

T.H. Green's Theory of Positive Freedom

From Metaphysics to Political Theory

Ben Wempe

Green Studies, Volume 3

Th Greens Theory Of Positive Freedom British Idealist Studies

Michael Rajnik

Th Greens Theory Of Positive Freedom British Idealist Studies:

T.H. Green's Theory of Positive Freedom Ben Wempe, 2004 Ben Wempe argues that the far reaching and beneficial influence of Green's political doctrine on public policy as well as in the field of political theory was founded on a misinterpretation of his philosophical stand The book discusses Green's philosophical development T.H. Green's Theory of Positive Freedom Ben Wempe, 2017-01-19 In this new and entirely revised edition of his study of Green's theory of positive freedom Ben Wempe argues that the far reaching and beneficial influence of Green's political doctrine on public policy as well as in the field of political theory was founded on a misinterpretation of his philosophical stand since the metaphysical basis on which Green argued for his political position was largely neglected The book discusses Green's philosophical development and examines an important hitherto underrated influence that went into the formation of his philosophical opinions It then considers Green's metaphysics and describes how some omissions from the concise version of his metaphysical doctrine as it is found in his published works may be remedied by reference to Green's unpublished material

The Metaphysics of Self-realisation and Freedom Colin Tyler, 2017-03-22 This first part of Colin Tyler's new critical assessment of the social and political thought of T H Green 1836-1882 explores the grounding that Green gives to liberal socialism Tyler shows how for Green ultimately personal self-realisation and freedom stem from the innate human drive to construct a bedrock of fundamental values and commitments that can define and give direction to the individual's most valuable potentials and talents This book is not only a significant contribution to British idealist scholarship It highlights also the enduring philosophical and ethical resources of a social democratic tradition that remains one of the world's most important social and political movements and not least across Britain Europe North America India and Australia Dr Colin Tyler is Reader in Politics at the University of Hull and joint convenor of the Centre for British Idealism *Rethinking Positive and Negative Liberty* Maria Dimova-Cookson, 2019-09-04 This book argues that the distinction between positive and negative freedom remains highly pertinent today despite having fallen out of fashion in the late twentieth century It proposes a new reading of this distinction for the twenty first century building on the work of Constant Green and Berlin who led the historical development of these ideas The author defends the idea that freedom is a dynamic interaction between two inseparable yet sometimes fundamentally opposed positive and negative concepts the yin and yang of freedom Positive freedom is achieved when one succeeds in doing what is right while negative freedom is achieved when one is able to advance one's wellbeing In an environment of culture wars resurging populism and challenge to progressive liberal values recognising the duality of freedom can help us better understand the political dilemmas we face and point the way forward The book analyses the duality of freedom in more philosophical depth than previous studies and places it within the context of both historical and contemporary political thinking It will be of interest to students and scholars of liberalism and political theory The Political Philosophy of the British Idealists Peter P. Nicholson, 1990-01-26 This book offers a reassessment of

the political philosophy of the British Idealists a group of once influential and now neglected nineteenth century Hegelian philosophers whose work has been much misunderstood Peter Nicholson focuses on F H Bradley s idea of morality and moral philosophy T H Green s theory of the Common Good of the social nature of rights of freedom and of state interference and Bernard Bosanquet s notorious theory of the General Will By examining the arguments offered by the Idealists and by their critics the author is able to penetrate the deep layers of hostile comment laid down by several generations of later writers and to show that these ideas once properly understood are not only defensible but interesting and important *British Idealism: A History* W. J. Mander, 2011-05-12 British philosophy in the last third of the nineteenth and first third of the twentieth centuries *Positive Freedom* John Christman, John Philip Christman, 2021-09-16 This is the first volume to treat the idea of positive freedom in detail and from multiple perspectives **The Routledge Companion to Social and Political Philosophy** Gerald F. Gaus, Fred D'Agostino, 2013 This comprehensive work provides an up to date survey of social and political philosophy charting its history and key figures and movements and addressing enduring questions as well as contemporary research **British Idealism: A Guide for the Perplexed** David Boucher, Andrew Vincent, 2012-02-02 A concise introduction to the ideas and writings of the British Idealists *T.H. Green and the Development of Ethical Socialism* Matt Carter, 2016-11-16 This book uncovers the philosophical foundations of a tradition of ethical socialism best represented in the work of R H Tawney tracing its roots back to the work of T H Green Green and his colleagues developed a philosophy that rejected the atomistic individualism and empiricist assumptions that underpinned classical liberalism and helped to found a new political ideology based around four notions the common good a positive view of freedom equality of opportunity and an expanded role for the state The book shows how Tawney adopted the key features of the idealists philosophical settlement and used them to help shape his own notions of true freedom and equality thereby establishing a tradition of thought which remains relevant in British politics today **T.H. Green** John Morrow, 2017-11-30 This volume collects a range of the most important published critical essays on T H Green s political philosophy These essays consider Green s ethical and political philosophy his accounts of freedom rights political obligation and property and the location of his political theory in the discourses of Victorian liberalism It concludes with a selection of essays that provide comparative discussions of aspects of Green s political philosophy with positions advanced by Sidgwick Rousseau Kant and Hegel and with both conservative and liberal responses to his ideas that emerged in late nineteenth and early twentieth century Japan The New Liberalism Avital Simhony, David Weinstein, 2001-08-23 Essays on new liberalism demonstrate that liberalism can accommodate community rights and liberty Unpublished Manuscripts in British Idealism - Volume 1 Colin Tyler, 2015-10-27 The British Idealist movement flourished between the 1860s and 1920s and exerted a very significant influence in the USA India and Canada most notably on John Dewey and Josiah Royce The movement also laid the groundwork for the thought of Oakeshott and Collingwood Its leading figures particularly Green and Caird have left a

