

The Other Side

*I lost myself more than once;
I lose myself, find myself.
Time to time I've even seen hell,
A voice waking me up from death.*

*I wake up to sheets white,
They say welcome to the sunny side.
I'm happy I'm breathing in the light,
Life just began on the other side.*

The Other Side Of A Poem:

The Other Side of the Fence Cynthia Hudgins, 2023-01-31 Two people have written this book The first person was the child who was still hurting who hadn't reconciled the past with the present who didn't want to be what she was The other is the adult who has faced her demon and laid it to rest for once and for all This story moves along like a yo yo up and down forward and back It is a mishmash of what was begone with all these other voices added which I the obedient eager to please whatever I am frustrated artist dutiful daughter obsessive compulsive housekeeper possible lunatic mother grandmother great grandmother or tired old lady am slowly working my way through the pages the painful for me and probably boring for you story of my life I suppose there will be those who will fault me for writing this book Blacks will think What has she got to cry about She could have passed if she'd wanted to Whites will think whatever I got I deserved for being deceitful for hiding my ancestry behind a white facade as if I could help it I can relate to both points of view If this book should be published some people my age who read it may say That's not the way I remember those times or That wasn't the way I was taught in my school This could very well be I've written about my time and place These are my memories of the way things were in Coronado California from 1924 when I was three years old until I moved away in 1940 when I was nineteen and of things that I experienced after that The original draft of this story ended with my suicide The Other Side of the Room B. An Anthology of Modern Yiddish Poetry. Bilingual Edition. Third Edition, Revised and Enlarged

Ruth Whitman, 1995 Originally published in 1966 An Anthology of Modern Yiddish Poetry was the first bilingual anthology to feature the rich spirited and passionate Yiddish poetry of the twentieth century Nearly thirty years after the original publication the interest in Yiddish studies continues to grow making this definitive collection all the more Significant as a study of influences and developments in Yiddish poetry Ruth Whitman has skillfully translated the diverse lyric poetry of fourteen Eastern European born poets most of whom came to live in the United States Of the twenty new poems included in the book two are by Rachel Korn three by Kadya Molodowsky four by Anna Margolin and four by Celia Dropkin These additions increase considerably the work of the women poets represented fulfilling an earlier omission The anthology also highlights the genius and invention of poets Jacob Glatstein M. L. Halpern Moyshe Kulbak Zisha Landau H. Leivick Itzik Manger Leyb Naydus Melech Ravitch Abraham Sutzkever and Aaron Zeitlin With a new preface and a revised introduction that provides a short history of the development of Yiddish poetry the third edition presents seventy two poems in their original Yiddish and in English translation These poems reflect the chaos and confusion integral to immigrant culture and the fragmentation of living during two world wars and the Holocaust In addition the poems reflect the influences of American poetry from the Imagists to Robert Lowell as well as the influence of German French and Russian poetry **On the Other Side of Sorrow** James Hunter, 2014-07-03 Caring for the environment developing rural communities and ensuring the survival of minority cultures are all laudable objectives but they can conflict and nowhere more so than the Scottish

Highlands As environmentalists strive to preserve the scenery and wildlife of the Highlands the people who belong there and who have their own claims on the landscape question this threat to their culture which dates back thousands of years In this acclaimed and thought provoking book James Hunter examines the dispute between Highlanders who developed a strong environmental awareness countless generations before other Europeans and conservationists whose thinking owes much to the romantic ideals of the nineteenth century More than that he also suggests a new way of dealing with the problem advocating drastic land use changes and the repopulation of empty glens an approach which has worldwide implications
