Wells, 2020-04-07 From the author of *The Invisible Man* and *The War of the Worlds* Everyone who has ever read *When the Sleeper Wakes* remembers it George Orwell One of the founding fathers of science fiction H G Wells is known for such landmark novels as *The Time Machine* and *The Island of Doctor Moreau* In *When the Sleeper Wakes* he sends a nineteenth century man hurtling into an unfamiliar dystopian future In 1890s England Graham a fanatic socialist and author of prophetic writings takes medication for his insomnia and is plunged into a deep sleep that lasts two hundred years He awakens in a domed twenty second century London in which he has become due to the compound interest on his bank accounts the richest man in the world But as a nightmarish caste system is revealed Graham realizes all his worst fears for the future have come to fruition especially when he discovers a lower class of workers who spend their entire lives underground a species that will soon evolve into the Morlocks of Wells's *The Time Machine* Even in the 21st century Wells still speaks to our fears and dreams *The Washington Post* Nothing is more striking about Mr Wells than his power of lending freshness and vitality to some well worn formula of fiction *The Spectator* **Crossing the Line** Gayle Wald, 2000-07-24 Examines constructions of racial identity through the exploration of passing narratives including *Black Like Me* and forties jazz musician Mezz Mezzrow's memoir *Really the Blues*

Dirty Work Ann Mattis,2019-04-09 Dirty Work sheds light on the complex relationships between women employers and their household help in the early twentieth century through their representations in literature including women s magazines conduct manuals and particularly female authored fiction Domestic service brought together women from different classes races and ethnicities and with it a degree of social anxiety as upwardly mobile young women struggled to construct their identities in a changing world The book focuses on the works of Charlotte Perkins Gilman Edith Wharton Gertrude Stein Nella Larsen Jessie Fauset Anzia Yezierska and Fannie Hurst and their various depictions of the maid mistress relationship revealing a feminized and racialized brand of class hegemony Modern servants became configured as racial hygienic and social threats to the emergent ideal of the nuclear family and played critical rhetorical roles in first wave feminism and the New Negro movements Ann Mattis reveals how U S domestic service was the political unconscious of cultural narratives that attempted to define modern domesticity and progressive femininity in monolithic terms

The Logic of Fantasy John Huntington,1982 *The Galaxy* ,1908 *In The Third Person* Robert Goodier,2012-03-04 This collection of poetry is dark and powerful I make no apologies for any of them as I am writing from my own life experiences Many of the pieces were written during particularly bad and stressful periods so therefore come from the mind of a troubled soul But underneath many of the sad shocking and some silly pieces in this book there is an underlining black humour as each poem leaves the reader in no doubt that not all poets write about trees and fields of flowers The threat of war broken romances family fallouts and internal mental struggles have all been written about in this anthology Behind this collections intention is to highlight that depression heartache the unfairness of life should also have a place in the written word and shouldn t be quietly ignored I recommend that only one poem per day should be read digested and read again repeated 46 times and then back to the beginning

Perspectives on Causation Elitzur A. Bar-Asher Siegal,Nora Boneh,2020-07-27 This book explores relationships and maps out intersections between discussions on causation in three scientific disciplines linguistics philosophy and psychology The book is organized in five thematic parts investigating connections between philosophical and linguistic studies of causation presenting novel methodologies for studying the representation of causation tackling central issues in syntactic and semantic representation of causal relations and introducing recent advances in philosophical thinking on causation Beyond its thematic organization readers will find several recurring topics throughout this book such as the attempt to reduce causality to other non causal terms causal pluralism vs one all encompassing account for causation causal relations pertaining to the mental as opposed to the physical realm and more This collection also lays the foundation for questioning whether it is possible to evaluate available philosophical approaches to causation against the variety of linguistic phenomena ranging across diverse lexical and

grammatical items such as bound morphemes prepositions connectives and verbs Above all it lays the groundwork for considering whether the fruits of the psychological cognitive study of the perception of causal relations may contribute to linguistic and philosophical studies and whether insights from linguistics can benefit the other two disciplines

Underground Writing David Welsh,2010-05-04 The purpose of this book is to explore the ways in which the London Underground Tube was mapped by a number of writers from George Gissing to Virginia Woolf From late Victorian London to the end of the World War II underground writing created an imaginative world beneath the streets of London The real subterranean railway was therefore re enacted in number of ways in writing including as Dantean Underworld or hell as gateway to a utopian future as psychological looking glass or as place of safety and security The book is a chronological study from the opening of the first underground in the 1860s to its role in WW2 Each chapter explores perspectives on the underground in a number of writers starting with George Gissing in the 1880s moving through the work of H G Wells and into the writing of the 1920s 1930s including Virginia Woolf and George Orwell It concludes with its portrayal in the fiction poetry and art including Henry Moore of WW2 The approach takes a broadly cultural studies perspective crossing the boundaries of transport history literature and London urban studies It draws mainly on fiction but also uses poetry art journals postcards and posters to illustrate It links the actual underground trains tracks and stations to the metaphorical world of underground writing and places the writing in a social political context **Sirius (Sci-Fi Novel)** Olaf

novel that delves into a future society defined by technological advancements and consumerism starkly contrasting the ideals of individuality and emotional depth. Written in 1932, the novel employs a satirical and ironic literary style expertly blending vivid imagery and philosophical discourse to explore the implications of state control, manufactured happiness, and the loss of personal identity. Positioned within the context of the interwar period, Huxley's narrative critiques the era's burgeoning obsession with industrial progress and societal engineering, challenging readers to reconsider the value of human experience in an increasingly mechanized world. Huxley, born into a prominent British family with a rich literary heritage, was profoundly influenced by the scientific innovations of his time as well as the philosophical and political changes sweeping Europe. His extensive education, personal experiences, and engagement with themes of science and morality provided the foundation for his critical examination of societal norms. *Brave New World* serves as both a warning and a reflection on the potential consequences of unchecked technological advancement and complacency in the face of ethical dilemmas. This seminal work remains incredibly relevant today, prompting readers to confront their own societal structures and consider the ramifications of sacrificing individuality for the sake of stability. Huxley's prescient insights invite all those interested in the intersections of technology, ethics, and human nature to embark on a thought-provoking journey that resonates in our contemporary landscape.