number of complete or near complete manuscripts in various British university archives many of which remain unpublished This important collection widens access to this unpublished material by transcribing editing and then publishing the most significant pieces The project focuses on the moral political and religious writings the areas of most interest to scholars This annotated critical edition opens them up to the academic community

The 'Puritan' Democracy of Thomas Hill Green Alberto de Sanctis, 2016-12-15 The central concern of this book is to demonstrate how Puritanism was a theme which ran through all Green's biography and political philosophy It thereby reveals how Green's connections with Evangelicalism and his known affinities with religious dissent came from his way of conceiving Puritanism In Green's eyes its anti formalist viewpoint made Puritanism the most suitable tool for avoiding the drawbacks of democracy The key objective of the book is to illustrate how the philosophy elaborated by Green aimed to encapsulate the best of Puritanism whilst eschewing the dangerous abstractions of both Puritan philosophy and German idealism It follows that Green's conception of positive and negative freedom and his vision of political obligation stemmed from his effort to revive the Puritan heritage rather than from an ambiguous flirtation with idealism The book purports to show how the influence of Puritanism in Green's political thought is an element which can help to integrate the literature in the area contributing to a better comprehension of a philosopher who despite being unanimously considered as the founder of the so called Oxford idealist school had a very difficult and sometimes obscure connection with idealism It has been widely argued that Green's relationship with idealism seemed to be infected by a religious germ which because it was unrelated to German idealism gave it a bad taste This study aims to encourage further investigation into the nature and propagation of that germ in the British idealist School

The Routledge Companion to Social and Political Philosophy Gerald Gaus, Fred D'Agostino, Ryan Muldoon, 2024-11-26 The Routledge Companion to Social and Political Philosophy Second Edition is a comprehensive definitive reference work providing an up to date survey of the field charting its history and key figures and movements and addressing enduring questions as well as contemporary research Features unique to the Companion are as follows Extensive coverage of the history of social and political thought including separate chapters on the development of political thought in the Islamic world India and China as well as in modern Germany France and Britain A focus on the core concepts and the normative foundations of social and political theory A section devoted exclusively to distributive justice the central issue of political philosophy since Rawls Theory of Justice Several chapters on global justice and international issues The Companion's 74 commissioned chapters by leading scholars from throughout the world are divided into eight thematic sections The History of Social and Political Theory Political Theories and Ideologies Normative Foundations Distributive Justice The National State and Beyond Political Concepts Approaches and Issues in Social and Political Philosophy Expanded updated and revised throughout this Second Edition includes new chapters on Politics Philosophy and Economics PPE Political Epistemology Race and Ethnicity Power Foucault and New Diversity Theory

The Greenian Moment Denys Leighton, 2004 This study of T H

Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate. The book deals with the political and religious history of Victorian Britain in examining the basis of Green's Liberal partisanship. It demonstrates how his main ethical and political conceptions, his idea of self-realisation and his theory of individuality within community, were informed by evangelical theology, popular Protestantism and an idea of the English national consciousness as formed by religious conflict. While the significance of Kantian and Hegelian elements in Green's thought is acknowledged, it is argued that indigenous qualities of Green's teachings resonated with values shared alike by elite and rank-and-file Liberals during the mid and late Victorian era. In examining Green's beliefs about the historical evolution of English liberty, his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community, this study analyzes the ripening of a Greenian moment and traces Green's influence on Liberal quasi-socialist and Conservative social reform down to the 1920s. The lasting impact of Green's teachings on British and Western political philosophy, apparent in the current vogue for communitarianism in liberal theory, indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought.

