Wellman, 2017-10-10 This is the story of a region at once representative and unique in the history of Southern culture which was from its earliest colonial beginnings a focus of strength intellect and proud individuality Warren County North Carolina heart of the Roanoke Region early built for grace and vigor It bred people who were great in the affairs of the state and the nation Resolutely it fought for freedom from England was a harbor of antebellum grace and vigor sent its sons into the forefront of Civil War battles weathered Reconstruction's woes and strove to sustain its ancient tradition of greatness while keeping step with modernity in the world Here are remembered the beginnings in a primitive wilderness the pioneer region that grew into a rich empire of luxury and intellectualism the county that weathered disasters and won deserved rewards The events of its life as a locality with the men and women who created those events are here retold Warren County's special record of mannered culture and robust folkways its parade of hunters builders scholars statesmen soldiers belles and beaux wits and merrymakers its progress and change as noted in five different centuries are set forth from authentic sources

North Carolina Planters and Their Children, 1800--1860 Jane Turner Censer, 1990-07-01 Many historians of late have portrayed upper class southerners of the antebellum period as inordinately aristocratic and autocratic Some have even seen in the planters family relations the faint yet distinct shadow of a master's dealings with his slaves Challenging such commonly held assumptions about the attitudes and actions of the pre Civil War southern elite Jane Turner Censer draws on an impressive array of primary and secondary sources including letters diaries and other first person accounts as well as federal census materials and local wills deeds and marriage records to show that southern planters at least in their relations with their children were caring affectionate and surprisingly egalitarian Through the close study of more than one hundred North Carolina families she reveals the adults to have been doting parents who emphasized to their children the importance of education and achievement and the wise use of time and money The planters guided their offspring toward autonomy by progressively granting them more and more opportunities for decision making By the time sons and daughters were faced with choosing a marriage partner parents played only a restrained advisory role Similarly fathers left career decisions almost entirely up to their sons Censer concludes that children almost invariably met their parents high expectations Most of them chose to marry within their class and the second generation usually maintained or improved their parents high economic status On the other hand Censer finds that planters rarely developed warm empathetic relationships with their slaves Even the traditional mammy whose role in southern planter families was exalted in much of our literature seems to have held a relatively minor place in the family structure Bringing to light a wealth of previously unassimilated information North Carolina Planters and Their Children points toward a new understanding of social and cultural life among the wealthy in the

early nineteenth century South **A Contested Terrain** AnneMarie Brosnan,2025-03-04 A testament to the resilience and determination of Black North Carolinians to achieve educational equality This book examines the educational experiences of Black North Carolinians during the American Civil War and Reconstruction period 1861 1877 By highlighting the collaborative efforts that led to the growing network of schools for the formerly enslaved people it argues that schooling the Freedpeople was a contested terrain fraught with conflicting visions of Black freedom and the role education should play Although Black men and women emerged as the driving force behind the educational endeavors of this period their work was facilitated by Northern aid and missionary societies the federally mandated Freedmen s Bureau and over 1 400 teachers from various regional and racial backgrounds Yet the educational landscape was far from uniform and the individuals and organizations involved had their distinct visions regarding the nature and purpose of Freedpeople s education Through the use of qualitative and quantitative research methods this book offers new insights into the reasons why Black and white Northerners and Southerners elected to become teachers By examining their diverse motivations and experiences it argues that attitudes toward Freedpeople s education were complex and fluid defying neat characterization Despite mounting obstacles and opposition to their work Black North Carolinians unrelenting quest for education ultimately gave rise to free public schooling for both races the professionalization of Black teachers and an extensive network of Historically Black Colleges and Universities Southern Honor Bertram Wyatt-Brown,2007-08-31 A finalist for the Pulitzer Prize and the American Book Award hailed in The Washington Post as a work of enormous imagination and enterprise and in The New York Times as an important original book Southern Honor revolutionized our understanding of the antebellum South revealing how Southern men adopted an ancient honor code that shaped their society from top to bottom Using legal documents letters diaries and newspaper columns Wyatt Brown offers fascinating examples to illuminate the dynamics of Southern life throughout the antebellum period **The North Carolina Historical Review** ,1929 **Fighting for General Lee** Sheridan R. Barringer,2015-12-15 A remarkable biography of a Confederate brigadier general s experiences during and after the Civil War Well written and deeply researched Eric J Wittenberg author of Out Flew the Sabers Rufus Barringer fought on horseback through most of the Civil War with General Lee s Army of Northern Virginia and rose to lead the North Carolina Cavalry Brigade in some of the war s most difficult combats This book details his entire history for the first time Barringer raised a company early in the war and fought with the 1st North Carolina Cavalry from the Virginia peninsula through Second Manassas Sharpsburg Fredericksburg and Chancellorsville He was severely wounded at Brandy Station and as a result missed the remainder of the Gettysburg Campaign returning to his regiment in mid October 1863 Within three months he was a lieutenant colonel and by June 1864 a brigadier general in command of the North Carolina Brigade which fought the rest of the war with Lee and was nearly destroyed during the retreat from Richmond in 1865 The captured Barringer met President Lincoln at City Point endured prison and after the war did everything he could to convince North Carolinians to

