Allardyce Nicoll,1952 Nicoll s History which tells the story of English drama from the reopening of the theatres at the time of the Restoration right through to the end of the Victorian period was viewed by Notes and Queries 1952 as a great work of exploration a detailed guide to the untrodden acres of our dramatic history hitherto largely ignored as barren and devoid of

interest History of English Drama, 1660-1900 Allardyce Nicoll, 2009 **Players and Performances in the Victorian Theatre** George Taylor, 1993 **How Stage Playwrights Saved the British Cinema, 1930-1956** David Cottis, 2024-12-26

Examines the film careers and work of British playwrights who worked as screenwriters between 1930-1956. During the period between the 1927 Cinematograph Films Act and the new drama of the 1950s, many British writers associated with the stage also wrote for films, bringing the techniques of the well-made play with them. Some like Bernard Shaw, Noel Coward, and Terence Rattigan were screenwriter stars; part of the publicity of the films they worked on. *Pygmalion*, *Brief Encounter*, *The Way to the Stars*. Others were less celebrated but had long successful screen careers such as R.C. Sherriff, author of *Journey's End*, who worked on films as different as *The Invisible Man*, *The Four Feathers*, and *The Dam Busters*. Using the authors' original archives, this book follows the way in which these writers adapted their stage skills for the screen, contributing to the post-war Golden Age of the British cinema and creating the classic form of screenplay that continues today. **Birkbeck**

Joanna Bourke, 2022-08-11. Birkbeck traces the 200-year history of Birkbeck University of London from its founding at a time when social elites deplored the notion of educating working people to the present day. Joanna Bourke writes a lively history of the institution and how it contributed to the shaping of modern British higher education. Two hundred years ago, Birkbeck was founded as the London Mechanics Institution (LMI). When it was established in 1823, one-third of all men and half of all women were unable to read or write. British elites were vehemently hostile to educating working people. The country was in political turmoil, and it was feared that education would destroy society. This was the context in which the LMI was established. From its foundation, it was unique. Birkbeck traces its history from 1823 to the present, with Joanna Bourke using the history of Birkbeck to reflect on life and culture in London over the past two centuries. What does it mean to be educated? Why have Birkbeck's students been prepared to give up so much in order to study for a higher degree? How does education help us become fully human and self-fulfilled by learning how to use all our faculties: knowledge, imagination, sympathy? The story of Birkbeck contains some blood, oceans of scholarly sweat, and not a few tears. But it is also a story of laughter, intellectual excitement, scholarly eccentricity, collective as well as personal ambition, and most of all, the quirky passions and personalities that make up the Birkbeck community. It is a story of a unique university but also of higher education in Britain. It shows how knowledge can empower people to better themselves and improve the world. **Marriage and**

Late-Victorian Dramatists Mary Christian, 2020-04-23. This book examines plays produced in England in the 1890s and early 1900s and the ways in which these plays responded to changing perceptions of marriage. Bernard Shaw, Oscar Wilde, and other late Victorian dramatists challenged romanticized ideals of love and domesticity, and in the process, these authors appropriated and rewrote the genre conventions that had dominated English drama for much of the nineteenth century. In their plays, theater became a forum for debating the problems of traditional marriage and envisioning alternative forms of partnership. This book is written for scholars specializing in the areas of Victorian studies, dramatic literature, theater history,

performance studies and gender studies *English Drama of the Early Modern Period 1890-1940* Jean Chothia, 2016-07-01
The period 1890 1940 was a particularly rich and influential phase in the development of modern English theatre the age of Wilde and Shaw and a generation of influential actors and managers from Irving and Terry to Guilgud and Olivier Jean Chothia s study is in two parts beginning with a portrait of the period setting the narrative context and considering the dramatic social and cultural changes at work during this time It then focuses on some of the main themes in the theatre from Shaw and comedy to the rise of political and radio drama providing an interpretative framework for the period This volume will be of great benefit to students and academics of English literature and drama as it covers the work of the major dramatists of the period as well as considering the dramatic output of literary figures such as James Eliot and Lawrence

The Rise and Fall of the Well-Made Play (Routledge Revivals) John Russell Taylor, 2013-12-19 First published in 1967 this title considers the idea of the well made play in the context of how and why it has been devalued and how far in allowing it to be devalued we have lost sight of certain important elements of the theatre The focus of the book is largely on the development of British theatre and those who have been instrumental to it This is an indispensable introduction for any student with an interest in the history and development of the British theatre **Modern Drama and the Rhetoric of Theater** W. B. Worthen, 2015-01-30 The history of drama is typically viewed as a series of inert styles Tracing British and American stage drama from the 1880s onward W B Worthen instead sees drama as the interplay of text stage production and audience How are audiences manipulated What makes drama meaningful Worthen identifies three rhetorical strategies that distinguish an O Neill play from a Yeats or these two from a Brecht Where realistic theater relies on the natural qualities of the stage scene poetic theater uses the poet s word the text to control performance Modern political theater by contrast openly places the audience at the center of its rhetorical designs and the drama of the postwar period is shown to develop a range of post Brechtian practices that make the audience the subject of the play Worthen s book deserves the attention of any literary critic or serious theatergoer interested in the relationship between modern drama and the spectator *The Quarterly Journal* , 1929 Pinero: Three Plays Sir Arthur Wing Pinero, 2014-05-08 Born within a year of both Shaw and Wilde Pinero was one of the most popular and prolific playwrights of his age This volume contains his three best and still most often performed plays each written in a different mode The Magistrate 1885 a splendid farce The Second Mrs Tanqueray 1893 a social problem play and Trelawny of the Wells 1898 an affectionate comedy on the inevitability of change