The Routledge Companion to Nineteenth Century Philosophy Dean Moyar, 2010-04-05. The nineteenth century is a period of stunning philosophical originality characterised by radical engagement with the emerging human sciences. Often overshadowed by twentieth century philosophy which sought to reject some of its central tenets, the philosophers of the nineteenth century have re-emerged as profoundly important figures. *The Routledge Companion to Nineteenth Century Philosophy* is an outstanding survey and assessment of the century as a whole. Divided into seven parts and including thirty chapters written by leading international scholars, the Companion examines and assesses the central topics, themes and philosophers of the nineteenth century, presenting the first comprehensive picture of the period in a single volume. German Idealism, philosophy as political action including young Hegelians, Marx and Tocqueville, philosophy and subjectivity including Schopenhauer, Kierkegaard and Nietzsche, scientific naturalism including Darwinism, philosophy of race, experimental psychology and Neo-Kantianism, utilitarianism and British Idealism, American Idealism and Pragmatism, new directions in Mind and Logic including Brentano, Frege and Husserl. *The Routledge Companion to Nineteenth Century Philosophy* is essential reading for students of philosophy and for anyone interested in this period in related disciplines such as politics, history, literature and religion.

British Idealism and the Concept of the Self W. J. Mander, Stamatoula Panagakou, 2016-09-26. This book reassesses the origins, development and legacy of the philosophy of the British idealists, demonstrating the enduring relevance of their thought for the modern discipline. This body of work coheres around the single unifying theme of the self, a concept of central importance to the idealist school. Particular attention is also paid to the many connections that hold between various philosophers and branches of philosophy, as well as creating a set of continuously running dialogues between contributing authors. Readers will discover a comprehensive, stimulating and sharply focused

panorama of British idealist thought which will be useful to philosophers historians of ideas political and social theorists psychologists and policy makers who wish to gain a deeper understanding of the citizen as a self *Ethical Politics and Modern Society* James Jia-Hau Liu,2019-09-19 *Ethical Politics and Modern Society* introduces and critically examines British idealist philosopher Thomas Hill Green his practical philosophy and its reception in China between the late nineteenth century and the early twentieth century As a response to the modernity issue in Great Britain Green s philosophy in particular his ethical politics anticipated a practical solution to the individual alienation issue in modern society Witnessing the resemblance between Green s ethical politics and classical Chinese ethical and political thought some Chinese scholars became inclined to take Green s thought as an intellectual approach to assimilate Western modernity While Green and the Chinese scholars both intended to articulate an ethical conception of modern politics in response to the issue of modernity their results were very different In this book James Jia Hau Liu analyses why modern Chinese scholars introduced Green s philosophy to China and why the studies of Green s philosophy in China have since faded away Modern Chinese scholars such as Gao Yi Han Chin Yueh Lin Tang Jun Yi Chang Fo Chuan and Yin Hai Guang are explored in greater detail The contradictory standings towards modernity between Green and Chinese scholars illustrate how to understand the difference forms of modernity that can be embodied therein *Ethical Politics and Modern Society* is a valuable resource to scholars of political philosophy political theory history of social and political thought British idealism and the work of Thomas Hill Green

Civil Society, Capitalism and the State Colin Tyler,2012

This book delves into Th Greens Theory Of Positive Freedom British Idealist Studies. Th Greens Theory Of Positive Freedom British Idealist Studies is an essential topic that needs to be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Th Greens Theory Of Positive Freedom British Idealist Studies, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Th Greens Theory Of Positive Freedom British Idealist Studies
 - Chapter 2: Essential Elements of Th Greens Theory Of Positive Freedom British Idealist Studies
 - Chapter 3: Th Greens Theory Of Positive Freedom British Idealist Studies in Everyday Life
 - Chapter 4: Th Greens Theory Of Positive Freedom British Idealist Studies in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Th Greens Theory Of Positive Freedom British Idealist Studies. The first chapter will explore what Th Greens Theory Of Positive Freedom British Idealist Studies is, why Th Greens Theory Of Positive Freedom British Idealist Studies is vital, and how to effectively learn about Th Greens Theory Of Positive Freedom British Idealist Studies.
 3. In chapter 2, the author will delve into the foundational concepts of Th Greens Theory Of Positive Freedom British Idealist Studies. This chapter will elucidate the essential principles that need to be understood to grasp Th Greens Theory Of Positive Freedom British Idealist Studies in its entirety.
 4. In chapter 3, this book will examine the practical applications of Th Greens Theory Of Positive Freedom British Idealist Studies in daily life. This chapter will showcase real-world examples of how Th Greens Theory Of Positive Freedom British Idealist Studies can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Th Greens Theory Of Positive Freedom British Idealist Studies in specific contexts. This chapter will explore how Th Greens Theory Of Positive Freedom British Idealist Studies is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Th Greens Theory Of Positive Freedom British Idealist Studies. The final chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Th Greens Theory Of Positive Freedom British Idealist Studies.
