You Don't Have to Act Your Age Win McFadden, 2001-01-31 Win McFadden now in his nineties is an international senior track and field star who still participates in U S Masters and Senior Olympics competition In *You Dont Have to Act Your Age* he has written a book with a radical mission to convince the many millions of people over the age of 65 that the remaining years of their lives can be healthy joyful ones He poses the following questions Suppose that in our effort to be as healthy as we could possibly be we engaged in a pursuit that also let us have fun and that while having fun we became totally absorbed and therefore willingly disciplined in our efforts Suppose further that because of our dedication and discipline we were eventually rewarded by public recognition and tangible rewards What if as our days sped by in this happy rewarding and disciplined existence we also met large numbers of friends who were similarly healthy dedicated and interesting And suppose that through the friends we made and the recognition we received we became able to be of service to other older people who needed help in bringing themselves to a condition of greater health and fitness and therefore happiness That would be true satisfaction of the highest order He claims that his positive answers to these questions have been the result of his participating in Masters athletics and teaching physical fitness classes for older adults In this second edition of *You Dont Have to Act Your Age* McFadden has added tips for seniors on how to choose an exercise class that meets their needs as well as advice for younger relatives of seniors who now live in convalescent facilities on how to encourage their loved ones to remain as physically fit as possible **Act Your Age!** Kenneth Harris, 2021-05-06 *Act Your Age* A command in these or similar words was heard by most of us soon after we learned to walk and often heard repeated as we trekked our way through childhood As adulthood arrived perhaps you like the author have occasionally heard again that early exhortation ringing softly in your ears Now don't forget to act your age The author presents stories from his life as a suburban Oklahoma boy time study engineer financial analyst safety engineer police officer father of four grandfather of fourteen and pastor that provide an intimate candid lively and imaginative chronology from his youth up to the present day of his retirement in the panhandle of northern Idaho Emotions run the gamut from the deep sadness and vacuum of tragic loss to the joyful and raucous laughter found only in families Occasionally rational explanation eludes all efforts and he is forced to fall back on divine intervention Many were the opportunities that seemed to say *Act Your Age* In some he did In some he didn't You be the judge *Act Your Age!* Frank Topping, 2013-04-15 First published in 2001 **Act Your Age!** Nancy Lesko, 2012-03-15 Are our current ways of talking about the problem of adolescence really that different than those of past generations For the past decade *Act Your Age* has provided a provocative and now classic analysis of the accepted ways of viewing teens By employing a groundbreaking history of the present methodology that resists traditional chronology author Nancy Lesko analyzes both historical and present social and political factors that produce the presumed natural adolescent This resulting seminal work in the field of youth study forces readers to rethink the dominant interpretations on the social construction of

adolescence from the 19th century through the present day This new edition is updated throughout and includes a full new chapter on 1950s era assumptions about adolescence and the corresponding connections to teens today As in all chapters Lesko provides careful examination of the concerns of nationalism sexuality and social order in terms of how they are projected onto the definitions of adolescents in the media in schools and in the home Act Your Age Eve

characters like Papa Aunt Norma Harrison Augustus Turnbull and Artemesia rise from the narrator's southern Gothic roots. The narrator, nameless Every Woman, prides herself in being an introspective and competent adult, but her naiveté demonstrates that being an adult is really a state of mind and finding truth is like entertaining company with chipped china. Coping with life's poignant struggles like disease, old age, suicide, and murder and its ordinary ones like child raising, teaching, pets, and church-going, she seeks sense in the nonsense with humor and with love.
