The Pig and the Skyscraper Marco d'Eramo, 2020-05-05 You expect the city of Al Capone and what you find are pleasant boulevards coursing up and down between the neo classical buildings of the 1893 Universal Exhibition The city center unfolds before you an architectural miracle that is to twentieth century urban planning what Venice must have been for the fifteenth century Like a cross between Philip Marlowe and Walter Benjamin Marco d'Eramo stalks the streets of Chicago leaving no myth unturned Maintaining a European's detached gaze he slowly comes to recognize the familiar stink of modernity that blows across the Windy City the origins of whose greatness the slaughterhouses the railroads the lumber and cereal crop trades are by now ancient history and where what rears its head today is already scheduled for tomorrow's chopping block Chicago has been the stage for some of modernity's key episodes the birth of the skyscraper the rise of urban sociology the world's first atomic reactor the hard nosed monetarism of the Chicago School Here in this postmodern Babel where the contradictions of American society are writ large d'Eramo bears witness to the revolutionary subversive power of capitalism at its purest *The Building Trades* Frank Leslie Shaw, 1916 **Edmund Wilson's America** George H. Douglas, 2014-10-17 When Edmund Wilson died in 1972 he was widely acclaimed as one of America's great literary critics But it was often forgotten by many of his admirers that he was also a brilliant and penetrating critic of American life In a

literary career spanning half a century Wilson commented on nearly every aspect of the American experience and he produced a body of work on the subject that rivals those of Tocqueville and Henry Adams In this book George H Douglas has distilled the essence from Wilson s many writings on America An active reporter and journalist as much as a scholar Wilson ranged from Harding to Nixon from bathtub gin to marijuana Douglas here surveys Wilson s mordant observations on the roaring twenties the Great Depression income tax suburbia sex populist politics the Vietnam War the Great Society the failure of American scholarship pollution of the landscape and the breakdown of traditional American values The Wilson who emerges from this survey is a historical writer with deep and unshakable roots in Jeffersonian democracy Among his most far seeing and poignant books are studies of the literature of the American Civil War and of the treatment of the American Indian Pained by the crumbling moral order Wilson was never completely at home in the twentieth century In politics he was neither a liberal nor a conservative as those terms are understood today He endured those ideologies and their adherents but his genius was that he could bring them into hard focus from the perspective of the traditional American individualist who was too pained to accept the standardized commercial world that had grown up around him Edmund Wilson s America offers a distinctive overview of the nation s life and culture as seen and judged by its leading man of letters
