*Textual Situations* Andrew Taylor, 2002-02-20 Taylor contributes new insights to material philology and makes a brilliant demonstration of its concerns Stephen Nichols The Johns Hopkins University [The Cambridge Companion to Medieval English Literature 1100-1500](#) Larry Scanlon, 2009-06-18 A wide ranging survey of the most important medieval authors and genres designed for students of English **Medieval Translatio** Massimiliano Bampi, Stefanie Gropper, 2024-09-23 The interdisciplinary papers in this volume focus on the translation of texts in its broadest meaning The contributors represent Latin Slavic English and Scandinavian philologies and deal with very different aspects of translation as for example The Aftermath of the Norman Conquest Re writing parts of Europe in vernacular adaptations of the Imago Mundi Translating A Philosophical Style The Hermeneutics of Animal Voices in Early Medieval England Vernacular Literary Cultures in the Latin West Latin Medieval Cosmopolitanism and the Dynamics of Untranslatability Non Autonomy of South Slavic Metaphrastic Translation and Alexander and the Ars Dictaminis It is the aim of all contributions as well as the whole volume to demonstrate the importance of translation in the Middle Ages as a means of not only linguistic transfer but also of a transfer of culture and knowledge [The Texts and Contexts of Oxford, Bodleian Library, MS Laud Misc. 108](#) Kimberly Bell, Julie Nelson Couch, 2010-12-17 This book serves as the essential companion to the late thirteenth century Middle English manuscript Oxford Bodleian Library MS Laud Misc 108 It marks a collaborative effort by scholars who investigate the codicological and contextual features of this manuscript s vernacular poems *Snapshots of Evolving Traditions* Liv Ingeborg Lied, Hugo Lundhaug, 2017-01-23 Scholars of early Christian and Jewish literature have for many years focused on interpreting texts in their hypothetical original forms and contexts while largely overlooking important aspects of the surviving manuscript evidence and the culture that produced it This volume of essays seeks to remedy this situation by focusing on the material aspects of the manuscripts themselves and the fluidity of textual transmission in a manuscript culture With an emphasis on method and looking at texts as they have been used and transmitted in manuscripts this book discusses how we may deal with textual evidence that can often be described as mere snapshots of fluid textual traditions that have been intentionally adapted to fit ever shifting contexts The emphasis of the book is on the contexts and interests of users and producers of texts as they appear in our surviving manuscripts rather than on original authors and their intentions and the essays provide both important correctives to former textual interpretations as well as new insights into the societies and individuals that copied and read the texts in the manuscripts that have actually been preserved to us **Prowess, Piety, and Public Order in Medieval Society**, 2017-03-06 Richard Kaeuper s career has examined three salient concerns of medieval society knightly prowess and violence lay and religious piety and public order and government most directly in three of his monographs War Justice and Public Order Oxford 1988 Chivalry and Violence in Medieval Europe Oxford 1999 and Holy Warriors Penn 2009 Kaeuper approaches historical questions with an eye towards illuminating the inherent

complexities in human ideas and ideals and he has worked to untangle the various threads holding together cultural constructs such as chivalry licit violence and lay piety The present festschrift in his honor brings together scholars from across disciplines to engage with those same concerns in medieval society from a variety of perspectives Contributors are Bernard S Bachrach Elizabeth A R Brown Samuel A Claussen David Crouch Thomas Devaney Paul Dingman Daniel P Franke Richard Firth Green Christopher Guyol John D Hosler William Chester Jordan Craig M Nakashian W Mark Ormrod Russell A Peck Anthony J Pollard Michael Prestwich Sebastian Rider Bezerra Leah Shopkow and Peter W Sposato Illustrated Religious Texts in the North of Europe, 1500-1800 Prof Dr Els Stronks, Dr Adam Morton, Asst Prof Feike Dietz, Professor Marc Van Vaecck, Ms Lien Roggen, 2014-07-28 *Illustrated Religious Texts in the North of Europe 1500 1800* provides a new perspective on the role of visual imagery in the Reformation period by focusing on international forms of collaboration and makes a significant contribution to ongoing debates concerning the history of the book by focusing on the ideological as well as practical side of international contacts

**Charlemagne's Defeat in the Pyrenees** Xabier Irujo, 2025-10-01 The Battle of Errozabal Rencesvals is the one of the most significant historical events of eighth century Vasconia and in all Western Europe The present monograph examines Charlemagne's campaign from the perspective of military history but also as part of a complex socio political process that began after the Muslim conquest of the Iberian Peninsula in 711 and culminated with the creation of the Kingdom of Pamplona in 824 The battle had major and largely underappreciated consequences for the Carolingian Empire It also enjoyed a remarkable legacy as the topic of one of the oldest European epic poems La Chanson de Roland The events that took place in the Pyrenean pass of Errozabal on 15 August 778 defined the development of the Carolingian world and lie at the heart of the early medieval contribution to the later medieval period