accept Reconstruction and heal the wounds of war Drawing upon a wide array of newspapers diaries letters and previously unpublished family documents and photographs as well as other firsthand accounts this is an in depth colorful and balanced portrait of an overlooked Southern cavalry commander It is easy today to paint all who wore Confederate gray with a broad brush because they fought on the side to preserve slavery but this biography reveals a man who wielded the sword and then promptly sheathed it to follow a bolder vision proving to be a champion of newly freed slaves a Southern gentleman decades ahead of his time Bookseller and Print Dealers Weekly ,1928 **Report** North Carolina State Library,1906 *Biennial Report of the State Librarian for the Two Fiscal Years Ending...* North Carolina State Library,1926 Women and the Historical Enterprise in America: Gender, Race and the Politics of Memory Julie Des Jardins,2004-07-21 In *Women and the Historical Enterprise in America* Julie Des Jardins explores American women s participation in the practice of history from the late nineteenth century through the end of World War II a period in which history became professionalized as an increasingly masculine field of scientific inquiry Des Jardins shows how women nevertheless transformed the profession during these years in their roles as writers preservationists educators archivists government workers and social activists Des Jardins explores the work of a wide variety of women historians both professional and amateur popular and scholarly conservative and radical white and nonwhite Although their ability to earn professional credentials and gain research access to official documents was limited by their gender and often by their race these historians addressed important new questions and represented social groups traditionally omitted from the historical record such as workers African Americans Native Americans and religious minorities Assessing the historical contributions of Mary Beard Zora Neale Hurston Angie Debo Mari Sandoz Lucy Salmon Mary McLeod Bethune Dorothy Porter Nellie Neilson and many others Des Jardins argues that women working within the broadest confines of the historical enterprise collectively brought the new perspectives of social and cultural history to the study of a multifaceted American past In the process they not only developed the field of women s history but also influenced the creation of our national memory in the twentieth century *Tar Heel History on Foot* Lynn Setzer,2013-10-01 This lively collection of 34 of the best history walks in North Carolina highlights the richness and diversity of the state s history from the time of its first settlement to the present Veteran guidebook author Lynn Setzer leads readers on short walks in state parks and natural areas state historic sites charming small towns from the mountains to the sea and the state s largest cities Along the way she brings to life some of our state s most momentous events most accomplished and notorious characters and most famous firsts These walks are varied pleasant and accessible to almost every reader including older day trippers and families with young children Some walks include add ons should readers wish to make a longer day of it Organized by theme and location the walks are accompanied by maps and photographs as well as information on each walk s length and difficulty A list of sources directs readers to additional information so that they can continue a deeper exploration of North Carolina history *Dictionary of North Carolina Biography* William S.
