

Sitting and pretending to read an airplane advertising booklet, John could hardly believe that they had succeeded. He was tormented to the end by doubts that everything would work out. However, now he was on a plane with fake documents and really flew to Tel Aviv. But of course, all this theater was both gorgeous and humiliating. John decided he would think about it later, as long as it worked. His train of thought was interrupted by the head of a man who also participated in this theater, but apparently got used to the role too much and now his head was on John's shoulder.

"Fuck! What is he doing?! Is he... snoring?! Why the hell is this asshole so relaxed!?"

John was about to yell at the man, but out of the corner of his eye he noticed a stewardess walking past him and did not risk ruining the plan, which was going perfectly, but instead stared angrily at the promotional bouquet, feeling that he did not like it all.

When in that basement John received a set of women's clothes, a wig and documents from a stranger, John looked skeptically at all this.

However, the stranger was somehow able to convince John that everything would be all right. The key was that the stranger was a professional and John actually knew that this man was helping people like him "disappear".

Sitting in a taxi on the way to the airport, John already thought that even this taxi driver would declassify him. Too ridiculous, as it seemed to him, these women's clothes looked on him. However, the makeup was done professionally, John was even surprised how that stranger could do it, he just sat with his eyes closed all this time, but looking in the mirror he was shocked, he could really be confused with a girl now, especially in his new clothes and in this tightly glued wig.

John had already met Rafael at the airport and knew that the role was his boss - Rafael Dahan, and John seemed to be his secretary Ruba Mueller. At least that name was now on those fake documents that had John's face on it. Surprisingly, Rafael played the role perfectly from the very beginning and at one point even pinched his ass and tried to kiss him in front of everyone. On the one hand, John liked this, because he knew the truth and all such gestures showed outsiders that they were really either a couple or lovers. But on the other hand, he certainly would have done better without it and tried to hide his anger under a smile.

John did not notice how all this time in flight his body was gradually changing. The process had already begun and there was no stopping it. The wig slowly transformed and grew into his head in such a way that it was now his real hair. In the chest area, the soft tissues of the female breast are already beginning to form and every minute it becomes more and more and fill the bra instead of the stuffed tissue. His male cock had already shrunk almost twice instead of his testicles and gradually transformed into a female vagina. Everything went according to plan... but not according to the plan that John thought.