**To Follow in Their Footsteps** Nicholas L. Paul, 2012-09-06 When the First Crusade ended with the conquest of Jerusalem in 1099 jubilant crusaders returned home to Europe bringing with them stories sacred relics and other memorabilia including banners jewelry and weapons In the ensuing decades the memory of the crusaders bravery and pious sacrifice was invoked widely among the noble families of western Christendom Popes preaching future crusades would count on these very same families for financing leadership and for the willing warriors who would lay down their lives on the battlefield Despite the great risks and financial hardships associated with crusading descendants of those who suffered and died on crusade would continue to take the cross in some cases over several generations Indeed as Nicholas L Paul reveals in *To Follow in Their Footsteps* crusading was very much a family affair Scholars of the crusades have long pointed to the importance of dynastic tradition and ties of kinship in the crusading movement but have failed to address more fundamental questions about the operation of these social processes What is a family tradition How are such traditions constructed and

maintained and by whom How did crusading families confront the loss of their kin in distant lands Making creative use of Latin dynastic narratives as well as vernacular literature personal possessions and art objects and architecture from across western Europe Paul shows how traditions of crusading were established and reinforced in the collective memories of noble families throughout the twelfth and thirteenth centuries Even rulers who never fulfilled crusading vows found their political lives dominated and in some ways directed by the memory of their crusading ancestors Filled with unique insights and careful analysis To Follow in Their Footsteps reveals the lasting impact of the crusades beyond the expeditions themselves on the formation of dynastic identity and the culture of the medieval European nobility **The European Book in the**

**Twelfth Century** Erik Kwakkel,Rodney Thomson,2018-03-31 The long twelfth century 1075 1225 was an era of seminal importance in the development of the book in medieval Europe and marked a high point in its construction and decoration This comprehensive study takes the cultural changes that occurred during the twelfth century Renaissance as its point of departure to provide an overview of manuscript culture encompassing the whole of Western Europe Written by senior scholars chapters are divided into three sections the technical aspects of making books the processes and practices of reading and keeping books and the transmission of texts in the disciplines that saw significant change in the period including medicine law philosophy liturgy and theology Richly illustrated the volume provides the first in depth account of book production as a European phenomenon **Survival and Success of an Apocryphal Childhood of Jesus** Marijana

treatment of new and received materials by medieval writers and the formal craft required for their verse Individual chapters treat the representation of national history and mythology contemporary issues and the shared doctrine and learning provided by sacred and secular sources including the Bible Throughout the period lyric and romance figure prominently as genres and poetic modes while some works hover enticingly on the boundary of genre and discursive forms The volume ends with chapters on the major writers of the late fourteenth century Langland the Gawain poet Chaucer and Gower and with a look forward to the reception of something like a national literary tradition in fifteenth century literary culture

Brown, 2020-04-02 A remarkably well informed and truly innovative study of the way Boccaccio reimaged and rewrote Old French fabliaux in his Decameron François Rigolot Princeton University Theoretically savvy and yet jargon free philologically impeccable and critically acute this is a book that shows the author's unflinching dedication to the highest standards of scholarship Simone Marchesi author of Dante and Augustine Brown's attention to codicological contexts coupled with persuasive new interpretations of some of the fabliaux and Decameron stories make this book a pleasure to read for medievalist veterans and novices alike Renate Blumenfeld Kosinski author of Poets Saints and Visionaries of the Great Schism 1378-1417 Short works known for their humor and ribaldry the fabliaux were comic or satirical tales told by wandering minstrels in medieval France Although the fabliaux are widely acknowledged as inspiring Giovanni Boccaccio's masterpiece the Decameron this theory has never been substantiated beyond perceived commonalities in length and theme This new and provocative interpretation examines the formal similarities between the Decameron's tales of wit wisdom and practical jokes and the popular thirteenth century fabliaux Katherine Brown examines these works through a prism of reversal and chiasmus to show that Boccaccio was not only inspired by the content of the fabliaux but also by their fundamental design where a passage of truth could be read as a lie or a tale of life as a tale of death Brown reveals close resemblances in rhetoric literary models and narrative structure to demonstrate how the Old French manuscripts of the fabliaux were adapted in the organization of the Decameron Identifying specific examples of fabliaux transformed by Boccaccio for his classic Decameron Brown shows how Boccaccio refashioned borrowed literary themes and devices playing with endless possibilities of literary creation through manipulations of his model texts Katherine A Brown is a specialist of medieval French and Italian literature Learning to Die in London, 1380-1540 Amy Appleford, 2015 Taking as her focus a body of writings in poetic didactic and legal modes that circulated in England's capital between the 1380s just a generation after the Black Death and the first decade of the English reformation in the 1530s Amy Appleford offers the first full length study of the Middle English art of dying ars moriendi An educated awareness of death and mortality was a vital aspect of medieval civic culture she contends critical not only to the shaping of single lives and the management of families and households but also to the practices of cultural memory the building of institutions and the good government of the city itself In fifteenth century London in particular where an increasingly laicized reformist religiosity coexisted with an ambitious program of urban renewal cultivating a sophisticated attitude toward death was understood as essential to good living in the widest sense The virtuous ordering of self household and city rested on a proper attitude toward mortality on the part both of

the ruled and of their secular and religious rulers The intricacies of keeping death constantly in mind informed not only the religious prose of the period but also literary and visual arts In London s version of the famous image text known as the Dance of Death Thomas Hoccleve s poetic collection The Series and the early sixteenth century prose treatises of Tudor writers Richard Whitford Thomas Lupset and Thomas More death is understood as an explicitly generative force one capable if properly managed of providing vital personal social and literary opportunities *The Complete Harley 2253 Manuscript, Volume 3* ,2015-02-01 British Library MS Harley 2253 is one of the most important literary works to survive from the English medieval era In rarity quality and abundance its secular love lyrics comprise an unrivaled collection Intermingled with them are contemporary political songs as well as delicate lyrics designed to inspire religious devotion
