The Ohio Black History Guide:

The Ohio Black History Guide Sara S. Fuller,1975 **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Genealogical Research in Ohio** Kip Sperry,2003 This research guide describes Ohio sources for family history and genealogical research It also includes extensive footnotes and bibliographies addresses of repositories that house Ohio historical and genealogical records and oral histories and addresses of chapters of the Ohio Genealogical Society Valuable Ohio maps conclude this work This new edition describes many Ohio sources on the Internet and compact discs as well as additional genealogical and historical sources and bibliographies of Ohio sources Preface

Ohio Encyclopedia Jennifer Herman,2002-01-01 OHIO ENCYCLOPEDIA is the definitive reference work on Ohio ever published The noted Ohio historian Michael S Mangus from Ohio State University has written articles on Introduction to Ohio History Early History of Ohio and Ohio History These articles cover the history of Ohio from the early explorers to twenty first century events Other major sections in this reference work are Ohio Symbols and Designations Geography and Topography of Ohio Profiles of Ohio Governors Chronology of Ohio Historic Events Dictionary of Ohio Places Ohio Constitution Bibliography of Ohio Books Pictorial Scenes of Ohio State Executive Offices State Agencies Departments and Offices Ohio Senators Ohio Assembly Members U S Senators and U S Congress members from Ohio Directory of Ohio Historic Places and Index All sections contain the latest up to date information on the Buckeye State OHIO ENCYCLOPEDIA contains stunning photographs and portraits to compliment the expertly written text Population charts are arranged alphabetically by city or town name and by county This allows students easy access to find population figures for their area of interest Other population charts list all places in Ohio by largest populated places to least populated places by city or county Several directories contain information on elected state and federal officials along with their contact information including mail and email addresses phone and fax numbers Easy to use reference maps are included to find your newly elected state or federal officials The Directory of State Services lists the head officials and full contact information on state agencies and departments some of which were just newly created by the legislature The Directory of Ohio Historic Places contains all the latest up to date information on every Ohio historic place The Bibliography includes that latest books published on Ohio people and places A detailed Index makes the work thoroughly referential OHIO ENCYCLOPEDIA offers librarians teachers and students a single source reference work that provides the answers to the most frequently asked questions about Ohio and its history *A Survey of Cincinnati's Black Press & Its Editors 1844-2010* Mae Najiyyah Duncan,2011-03-16 There is probably no better way to catch the flavor of a time period or of a people than by perusing the pages of contemporary periodicals The problem is that very often newspapers newsletters and magazines are not saved and preserved as the

precious historical record that they represent This is doubly true of the ephemera of African Americans in by gone eras for a number of reasons First of all periodicals are intended at their inception to be for immediate consumption and not for posterity Their own creators the many editors and publishers referenced here were probably too busy to worry about preserving their publications Unlike artifacts or material goods paper products are likely to disintegrate if not properly stored And institutions such as archives and libraries where they might have been collected tend to be white dominated and not to value information pertaining to African Americans until fairly recently With the passage of time the precious record of African American life that is recorded in African American publications is too often lost to later generations Not only are the newspapers themselves often lost but the memories of their impact disappear with each death of a community elder who remembers the personalities and issues involved That is why Najiyah Duncan s work in researching the history of Cincinnati s African American newspapers is so important Not only did Ms Duncan scour local and national collections to determine where old Cincinnati newspapers were archived but she also located individuals who had retained some precious copies privately If she saw a citation for a Cincinnati newspaper in one of the few books published on the topic of African American newspapers she did everything within her power to try to locate extant copies Then she scrutinized what was in the papers recording information about founders editors dates of publication mastheads news stories and typical contents including businesses that advertised in the papers By interviewing people who still remembered some of the earlier publications and the personalities behind them Ms Duncan supplements what she found in print Although her main focus is on African American newspapers published in Cincinnati she also shares here what she found in the way of other types of local African American publications as well as newspapers published elsewhere but circulated in Cincinnati All of this is very important to anyone interested in how we got to where we are today in matters of culture and race I know from personal experience while researching the life of Maurice McCrackin a white minister who lived among African Americans in Cincinnati s West End and worked tirelessly to end racism and war how important it is to have a balanced historical record to draw on Such a record however is useful to far more than writers and historians Anyone inspired to address today s complex social inequities needs to know what has gone before Furthermore the record of any group should be articulated by members of that group rather than filtered and interpreted by the majority or dominant group One of the first African Americans to articulate the importance of this idea was John Brown Russwurm In the first edition of the first African American newspaper published in the United States Freedom s Journal in 1827 Russwurm wrote We wish to plead our own cause Too long have others spoken for us Too long has the public been deceived by misrepresentations in things which concern us dearly Quoted by Mary Sagarin in John Brown Russwurm The Story of Freedom s Journal Freedom s Journey NY Lothrop Lee Shepart 1970 57 Najiyah Duncan has paid homage to Russwurm s vision and a long history of self articulation among African American journalists by her efforts here in describing Cincinnati s heritage o Red Book, 3rd edition Alice Eichholz,2004-01-01 No scholarly

reference library is complete without a copy of Ancestry's Red Book. In it you will find both general and specific information essential to researchers of American records. This revised 3rd edition provides updated county and town listings within the same overall state by state organization. Whether you are looking for your ancestors in the northeastern states, the South, the West, or somewhere in the middle, Ancestry's Red Book has information on records and holdings for every county in the United States as well as excellent maps from renowned mapmaker William Dollarhide. In short, the Red Book is simply the book that no genealogist can afford not to have. The availability of census records such as federal, state, and territorial census reports is covered in detail. Unlike the federal census, state and territorial censuses were taken at different times and different questions were asked. Vital records are also discussed, including when and where they were kept and how. **Red Book** Alice Eichholz, 2004 provides updated county and town listings within the same overall state by state organization information on records and holdings for every county in the United States as well as excellent maps from renowned mapmaker William Dollarhide.
