Neutel,2015-02-26 What did Paul mean when he declared that there is neither Jew nor Greek neither slave nor free nor male and female Galatians 3 28 While many modern readers understand these words as a statement about human equality this study shows that it in fact reflects ancient ideas about an ideal or utopian community With this declaration Paul contributed to the cultural conversation of his time about such a community The three pairs that Paul brings together in this formula all played a role in first century conceptions of what an ideal world would look like Such conceptions were influenced by cosmopolitanism the philosophical idea prevalent at the time that all people were fundamentally connected and could all live in a unified society Understanding Paul s thought in the context of these contemporary ideals helps to clarify his attitude towards each of the three pairs in his letters Like other ancient utopian thinkers Paul imagined the ideal community to be based on mutual dependence and egalitarian relationships

Legislative Calendar United States. Congress. House. Committee on Energy and Commerce, **MultiCultural Review** ,2004 **Mercy on Trial** Austin Sarat,2009-02-09 On January 11 2003 Illinois Governor George Ryan a Republican on record as saying that some crimes are so horrendous that society has a right to demand the ultimate penalty commuted the capital sentences of all 167 prisoners on his state s death row Critics demonized Ryan For opponents of capital punishment however Ryan became an instant hero whose decision was seen as a signal moment in the new abolitionist politics to end killing by the state In this compelling and timely work Austin Sarat provides the first book length work on executive clemency He turns our focus from questions of guilt and innocence to the very meaning of mercy Starting from Ryan s controversial decision *Mercy on Trial* uses the lens of executive clemency in capital cases to discuss the fraught condition of mercy in American political life Most pointedly Sarat argues that mercy itself is on trial Although it has always had a problematic position as a form of lawful lawlessness it has come under much more intense popular pressure and criticism in recent decades This has yielded a radical decline in the use of the power of chief executives to stop executions From the history of capital clemency in the twentieth century to surrounding legal controversies and philosophical debates about when if ever mercy should be extended Sarat examines the issue comprehensively In the end he acknowledges the risks associated with mercy but he argues those risks are worth taking Gender and Families Scott Coltrane,Michele

Adams,2008-05-21 When we talk about family values like whether children need two parents we are also talking about gender values because a yes answer to this question might imply that only women with husbands should have children In the same way when we talk about gender issues such as whether men should be paid higher wages than women we are also talking about family issues because a yes answer suggests that husbands should be the family breadwinner In this updated second edition of *Gender and Families* Coltrane and Adams continue to demystify the complexities and connections between gender and family in contemporary culture with discussions of race ethnicity and social class

Acts of the Apostles and the Rhetoric of Roman Imperialism Drew W. Billings,2017-07-25 Acts of the Apostles is normally understood as a historical report of events of the early church and serves as the organizing centerpiece of the New Testament canon In this book Drew W Billings demonstrates that Acts was written in conformity with broader representational trends and standards found on imperial monuments and in the epigraphic record of the early second century Bringing an interdisciplinary approach to a text of critical importance he compares the methods of representation in Acts with visual and verbal representations that were common during the reign of the Roman emperor Trajan 98 117 CE Billings argues that Acts adopts the rhetoric of Roman imperialism as articulated in the images and texts from the period His study bridges the fields of classics art history gender studies Jewish studies and New Testament studies in exploring how early Christian texts relate to wider patterns in the cultural production of the Roman Empire
