart Surgery Handbook** Carol Cohan, June B. Pimm, James R. Jude, 1988 **Handbook of Patient Care in Cardiac Surgery** John H. Lemmer, Gus J. Vlahakes, 2010 The thoroughly updated Seventh Edition of this popular and widely used handbook presents the most current protocols and recommendations for care of patients undergoing cardiac surgery This edition reflects current ACLS guidelines and the latest developments in cardiac surgery The transplantation chapter has been entirely rewritten by a new author Experts from leading hospitals offer detailed practical guidelines on preoperative evaluation and preparation intraoperative management and postoperative care for all current cardiac surgical procedures Perspectives valuable for cardiac surgeons cardiac nurses and anesthesiologists are included throughout Coverage includes a chapter on infants and children Appendices list drug dosages for adults and for infants and children **A Patient's Guide to Heart Surgery** Carol Cohan, 1991 A comforting unique guide to the psychological aspects of open heart surgery From choosing and preparing for surgery to recovering in the hospital and at home this guide explores the emotional and practical ramifications of heart surgery 21 line drawings **A Heart Book** Jennifer Hakkarainen, A Heart Book contains greater detail than is typically provided in resources given patients by their doctors In my experience patients will only ask about and talk about their heart when they are afraid Fear draws them to search for additional help and perhaps stumble on misinformation I want to alleviate fear by providing direct answers based on real evidence to help patients make better decisions The secret of getting ahead is getting started The secret of getting started is breaking your complex overwhelming tasks into manageable tasks and then starting on the first one Mark Twain **Dental Management of the Medically Compromised Patient - E-Book** James W. Little, Craig Miller, Nelson L. Rhodus, 2017-08-08 Learn how to provide dental care to any patient regardless of existing medical conditions Little and Falace's Dental Management of the Medically Compromised Patient 9th Edition has been thoroughly revised to give you the information you need to assess common problems and make safe and healthy dental management decisions The new addition includes expanded coverage of women's health issues and introduces a process for developing a medical risk source Also each chapter features vivid illustrations and well organized tables to give you in depth details and overall summaries to help you get to the root of your future patients needs Logical organization of conditions makes it easy for you to understand and follow the material as you prepare to treat patients Standardized assessment process helps you to ascertain the severity and stability of common medical disorders Dental management summary table summarizes important factors for consideration in the dental management of medically compromised patients Over 400 color images provide a visual guide and highlight key information Dental management box in each chapter allows you to locate key information for evaluating a medically compromised patient NEW Thoroughly revised content provides you with the most current evidence based information you need to make dental management decisions NEW Evidence based process for

creating a medical risk score enables you to determine whether the benefit of treatment outweighs the risk of a complication
NEW Expanded coverage of women's health issues addresses issues specific to women that can impact dental management
