Colorado's Daring Ivy Baldwin Jack Stokes Ballard,2020-07-13 At the beginning of the twentieth century aerialist Ivy Baldwin had achieved celebrity status as a premier tightrope walker aeronaut and aviation pioneer He executed astonishing and perilous performances across America and internationally including Mexico and the Far East First by flying balloons he went on to pilot dirigibles and finally aircraft In his later years in Colorado he became famous for crossing canyons on a tightrope Historian Jack Stokes Ballard deftly captures Baldwin's colorful and hazardous life from childhood runaway to aviation record holder Air Corps News Letter ,1957 Thaddeus Lowe Mary Duprey Hoehling,1958 Story of Thaddeus Lowe who was instrumental in developing hot air balloons for use in the Civil War Civil War Special Forces Robert P. Broadwater,2014-08-26 This timely addition to Civil War history shares the stories of 25 unique military organizations showing how past and future collided in the first modern war The Civil War of course pitted North against South It also pitted ancient ways of war against new technology inspired weaponry and tactics In surveying the war's elite fighting units this work covers both The book showcases novel weapons and unorthodox strategies including machine gunners rocket battalions chemical corps the Union balloon corps and the Confederate submarine service all of which harnessed new technologies and

were forerunners of the modern military Chapters also cover archaic special forces such as lancers and pikers that had their last hurrah during this transformational conflict Readers will also meet the fighting youth of the North Carolina Junior Reserves the Graybeards of North Carolina and the female combatants of the Nancy Harts Militia of Georgia Going where few other studies have gone the book fills a gap in existing Civil War literature and brings to life the stories of many of the most extraordinary units that ever served in an American army The tales it tells will prove fascinating to Civil War and weapons buffs and to general readers alike Chancellorsville 1863 Ernest B. Furgurson, 1993-09-28 For 130 years historians and military strategists have been obsessed by the battle of Chancellorsville It began with an audaciously planned stroke by Union general Joe Hooker as he sent his army across the Rappahannock River and around Robert E Lee's lines It ended with that same army fleeing back in near total disarray and Hooker's reputation in ruins This splendid account of Chancellorsville the first in more than 35 years explains Lee s most brilliant victory even as it places the battle within the larger canvas of the Civil War Drawing on a wealth of first hand sources it creates a novelistic chronicle of tactics and characters while it retraces every thrust and parry of the two armies and the fateful decisions of their commanders from Hooker's glaring display of moral weakness to the inspired risk taking of Lee and Stonewall Jackson who was mortally wounded by friendly fire At once impassioned and gracefully balanced Chancellorsville 1863 is a grand achievement in Civil War history The Civil War in the Age of Nationalism Duncan A. Campbell, Niels Eichhorn, 2024-04-10 While historians have acknowledged that the issues of race slavery and emancipation were not unique to the American Civil War they have less frequently recognized the conflict's similarities to other global events As renowned historian Carl Degler pointed out the Civil War was one among many such conflicts during the mid nineteenth century Understanding the Civil War s place in world history requires placing it within a global context of other mid nineteenth century political social and cultural issues and events In The Civil War in the Age of Nationalism Niels Eichhorn and Duncan A Campbell explore the conflict from this perspective taking a transnational and comparative approach with a particular focus on the period from the 1830s to the 1870s Eichhorn and Campbell examine the development of nationalism and its frequent manifestation secession by comparing the American experience with that of several other nations including Germany Hungary and Brazil They compare the Civil War to the Crimean and Franco German wars to determine whether the American conflict was the first modern war To gauge the potential of foreign intervention in the Civil War they look to the time s developing international debate on the legality of intercession and mediation in other nations insurgencies Using the experiences of Indigenous peoples in the Americas Africa and the Antipodes Eichhorn and Campbell suggest the extent to which the United States was an imperial project To examine realpolitik they study four vastly different practitioners Otto von Bismarck Louis Napoleon Count Cavour and Abraham Lincoln Finally they compare emancipation in the United States to that in Peru and the end of forced servitude in Russia closing with a comparison of the memorialization of the Civil War with the experiences of other post emancipation

societies and an examination of how other nations mythologized their past conflicts and ignored uncomfortable truths in the pursuit of reconciliation The Civil War in the Age of Nationalism avoids the limitations of American exceptionalism making it the first genuine comparative and transnational study of the Civil War in an international context Birth of a Legend LtCol Leon E.
