Translations from Thai Newspapers United States. Embassy (Thailand), 1959-04 **Royal Capitalism** Puangchon Unchanam, 2020-01-14 Thanks to its active role in national politics the market economy and popular culture the Thai crown remains both the country's dominant institution and one of the world's wealthiest monarchies Puangchon Unchanam examines the reign of Thailand's King Bhumibol Adulyadej or Rama IX 1946-2016 and how the crown thrived by transforming itself into a distinctly bourgeois monarchy that co-opted middle class values of hard work frugality and self-sufficiency The kingdom positioned itself to connect business elites patronize local industries and form strategic partnerships with global corporations Instead of restraining or regulating royal power white collar workers joined with the crown to form a dynamic symbiotic force that has left the lower classes to struggle in their wake Unchanam presents a surprising case study that kings and queens live long and large in cooperation with the bourgeoisie's interests and ideology **100 ปีธนบัตรไทย**, 2002 Thai banknotes from 1902 to 2002 **Knowledge-Based Intelligent Information and Engineering Systems** Vasile

Capitalism Magic Thailand Peter A Jackson, 2021-12-13 By studying intersections among new cults of wealth ritually empowered amulets and professional spirit mediumship which have emerged together in Thailand's dynamic religious field in recent decades *Capitalism Magic Thailand* explores the conditions under which global modernity produces new varieties of enchantment Bruno Latour's account of modernity as a condition fractured between rationalizing ideology and hybridizing practice is expanded to explain the apparent paradox of new forms of magical ritual emerging alongside religious fundamentalism across a wide range of Asian societies In Thailand novel and increasingly popular varieties of ritual now form a symbolic complex in which originally distinct cults centred on Indian deities Chinese gods and Thai religious and royal

figures have merged in commercial spaces and media sites to sacralize the market and wealth production Emerging within popular culture this complex of cults of wealth amulets and spirit mediumship is supported by all levels of Thai society including those at the acme of economic and political power New theoretical frameworks are presented in analyses that challenge the view that magic is a residue of premodernity placing the dramatic transformations of cultic ritual centre stage in modern Thai history It is concluded that modern enchantment arises at the confluence of three processes neoliberal capitalism s production of occult economies the auraticizing effects of technologies of mass mediatization and the performative force of ritual in religious fields where practice takes precedence over doctrine
