Two semi autobiographical works full of fantasy and invention of self knowledge and understanding testifying to the progress of the human spirit Two related sketches in the one book      **Arnold's Poetic Landscapes** Alan Roper,2019-12-01 Originally published in 1969 Alan Roper studies the degree to which Arnold achieved a unity of human significance and literal landscape If landscape poetry is to rise above the level of what Roper calls country contentments in verse the poet cannot think and describe alternately his thinking and describing must be a part of one another That Matthew Arnold was aware of the difficulty in achieving the necessary unity becomes clear in his own criticism which Roper examines along with a large and representative number of Arnold s poems Considering the latter roughly in the order they were published except for a fuller analysis of Empedocles on Etna The Scholar Gipsy and Thyrsis Roper follows important changes in Arnold s view of the function and nature of poetry as it emerged in the poems themselves Basic to the author s critical method is a distinction between geographical sites and poetic landscapes Focusing on the ways that Arnold and to a lesser extent the Augustan and Romantic poets before him untied thought and description Roper adds a critical dimension to Arnold scholarship Concerned not with the development of Arnold s ideas nor with their sources in classical antiquity and the Romantic period he considers

Arnold a self conscious poet who though sometimes successful became increasingly unsuccessful in his efforts to imbue a landscape with meaning for individual or social man
