America s elite defense unit works under the radar and outside the law to stop terror before it hits America s streets But with each new crisis Stony Man s cyberwizards understand that the new battlefield is deep space Someday a superweapon may be impossible to stop With luck that day won t come thanks to Stony Man s field teams bringing the fight to the enemy face to face An invisible enemy plots to launch a dirty bomb from orbit exposing vulnerable cities to hard radiation Intel points to a multinational terror force bent on controlling the skies over the free world Suddenly the Farm is on a hunt for a threat that could shake the entire planet From deep cover penetration of hostile Red China to an emergency rescue flight to save the International Space Station the covert commandos are pushed to the limit especially when they have to prevent a suicide crash of a knockoff shuttle into New York City a collision that would turn the city into a smoking crater *Mirror in the Sky* Simon Morrison,2024-03-19 A stunning musical biography of Stevie Nicks that paints a portrait of an artist not a caricature of a superstar Reflective and expansive *Mirror in the Sky* situates Stevie Nicks as one of the finest songwriters of the twentieth century This biography from distinguished music historian Simon Morrison examines Nicks as a singer and songwriter before and beyond her career with Fleetwood Mac from the Arizona landscape of her childhood to the strobe lit Night of 1000 Stevies celebrations The book uniquely Analyzes Nicks s craft the grain of her voice the poetry of her lyrics the melodic and harmonic syntax of her songs Identifies the American folk and country influences on her musical imagination that place her within a distinctly American tradition of women songwriters Draws from oral histories and surprising archival discoveries to connect Nicks s story to those of California s above and underground music industries innovations in recording technology and gendered restrictions *The Mythology of the Night Sky* David E. of the West Indies John AMPHLETT (Barrister-at-Law.),1873 *The Sky in Early Modern English Literature* David H. Levy,2011-04-30 Astronomy is not just a subject unto itself We all look at the sky and it has always been a fertile source of guidance and inspiration in art music and literature This book explores the sky s appearances in music and art but focuses most on the sky s enormous presence in early modern English literature The author concentrates on William Shakespeare whose references to the sky far exceed the combined total of all his contemporaries Venturing into the historical context of these references the book teaches about the Supernovae of 1572 and 1604 the abundant comets of this period eclipses astrology and its relation to the night sky at the time and the early years of the telescope and how the literature of the time relates to it This book promises to open doors between two great fields of study by inspiring readers to look for their own connections between astronomy and literature and by helping them to enjoy the night sky itself more completely
