Rubin, Jr.,1995-09-01 In A Writer s Companion Louis D Rubin Jr has drawn on his years of accumulated wisdom as well as the advice of some fifty prominent writers from various fields to put together in a single volume a vast array of information Organized in such a way as to make it exceptionally easy to use and enhanced by Rubin s graceful and witty prose A Writer s Companion will merit a place on the desk of every serious wordsmith It is also a book that will bring endless hours of pleasure to anyone who enjoys reading simply for the sake of gaining new knowledge As Casey Stengel said You could look it up     *The Grammar Bible* Michael Strumpf,Auriel Douglas,2004-07-15 A readable grammar book that is hard to put down this book is thorough combining practical information not easily found in trade books Library Journal No one knows grammar like Michael Strumpf For over a quarter of a century as creator and proprietor of the National Grammar Hot Line he helped thousands of callers from every corner of the globe tackle the thorniest issues of English grammar Now in The Grammar Bible he has created an eminently useful guide to better speaking and writing Unlike other grammar manuals The Grammar Bible is driven by the actual questions Professor Strumpf encountered during his years of teaching and fielding phone calls from anxious writers conscientious students and perplexed editors including such perennial quandaries as Where do I put this comma What case should this pronoun be in How do I form the possessive of Dickens Professor Strumpf explains these and other language issues with wit and wisdom showing how to speak more clearly and write more impressively by avoiding common errors and following the principles of good grammar Whether you need a comprehensive review of the subjunctive mood or simply want to know which form of a verb to use The Grammar Bible is a practical guide that will enlighten educate and entertain Strumpf has been fielding calls on the National Grammar Hot Line for more than 25 years telling callers how to make their subjects agree with their verbs and tell the difference between who and whom Thus many of the examples in this thick but highly readable grammar handbook come from questions sometimes rather charming ones posed by callers Publishers Weekly     Sisson's Synonyms Albert F.
